

## Meeting Minutes

3/7/2017 12:00 PM

### Called to Order & Welcomed Guests

- Andy Perkinson called meeting to order @ 12:15 PM
- Approval of agenda

### Introductions

### Old Business

- Safety Moment – 2 people were killed going into a confined space in a storm drain. If you see someone passed out in a confined space, please do not go in after them. Call for help or the same thing could happen to you.
- Allen Construction is back in business but so far no bad news.
- Franklin Co phase 2 sewer project is coming with a 180 day contract.
- 401 HWY project is about to begin.
- A Plus Communications locates have not been very clear and they will not white line.
- 811 is celebrating 75 years

### New Business

- Safety Moment – USIC locator was hit by a car in February by a vehicle. He was walking towards vehicle so he saw it coming so thankfully he wasn't hurt bad. It is very dangerous in construction areas, people are not paying attention.
  - Snakes and ticks are out
  - Grass is getting dryer and taller. Be mindful of trucks sitting and running on grass, the heat could cause grass to catch on fire.
- There have been several instances where there are several orange marks located 2' apart when a locator is unsure of where line is. Locators need to hook direct and make sure of marks. Greg Ellington is the USIC supervisor for this area. Tony M has contact info if needed.
- If locators hold tickets until they are ready to locate please do not ask for a new ticket to be called in just because the locator did not locate it at that time. It costs money each time a ticket is generated.
- City of Oxford does not have a locator position at this time. If locate needed please call Scott Peckat 919-691-2003. Short of help.
- 811 PPP is attached. April is national safe digging month\*\*
