Meeting Minutes

10/3/2017 9:00am

Called to Order & Welcomed Guests

- Don Griesedieck called meeting to order @ 9:00am
- Approval of minutes from last meeting

Old Business

- Safety moments: Make sure you do your 360 walk around, you never know when kids or animals could be around or under your truck
- New projects: PSNC Energy will be running about a mile and a half of pipe on Lawrence Rd and 8-10,000' of pipe in Ironwood. Duke Energy has completed Ironwood, Winston Ridge and Patterson Woods to be done. DOT – HWY 85 ongoing project.
- There are some contractors working without waiting for locates to be done. As long as positive response is cleared either before the 3 working days, or the 3 working days are up you should be able to begin work. If there are known contractors working before tickets are cleared please let Jeff Bartley know and he will be glad to give them a courtesy call.
 - Same contractor has caused damage in the same subdivision twice. Not working safe.
- Build relationships to co-exist and work together.
- 811 PPP is attached.

New Business

- Safety moments: Be mindful of exhaust from vehicles catching dry grass on fire
 - Be cautious when approaching hills, intersections, etc, the sun can be blinding at times.
 - October is fire safety month in NC, change batteries in fire detectors, etc
- AT&T is back in Raleigh area
- USIC is hiring about 60 people over the next couple of months
- DOT has an ongoing 4 lane project on HWY 401
- PSNC has an ongoing 12" steel job on Lawrence Rd
- Just because an emergency locate is called in, by law utilities still have 72 hours to locate. If an emergency is called in locators determine if it is a true emergency and or call each other. UCC meetings are important for building relationships for this reason.
 - Destroyed marks are still allowed 72 hours for locating. If an area is unmarked call in a 3 hour ticket ****3 hour tickets are not to be used for destroyed marks****
- 811 PPP is attached.
