**LSAW**  
Locator Safety Awareness Week

## Locator Safety Awareness Week April 22 – April 28

Established in 2014 by Infrastructure Resources and endorsed by Nulca, LSAW addresses the need to keep our locators safe on the job. Take the opportunity during this week to acknowledge the locators you work with and let them know how much you appreciate the difficult, challenging, and sometimes dangerous work they do protecting our underground utilities.

**#LSAW**

Use the UCC Issues form to voice your concerns to both local and state level UCC meetings in North Carolina. Available on both the NCUCC website and the NC811 app.

Mecklenburg County UCC  
April 2018

Meeting opened by Chair, Roger Richards at 10:08 am.

Self-introductions were made around the room.

Shuhurah Lee with City of Charlotte gave Level 1 safety.

Don Canipe with the City of Charlotte welcomed us to the City facility.

Tami Stout gave NC811 presentation. (For a copy of the presentation, minutes, and roster, see the [NCUCC.org](http://NCUCC.org) website and click on Mecklenburg County)

Piedmont Natural Gas updates their maps every 30 days. You can update as often as possible. It is imperative that maps are updated to keep underground utility lines from being struck. City of Charlotte updates depend on when they get the information.

City of Charlotte water lines over 16" are considered critical facilities.

It is important that codes be entered correctly. Emergency tickets for actual emergencies, three-hour tickets, and destroyed marks tickets are all different types of tickets.

If a job is complete, there is no reason to update the ticket.

Take photos/videos to protect yourself. Be as specific as possible when entering your information.

Next meeting is May 30, 2018. We will meet at a City of Charlotte facility.
