

## Safety Tips for working outdoors this summer

#### **DRINK UP**

Thirsty or not, drink plenty of water – a cup every 15 to 20 minutes. Avoid caffeine or alcohol which can dehydrate you.

#### **ACCLIMATIZE**

It takes time to adjust to working in heat. Work with your supervisor to gradually increase your work load and heat exposure.

## Safety Tips for working outdoors this summer

#### **COVER UP AND PROTECT**

Wear light, loose-fitting clothing, UV rated sunglasses, and a wide-brim hat. Apply sunscreen with a Sun Protection Factor (SPF) of at least 30 and UVA / UVB protection. Reapply every 2 hours and after sweating.

#### SHIELD FROM SUN

Set up shade structures or use umbrellas, buildings, or trees to shield you from the rays of the sun. You can get sunburn on a cloudy day.

## Safety Tips for working outdoors this summer

#### TIME IT RIGHT

Try and avoid the sun and strenuous tasks between 11:00 a.m. and 4:00 p.m. when the sun's rays are strongest.

#### **COOL OFF**

Take breaks to rest and cool off in the shade or in air-conditioned buildings or vehicles. Don't over-exert yourself.
