Moore County UCC Meeting
September 2019

Meeting opened by Chair, Jamie Yow.

Welcome and self-introductions.

Reviewed minutes from previous meeting.

Safety minute-

With hurricane tracking toward us-one inexpensive way to get light when the power goes out is to purchase solar lights from a dollar store. Safer than candles. Also, fill Ziploc bags with tap water and store in a plastic tub.

NCDOT-

Several projects have been either delayed or cancelled due to budget issues. Partially because of pending reimbursements for past hurricane repairs. The roundabout on NC 2/22 has been completed as of August 30 and is now open. So far, feedback has been good. Bridge 63 over Buffalo Creek on NC22 near Highfalls is in progress. Metal deck pans are going in at this time. Work is on schedule. NC211 in West End scheduled for 2020 can move forward with the demolition of the Stanley Furniture Plant.

Moore County-

Two projects will be starting. Golf course in Pinehurst. Water line East Moore Phase 4 water line installation going out for bid soon. Other projects in the planning process. Lot of developer projects (subdivisions).

Dixie Pipeline-

Right of way mowing that will last at least four months through December. Will mow the entire pipeline-over one thousand miles. There is a lot of work going on at the Apex terminal.

Utility Locating R & F-

First time at the UCC meeting. Will be happy to provide locating services.

NC811 presentation given by Tami Stout.
