

Minutes –Burke / Caldwell Counties - NC 811 Meeting

November 14, 2017

Present:

Ralph Johnson – Brentwood Water
Robert Turner – Brentwood Water
Troy Houser – Brentwood Water
David Perkins – Brentwood Water
Roger Lowery – Brentwood Water

David Poore – West Consultants
Shane Stines – City of Morganton
David Perkins – Brentwood Water
Doug Suttles – Suttles Surveying
Josh Stigler – USIC

Meeting was called to order by President, Ralph Johnson. Robert Turner of Brentwood Water Corp. offered a prayer of blessings on the meeting and meal.

Mark Schuman is no longer working with NC811 UCC. Ann Rushing will be our contact for the near future. She can be reached **(Cell) 226.944.5518**. A posting for the position previously held by Mark is on the NC 811 UCC Website. If you know of possible candidate, please contact Ann with that information. The hope to have a new person in place by January 2018.

The presentation was previously sent out by Robert Turner he asked everyone to review the of NC 811 PowerPoint Presentation.

Round-table Discussion Time:

Josh Stigler – USIC: Told the group that today’s meeting was his last meeting. His company is transferring him to Pennsylvania beginning Monday, November 20th.

Josh reported that because of the upcoming holidays, that locates are down a little. He says that they have been able to keep up with the current volume. He also reported that someone will be replacing him in this position. He is going to send the contact information to the secretary, so they can be included in future distributions of information.

Doug Suttles - Suttles Surveying: Still doing a lot of commercial and contract type work. They have been working on an Assisted Living Complex off East Parker Road in Morganton. Their work continues the Hampton Inn project in Black Mountain.

David Perkins - Brentwood Water: Still have some leakages to deal with. The leaks are slowing down a little. We are still selling new water taps. Currently working with the NC DOT on replacements of guard railing on many highways in the county. This is creating a lot of work in trying to keep this project for damaging their systems pipelines.

Recently Brentwood Water Corp was working on a water line leak on the Jamestown Road. This project had been located by USIC. They failed to locate a fiber optic line, in which was

almost cut during the digging process. Had it not been for the warning tape buried above the line, there would have been a major cut in this fiber line. This situation was reported to NC811.

David Poore – West Consultants: Currently working on major water line replacement projects for the Town of Rutherford College. Also working on projects in Surry County.

Tom Chapman – REMC: Recently held their annual membership meeting. It was very well attended. The Morganton Office of REMC is in the process of building new offices on Carbon City Road, in Morganton. These new offices will be an addition to their current facilities. REMC experienced some damages in the Hwy 18 South for recent Tornados passing through the area. They had to replace 76 poles and lines.

Remember to visit the NC811 website for very informative information. www.ncucc.org.
A link to the presentation is also on the website.

Our next meeting will be held again on Tuesday, December 12, 2017 at 12:00 noon at the Timberwood Restaurant in Morganton. Hope to see you next month!!
