Level One Safety Protocol message given by Ted Cagle.

NC811 presentation given by Tami Stout.

If there is an environmental issue on PNG/Duke Energy property, please make PNG/Duke representative aware so they can do a cleanup.

Piedmont Natural Gas-

Rockingham-Eason Road by River Road upgrade at Cascade Tissue. Entwhistle-waiting on a NCDOT encroachment. There will be 31 miles of 30" from Hamlet to Pembroke on Hwy 710. Troy Construction will be the contractor for PNG.

New station on Sandhill Road going to remove the old station and retire a transmission line. Scattered service work in Moore County. 10/12 houses going on in Hamlet. Doing a number of retirements in Rockingham. Scattered services, lot in Moore County.

One issue that Mastec is encountering (contractor for PNG) not getting positive responses.

PNG may run 8" to wood product plant. In review process right now.

NCDOT-

Highway 1 project is ongoing. Have three bridge replacements. Green Street project unknown status. Maintenance is still ongoing.

Windstream-

No projects in Richmond County right now.

PeeDee Electric-

At the racetrack, line is AT&T, not Windstream. Pole relocations and retiring lines for 30".

Cablehound-

No problems at this time.

\*If you knock pipe dope off of steel lines, please let Piedmont Natural Gas know so they can make repairs. PNG needs to make the repair, not another agency. Please call and let them know.
