LSAW
Locator Safety Awareness Week

Locator Safety Awareness Week April 22 – April 27

Established in 2014 by Infrastructure Resources and endorsed by Nulca, LSAW addresses the need to keep our locators safe on the job. Take the opportunity during this week to acknowledge the locators you work with and let them know how much you appreciate the difficult, challenging, and sometimes dangerous work they do protecting our underground utilities.

#LSAW

April is also Distracted Driving Awareness Month

Every seven seconds someone is injured in a car crash and every 15 minutes someone is killed in one. Employers absorb costs associated with these crashes whether they occur on or off the job. Workplace policies and employee education can help protect your employees, your organization and your community.

Brian Morehouse started the meeting off by showing a quick video to the group, "April is Safe Digging Month" Brian Morehouse passed shirts out to those that ordered them. He then went over the stats for the area with YTD, March 2018/2019, County Ticket Volume, RTE information. Also gave out information on how to become an RTE user and a Safe Digging Partner. USIC- New Supervisor Jeremy Hussey- Introduced himself to the group and passed out his cell # to all for them to contact him if needed for any issues. Very good things said about his locating team in the area.
