

10/2018

[illegible]

Beaufort County UCC

Minutes

May 10, 2018

- Macon Respass called the meeting to order.
- Howard Corey gave an update from NC811 (see attachment).
- River Street Networks – transferring over copper drops to their new fiber network.
- City of Washington – Electric – They are also converting some overhead lines to underground about their system. Also working on 16th street.
- Beaufort – no current projects, just routine maintenance and installing new services to customers.
- Piedmont Natural Gas – Working on US 264 (W 5th Street) from their City Gate station to the plant, installing 14,000LF of main to Maple Branch Subd.
- Tideland EMC – Osmosis is performing inspections on their existing poles and identifying poles for replacement.
- Next meeting scheduled for May 11th at 12:00pm at Fish Hooks restaurant.
- Next meeting is August 9th and Beaufort County Water will be the lunch sponsor.

NC811, March 2018: 686 Damage Events in 66 Counties

WHITE PAINT OR FLAGS ON A JOB SITE ELIMINATES GUESSWORK.

Sometimes it is difficult for excavators to relay the exact location of their dig sites to the one call center. Even clear and accurate information relayed in writing or verbally to one person may not be clear to another. With white lining, locators have excavation information on paper, and also have a clearly marked excavation area. White lining helps to avoid misinterpretation and allows for more accurate locates.
