

Cumberland County Utility Coordinating Committee

Minutes of February 7th, 2019

Meeting Location:

PWC Operations Center – Water Construction Conference Room

955 Old Wilmington Rd, Fayetteville, NC 28301

Kenny Hart called the meeting to order and welcomed everyone.

Members present:

Kenny Hart	PWC – Water Resource Construction
Howard Corey	NC811
Fred Thompson	City of Fayetteville
David Norman	City of Fayetteville
Marc Tunstall	PWC – Electric Construction
Joe Kulwicki	Southeast Connections
Ryan Smith	Piedmont Natural Gas
Tracy Maddox	Piedmont Natural Gas
Michael Sealey	Piedmont Natural Gas
Craig Morris	Spectrum
Randall Smith	Spectrum
Jeromy Braid	CenturyLink

Member Project Discussions:

Howard Corey with NC811 presented his narrative with important information such as:

- Ticket volume for Cumberland County statistics.
- Went over who to talk to when a utility is damaged & also went over how the ticket and the white lining should match.
- Bad weather driving tips.
- Went over the upcoming dates for board & state meetings.

I have attached Howard's narrative for your reference.

Tracy Maddox with Piedmont Natural Gas stated they are working on Phase 10 of Cypress Lakes. They are also working on line replacements (20' or less) on Forest View Drive, N. Platte Road, and Granger Place.

Ryan Smith with Piedmont Natural Gas stated they are working with NCDOT on a line relocation project on Louise Street. They are also working on a line retirement at MLK & Ramsey Street. A few retirements are also possibly coming up for Maiden Lane & Ray Avenue. He also stated the project for a gas line at the new ball field was approved.

Michael Sealey with Piedmont Natural Gas stated that PRG is handling all of their damage claims as of 2/1/19.

Joe Kulwicki with Southeast Connections stated that they will be done with the gas main installation on Raeford Road tomorrow then they will be working on the laterals.

Craig Morris & Randall Smith with Spectrum stated they are working in Bethany Farms in Stedman and Centinals in Cedar Creek.

Marc Tunstall with PWC Electric Construction stated they are still working on the new ball field. They are also working on pole replacements on Murchison Road.

Kenny Hart with PWC Water Resources Construction stated the City of Fayetteville paver replacement project on Hay Street has been completed.

The next Cumberland County Utilities Coordinating meeting will be held on **Thursday, March 7th, 2019.**

Cumberland County

February 2019

Blue Ridge Mountains, North Carolina

NC811 Board Meeting – Jan. 2019

Lyman Horne Receives
the Ray Killough Award

NC811 Open House – Jan. 2019

A sunset over a mountain range with the year 2018 overlaid in large white text. The sun is low on the horizon, casting a warm glow across the sky and mountains. The sky transitions from a deep blue at the top to a bright orange near the horizon. The mountains are silhouetted against the bright light of the setting sun. The overall scene is peaceful and scenic.

2018

what a great year!

A business analyst in a dark suit and red tie is pointing towards a central blue hexagonal graphic. The background is a dark blue grid of hexagons with various business-related icons. The top and bottom of the image have solid blue bars.

87-122 (c) (2) Confirm through positive response prior to excavation that all operators have responded & that all facilities that may be affected by the proposed excavation have been marked.

Member Response Codes

- 10 No conflict, utility is outside of stated work area
- 20 Marked
- 30 Not complete
- 32 Locate Not Complete, additional communication with the excavator required. Unable to contact the excavator.
- 40 Could not gain access to property, locator will contact excavator
- 50 Critical facility not marked, The utility owner or their designated representative have contacted the excavator and have agreed to a period that an owner representative must be present during excavation to identify the unmarked facility and/or monitor the excavation
- 55 Critical facility marked. The utility owner or their designated representative have contacted the excavator and have agreed that an owner representative must be present during excavation
- 60 Locator and excavator agreed and documented marking schedule
- 70 Excavator completed work prior to due date
- 80 Member's Master Contractor is responsible for locating facilities
- 90 SURVEY DESIGN REQUEST - Facility Has been Marked in the Field
- 92 SURVEY DESIGN REQUEST -No Facilities in the Area
- 94 SURVEY DESIGN REQUEST - Facility Records Provided
- 98 SURVEY DESIGN REQUEST - Access to Facility Records Provided
- 100 Location request denied due to Homeland Security Concern. Member utility operator needs to confirm legitimacy of the proposed excavation and may need additional information.
- 110 Subaqueous Facilities Present. Member utility owner will locate facilities within 10 full working days.
- 888 Extraordinary Circumstances Exist. Member utility owner unable to complete location request until (Date / Time).
- 999 Member has not responded by the required time

Destroyed Marks & 3 Hour Tickets

DESTROYED MARKS

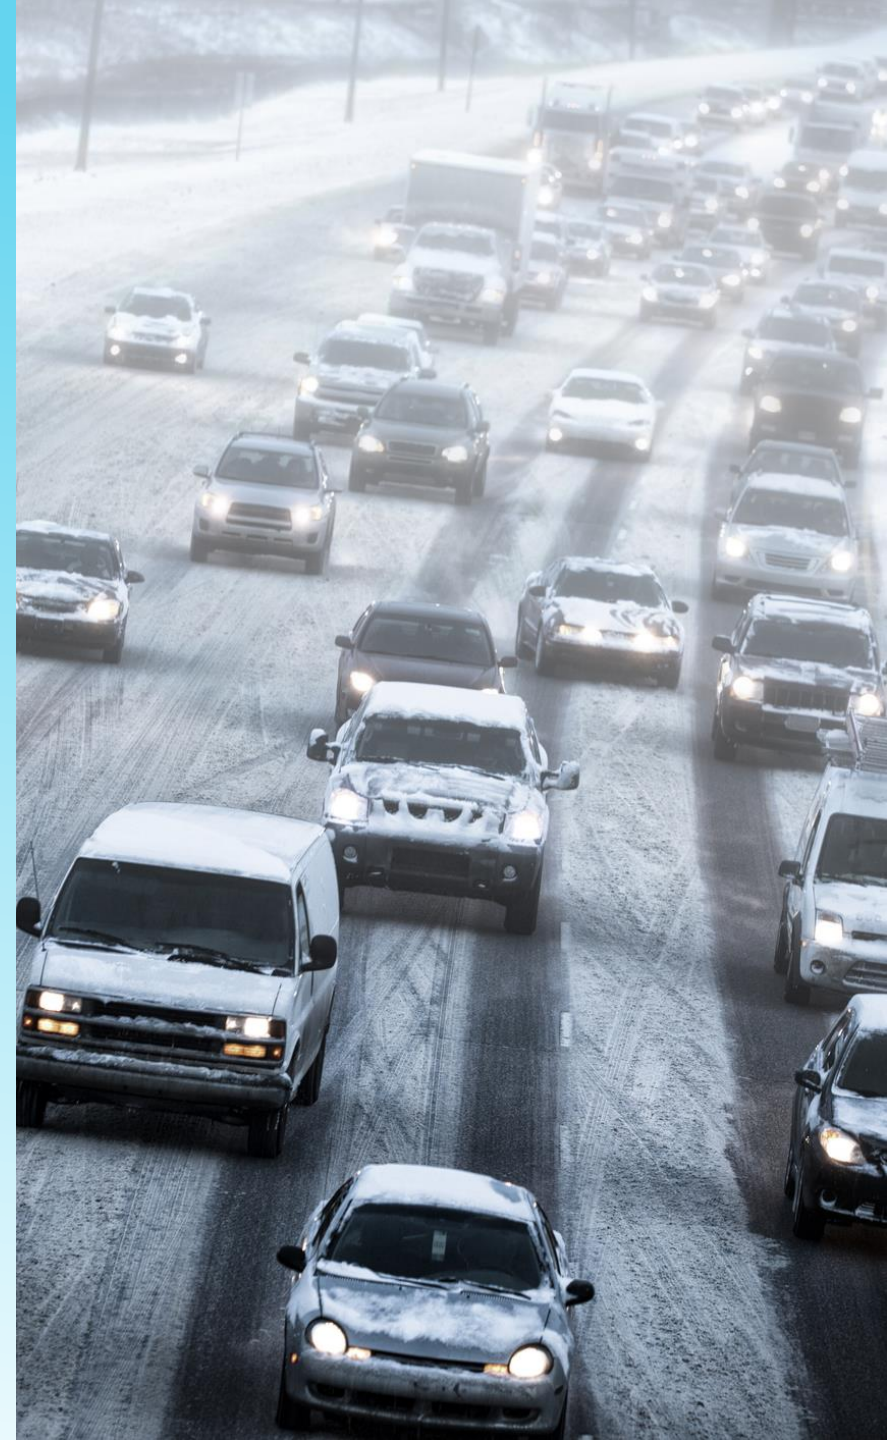

If locate marks have been destroyed, the excavator must contact NC811 to issue a Destroyed Marks ticket requesting a remark of the area from the original ticket. A 3 Hour Ticket should not be used in case of destroyed marks.

3 HOUR TICKET

If an operator fails to respond to the positive response system, the excavator may proceed if there are no visible indications of a facility at the proposed excavation or demolition area, such as a pole, marker, pedestal, meter, or valve. However, if the excavator is aware of or observes indications of an unmarked facility at the proposed excavation or demolition area, the excavator shall not begin excavation or demolition until an additional call is made to the Notification Center detailing the facility and an arrangement is made for the facility to be marked by the operator within three hours from the time the additional call is received by the Notification Center.

Bad Weather Driving Tips

- Inspect their vehicles before departing. Check tires, lights, turn signals, wipers, windows, defroster, mirrors and loads. Report defects to the mechanic and have them repaired before you go on the road.
- Keep windows and lights clean and clear of dirt, snow, and ice.
- Use wipers, defrosters, and headlights to improve your visibility day or night. Headlights also help other drivers see you.
- Avoid distractions, such as cell phones or radios.
- Watch out for puddles and icy patches that could cause hydroplaning or skids.
- Do not attempt to drive through deep puddles. You could get stuck or wet the brakes.
- Avoid quick or sudden stops or turns.
- Increase your stopping distance.
- Wear your seat belt at all times and require passengers to do the same. There is no time for mistakes during bad weather. Bad weather affects all drivers. You must stay alert. Watch out for the other drivers, too. Drive defensively!
