## Discussion

Jeff Bartley presented the NC811 report. Locate requests for Harnett County were up 24.7% from last year and in Johnston County they were up 17.2%. Overall locate requests year to date were up 2.7% from 2016. Lillington had the most locate requests in Harnett County and Clayton had the most in Johnston County. For the 2<sup>nd</sup> Quarter of 2017, there were 1,773 damages reported in 78 counties. Jeff's presentation included 10 Rules for Workplace Safety. NC811 and PSNC Energy are sponsoring a Durham Bull's game and an Asheville Tourists game on August 11<sup>th</sup>. NC811 and PNG are sponsoring a Charlotte Knights game on August 17<sup>th</sup>. The full NC811 report is attached to these minutes.

Jeff mentioned that the tolerance zone is 24 inches and if your facility is greater than 4 inches the law says that you have to put the diameter of that facility every 25 feet in the locate area. Tim with Town of Clayton asked if he had to specify when locating lines if it is a gravity or force, Jeff said you just have to specify the diameter. He also reminded everyone that once you put the diameter the tolerance zone is bigger due to the larger diameter.

Tim with Town of Clayton said that currently their locate tickets come to office personnel; they have power and water/sewer but it comes in as one locate ticket. Due to this they create 2 work orders so that the 2 divisions can locate their facilities but NC811 only allows one positive response. He asked if they could receive 2 tickets in the future, it was discussed that they would probably have to have 2 member codes but Jeff will check on it. Tim asked if having 2 member codes would incur additional charges, Jeff will also check on this and get back to Tim.

Tim also asked what other utilities do if they pull up to do a locate, within the 3 day waiting period, and the excavator is already working. Jeff recommended that you call the company and nicely explain that their crews are already working and the 3 working day notice was not expired and there was not a positive response. There was also discussion that if there was a positive response, but the excavator saw evidence of a facility that was not marked, they need to call NC811 again. It was also recommended that you should take photos that are timestamped when you see this, it could help if there is a damage dispute.

Andrew adjourned the meeting and thanked everyone in attendance.

# A Safety Moment

A poster with a teal background and a yellow banner at the top. The banner contains the text "10 RULES FOR WORKPLACE SAFETY" in bold, sans-serif font, with "10" in red and "RULES FOR WORKPLACE SAFETY" in black. Below the banner is a silhouette of a worker wearing a yellow hard hat and an orange safety vest, with thumbs up. To the right of the silhouette is a list of 10 rules, each numbered in a yellow box. A small vertical copyright notice "© iStockphoto.com" is visible on the left side.

## 10 RULES FOR WORKPLACE SAFETY

- 1 You are responsible for your own safety and for the safety of others.
- 2 All accidents are preventable.
- 3 Do not take short cuts. Always follow the rules.
- 4 If you are not trained, don't do it.
- 5 Use the right tools & equipment and use them in the right way
- 6 Assess the risks before you approach your work.
- 7 Never wear loose clothes or slippery footwear.
- 8 Do not indulge in horseplay while at work.
- 9 Practice good housekeeping.
- 10 Always wear PPEs.
