Discussion:

Parrish Reddick presented the NC811 report. Overall locate tickets were up 14.9% from last year. Harnett County had a .3% increase in locates and Johnston County had a 13.6% increase. 3 hour tickets have gone up dramatically, they increased 328% this July compared to last July in Harnett County and 168.8% in Johnston County. Parrish discussed the symptoms and treatments for Heat Exhaustion and Heat Stroke. Per Parrish there are changes to House Bill 872 that go into effect on October 1, 2019. A few of the changes include how violations are reported, how often the dimensions of the pipe are marked and how 3hrs. tickets are entered. The Board will meet on October 18th at Wrightsville Beach and there will be a Mock Line Strike in Concord on October 2nd.

Butch with NCDOT mentioned that even when they call in a 3 hour ticket, they are still not receiving a positive response. Thornton's Plumbing said they are getting a lot of responses that say "locator and excavator have agreed" but they have not received any calls. Michael with J F Wilkerson said they have started billing for the administrative cost and crew and truck idle time while waiting for a response. Andrew with SREMC recommended that we contact the utility if we are not getting responses from their locate companies. Someone mentioned that some companies are screening their locate tickets but are using out of date maps.

It was also mentioned that the utilities should put a line in their contracts that states that the contractor must attend a few UCC meetings a year, this would give them valuable contacts. It would also be nice to see a representative from the locate companies and some of the other utilities at the meetings.

Andrew reminded everyone that communication is key in getting lines located and he adjourned the meeting.

NEXT MEETING: September 17, 2019, 12 PM at Holt Lake BBQ in Smithfield
