# Your Marks Matter

Accurate locate marks can prevent service disruptions, fines, personal harm and other unintended damages.

**LSAW**  
Locator Safety Awareness Week

## Locator Safety Awareness Week April 22 – April 27

Established in 2014 by Infrastructure Resources and endorsed by Nulca, LSAW addresses the need to keep our locators safe on the job. Take the opportunity during this week to acknowledge the locators you work with and let them know how much you appreciate the difficult, challenging, and sometimes dangerous work they do protecting our underground utilities.

**#LSAW**

# April is Distracted Driving Awareness Month

Every seven seconds someone is injured in a car crash and every 15 minutes someone is killed in one. Employers absorb costs associated with these crashes whether they occur on or off the job. Workplace policies and employee education can help protect your employees, your organization and your community.

## 93 Year Old Max Chapman Still Supporting Damage Prevention

NC811 recognized Max Chapman as a Damage Prevention Ambassador at the Burke Caldwell Utility Coordinating Committee Meeting on Tuesday, March 12th . Mr. Chapman is 93 years young, but does not let that stop him from being a vital part of his local UCC. Ann Rushing, Education Manager stated, “Mr. Chapman is an inspiration to us all. He has spent his entire life giving back to the community and does not let anything stop him from continuing his service. He richly deserves the great distinction of being a Damage Prevention Ambassador”.

to both local and state level UCC meetings in North Carolina.  
Available on both the NCUCC website and the NC811 app.*

Mecklenburg County UCC Meeting  
April 2019

Meeting opened at 10:04 by Chair, Roger Richards,

Level One Safety given by William Abernathy, Piedmont Natural Gas.

April is National Safe Digging Month and April 22-27 is Locator Safety Awareness Week.

NC811 presentation given by Tami Stout.

We discussed locate ticket statistics and the average request plus updates. Make sure you talk with your contractors to determine that they are not updating unnecessary tickets or calling in projects too far in advance that will have them updated numerous time prior to permit issuance or before the work begins.

Ann spoke about the possibility of going to a project ticket (30 day). Everyone give this thought and come back next month to discuss.

Enhanced remote ticket entry or RTE will be able to give more information to everyone who participates. You will have the ability to add maps/photographs.

Survey tickets do require a response. As discussed previously, the utility provider is responsible for indicating utility presence in one of three ways; by marking in the field, by providing maps, or by providing access to maps.

The Piedmont/Duke live line strike was a successful event. Ronya & Dan are very appreciative of everyone who attended.

Piedmont Natural Gas had over seventy damages for March. City of Charlotte had twenty, eleven water service hits, six mains, and three sewer. Blythe had six damages.

Piedmont Natural Gas has a plan in place to help with the influx of three-hour tickets.

We discussed creating a spreadsheet with local supervisor names to keep from have to call district managers. Tami Stout will be emailing and asking for names and information.

Next meeting will be May 29. Location to be determined.
