Safety Tips for working outdoors this summer

DRINK UP

Thirsty or not, drink plenty of water – a cup every 15 to 20 minutes. Avoid caffeine or alcohol which can dehydrate you.

ACCLIMATIZE

It takes time to adjust to working in heat. Work with your supervisor to gradually increase your work load and heat exposure.

Safety Tips for working outdoors this summer

COVER UP AND PROTECT

Wear light, loose-fitting clothing, UV rated sunglasses, and a wide-brim hat. Apply sunscreen with a Sun Protection Factor (SPF) of at least 30 and UVA / UVB protection. Re-apply every 2 hours and after sweating.

SHIELD FROM SUN

Set up shade structures or use umbrellas, buildings, or trees to shield you from the rays of the sun. You can get sunburn on a cloudy day.

Safety Tips for working outdoors this summer

TIME IT RIGHT

Try and avoid the sun and strenuous tasks between 11:00 a.m. and 4:00 p.m. when the sun's rays are strongest.

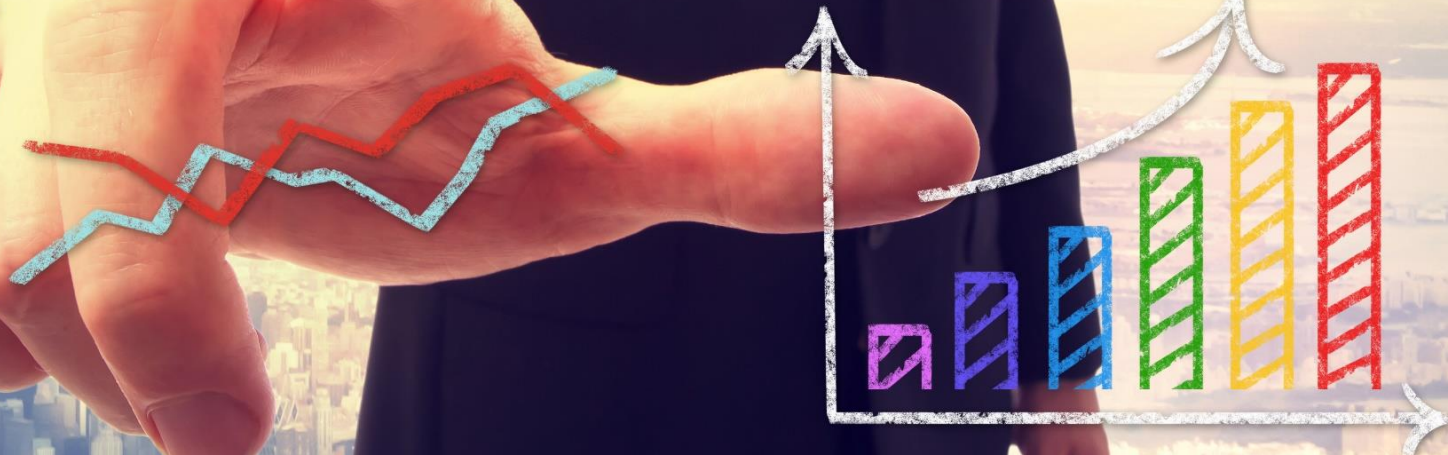

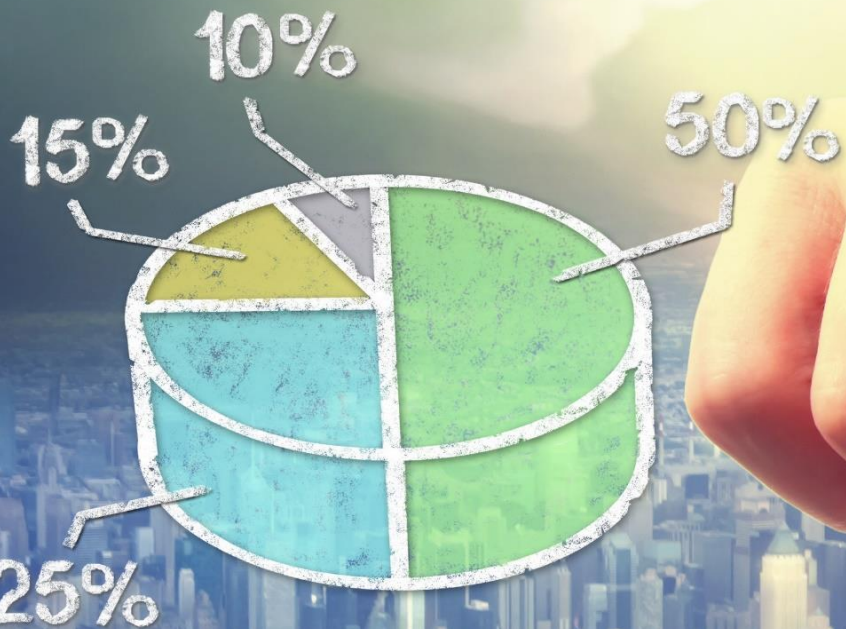

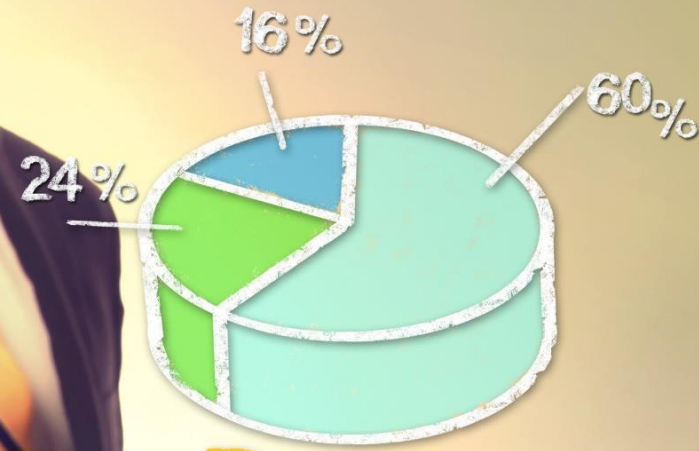

COOL OFF

Take breaks to rest and cool off in the shade or in air-conditioned buildings or vehicles. Don't over-exert yourself.

Old Business—Went over how contractors are not white lining and the need for them too.

New Business-USIC—Flag poles being installed in an HOA subdivision. Settle. Numerous tickets were called in the month of May where contractor called in numerous house not in a row and not within the 1,320 'and didn't white line so the locator had to locate entire property. Stated we will see this issue again in July. Asked for ticket #'s to research this issue.

Iredell Water Works- Major projects being done throughout the county. Having issues with going out on site and having to call in (3) hour locates due to lines not being marked and clear evidence that there are facilities in the area. Asked for Ticket #'s to research this issue.

PSNC Energy- Maint work and retirements throughout the Mooresville area.

Brian Morehouse- NC811- Gave the Presentation "June is National Safety Month".

Went over the importance of staying hydrated and looking out for yourself by protecting yourself from the heat and sun. Pace yourself with you work, use 30 SPF, and time your work as needed, the heat is at its worst from 11Am to 4 PM, Take breaks and drink water every 15 to 20 minutes. Safety First
