Roundtable Discussions were as follows:

Doug w/ PRG covered a damage by someone with the city about a pedestal that was run over and no one knew who was responsible but Doug found out that someone with the City had hit it while unloading pipe from a trailer and they attempted to report it or get a contact number through 811 and was told they could not help with this type of info, Jeff Bartley did ask they Doug get the date and time so this could be further looked into.

Mike Ross with the City of Durham who has taken Mike Covington's job and can be reached at Mike's old phone number discussed properly handling private utilities and the new web based permitting program.

Mike Ross discussed they have a new employee Elizabeth Garvey and also Dalton Echols will be the ones to go out onsite and Mike will be bringing one more person on soon. City is trying to handle the permits as they come in goal is 15 days will try to get sooner.

Mike Ross talked about requirements for getting a permit and if you do not comply you could get a "stop work" type citation.

Mike Ross would like for everyone to please notify the homeowner because just getting a permit does not give you permission to dig on someone's property please notify them before you dig.

Mike Ross said there is not a permit fee a questions asked by Doug w/ PRG. Mike says they are going away from a email system and onto a web based program.

Dalton Echols said if someone needs help getting onto the new system they can call him and he can walk you through setting up a profile and getting an invitation sent to your sister company you may be working for or under.

Ken Knighton said its pretty easy to use and should be easy to learn.

Special thanks to PSNC for lunch today! Merry Christmas & Happy New Year!

Next meeting will be Feb. 14th at 11 a.m. See you on Valentine's Day!
