LSAW
Locator Safety Awareness Week

Locator Safety Awareness Week April 22 – April 27

Established in 2014 by Infrastructure Resources and endorsed by Nulca, LSAW addresses the need to keep our locators safe on the job. Take the opportunity during this week to acknowledge the locators you work with and let them know how much you appreciate the difficult, challenging, and sometimes dangerous work they do protecting our underground utilities.

#LSAW

April is also Distracted Driving Awareness Month

Every seven seconds someone is injured in a car crash and every 15 minutes someone is killed in one. Employers absorb costs associated with these crashes whether they occur on or off the job. Workplace policies and employee education can help protect your employees, your organization and your community.

Safety- It is tornado season. Be safe driving during a storm. If possible, pull your vehicle over in a safe area.

NCDOT- updated projects. Everything remains the same as in previous meetings with the exception of 1) Bridge 63 on Hwy 22 near Hightalls has let. Will start work next week. 2) Mid-block cross waiting on the Town of Aberdeen to sign encroachments.

Greg Stevens spoke about the importance of communication. Email and texting are fine, but if you have not heard from someone after an email or two or a text, pick up the phone and call. In this line of business, it is imperative that we communicate.

Dixie Pipeline- Business as usual.

There will be no meeting in May due to the NC/SC Joint UCC Conference in South Carolina.

We will reconvene in June.
