Response

87-122 (c) (2) Confirm through positive response prior to excavation that all operators have responded & that all facilities that may be affected by the proposed excavation have been marked.

Member Response Codes

10	No conflict, utility is outside of stated work area
20	Marked
30	Not complete
32	Locate Not Complete, additional communication with the excavator required. Unable to contact the excavator.
40	Could not gain access to property, locator will contact excavator
50	Critical facility not marked, The utility owner or their designated representative have contacted the excavator and have agreed to a period that an owner representative must be present during excavation to identify the unmarked facility and/or monitor the excavation
55	Critical facility marked. The utility owner or their designated representative have contacted the excavator and have agreed that an owner representative must be present during excavation
60	Locator and excavator agreed and documented marking schedule
70	Excavator completed work prior to due date
80	Member's Master Contractor is responsible for locating facilities
90	SURVEY DESIGN REQUEST - Facility Has been Marked in the Field
92	SURVEY DESIGN REQUEST -No Facilities in the Area
94	SURVEY DESIGN REQUEST - Facility Records Provided
98	SURVEY DESIGN REQUEST - Access to Facility Records Provided
100	Location request denied due to Homeland Security Concern. Member utility operator needs to confirm legitimacy of the proposed excavation and may need additional information.
110	Subaqueous Facilities Present. Member utility owner will locate facilities within 10 full working days.
888	Extraordinary Circumstances Exist. Member utility owner unable to complete location request until (Date / Time).
999	Member has not responded by the required time

Destroyed Marks & 3 Hour Tickets

DESTROYED MARKS
If locate marks have been destroyed, the excavator must contact NC811 to issue a Destroyed Marks ticket requesting a remark of the area from the original ticket.
A 3 Hour Ticket should not be used in case of destroyed marks.

3 HOUR TICKET
If an operator fails to respond to the positive response system, the excavator may proceed if there are no visible indications of a facility at the proposed excavation or demolition area, such as a pole, marker, pedestal, meter, or valve. However, if the excavator is aware of or observes indications of an unmarked facility at the proposed excavation or demolition area, the excavator shall not begin excavation or demolition until an additional call is made to the Notification Center detailing the facility and an arrangement is made for the facility to be marked by the operator within three hours from the time the additional call is received by the Notification Center.

Bad Weather Driving Tips

- Inspect their vehicles before departing. Check tires, lights, turn signals, wipers, windows, defroster, mirrors and loads. Report defects to the mechanic and have them repaired before you go on the road.
- Keep windows and lights clean and clear of dirt, snow, and ice.
- Use wipers, defrosters, and headlights to improve your visibility day or night. Headlights also help other drivers see you.
- Avoid distractions, such as cell phones or radios.
- Watch out for puddles and icy patches that could cause hydroplaning or skids.
- Do not attempt to drive through deep puddles. You could get stuck or wet the brakes.
- Avoid quick or sudden stops or turns.
- Increase your stopping distance.
- Wear your seat belt at all times and require passengers to do the same. There is no time for mistakes during bad weather. Bad weather affects all drivers. You must stay alert. Watch out for the other drivers, too. Drive defensively!

You can get a PDF copy of this presentation on www.ncucc.org

Use the UCC Issues form to voice your concerns to both local and state level UCC meetings in North Carolina. Available on both the NCUCC website and the NC811 app.

Blue Ridge UCC Meeting

Piedmont Natural Gas Hickory Office

Hickory, NC

February 20th 2019

Attendance Sheet Attached.

Meeting started at 10:03 AM

Brian Morehouse opened up the meeting by greeting everyone

Introduction of all in attendance

Brian Morehouse- Western Region Education Liaison, opened the meeting by seeing if there were any issues that needed to be addressed. He reminded the group to always reach out to him with any issues that they may be having, need a ticket # and a brief explanation given on the problem that they are having.

Brian Morehouse went over the stats for the area (presentation will be on our website). Show a show video of the NC811 Year in review. As we all know 2018 was a very busy year for all, the video showed the many things that NC811 was involved in.

The stats for the area showed that there was a 23% increase in ticket volume for the Month of January. Very busy Month. Weather had been good and everyone agreed that their workload had increased.

Safe Winter driving tips was discussed with the group. Again this month the group was told how to download the NEW 811 App on their phone or tablets. A slide within our presentation talked about Damage Contacts and how to be able to use that from the App or by going to our NC811 website, nc811.org

It was mentioned to the group if anyone is interested in Pipes Plus Training, to please let Brian Morehouse know and NC811 will schedule a date and time to come out an do this class. You can have from 5 people to 100, NC811 will be able to accommodate all.

Tee- Shirts will be for purchase off of the NC811.org website. The cost for a shirt will be $4.20 per shirt. They will come in two colors, blue and green with the 811 logo on the front and a brief message on the back. Deadline to order in February 28th 2019

Open Table- Discussion about locates within the area.

Old Business- NONE

New Business-

Town of Newton- downtown Project continues.

NCDOT-Widening of Hwy 16, 321 Extension to US 70, Bridgewater project, new intersection, Hwy 16 continues,150 Mooresville to Lincolnton, 5 phases, Hwy 10 to 70 4 lanes,

Williams Gas Pipeline- Resurface projects continue
