

## Minutes June 6, 2018

Call to Order by Samuel Gonzales

- Welcome
- Introductions – Guest speaker Ann Rushing with NC811
- 1<sup>st</sup> time attendees: NC State Utilities and Ann Funderburke W/LPAC

June is National Safety Month

Tami Stout: Safety Tips for the heat:

- Drink up – drink a cup of water every 15-20 mins
- Acclimatize – adjust to working in the heat
- Cover up and protect yourself
- Shield yourself from the sun as much as possible
- Take breaks
- Cool off

Presentations / Powerpoint on website including ticket and transmission counts, 811 Events calendar.

August 11 is “811 Day”. Help to get the word out. Let Tami know if you need a banner.

\*\*\*\*PUSH SAFETY\*\*\*\* emphasis on hydration

Locators please use flags as well as paint. The paint doesn't always survive construction/rain

Sam: Damages:

PNG 4: 2 from vehicle accident, 1 was a marked line, 1 called for remark

City of Monroe: 1 – Utility contractor.

Windstream still has the “Lina” project coming

Ann Rushing:

- Does Winston Salem have a set-up of what facilities look like? Use that to educate locators. The training facility in SC shows what boxes look like, what conduit they're using.
- Sam is planning to visit other UCC meeting to advise of their changes
- Windstream tries to replace fiber but if they can't they have to replace w/like product.
- NC811 is going to have “enhanced positive responses”. It is required by law that the locate is on hand.
  - Enhanced means locators can add comments and/or pictures.
  - Enhanced will help excavators who can also add photos and comments
  - Keep in mind who pays for the locates (the utility owners)

The goal is to manage your projects and to avoid updates where crews aren't working.

- If you have contractors or builders destroying the marks educate them.

- Give lot # in ticket body/directions

- If you have issues / problems with contractor that you can't resolve, contact Sam, Tami or Ann and they will re-educate them

Sam is looking for "something with teeth" for their letters of non-compliance and a whole spectrum of issues statewide.

Ann: Legislative Working Group makes changes in the law.

- They are looking at Emergency RTE again

- Right now a locate is 5 addresses or a ¼ mile. Looking to possibly amend.

- White lining is essential. If you can't accurately describe it – white line! There is a white lining video on the website

- Date and initial locates

- If it is a commercial locate include the business name – that will help

- Share the word about white lining at safety meetings.

Windstream has spent over 17 million on locates this year. Please make sure the locates are needed, if work is complete – stop updates!

Call 811 for recurring issues on companies that abuse the 811 system

COMMUNICATE -- COMMUNICATE -- COMMUNICATE!!!

There will not be a July meeting.

Thank you City of Monroe June breakfast!

Breakfast sponsors:

Union County – August

Windstream - September

# Safety Tips for working outdoors this summer

## DRINK UP

Thirsty or not, drink plenty of water – a cup every 15 to 20 minutes. Avoid caffeine or alcohol which can dehydrate you.

## ACCLIMATIZE

It takes time to adjust to working in heat. Work with your supervisor to gradually increase your work load and heat exposure.

# Safety Tips for working outdoors this summer

## COVER UP AND PROTECT

Wear light, loose-fitting clothing, UV rated sunglasses, and a wide-brim hat. Apply sunscreen with a Sun Protection Factor (SPF) of at least 30 and UVA / UVB protection. Re-apply every 2 hours and after sweating.

## SHIELD FROM SUN

Set up shade structures or use umbrellas, buildings, or trees to shield you from the rays of the sun. You can get sunburn on a cloudy day.

# Safety Tips for working outdoors this summer

## TIME IT RIGHT

Try and avoid the sun and strenuous tasks between 11:00 a.m. and 4:00 p.m. when the sun's rays are strongest.

## COOL OFF

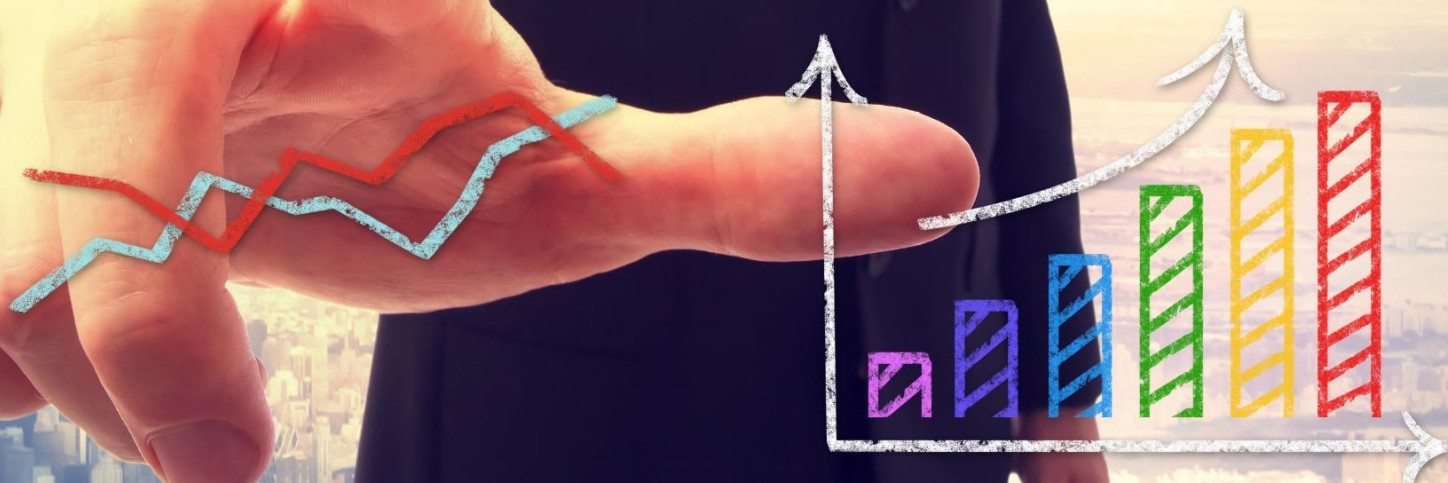

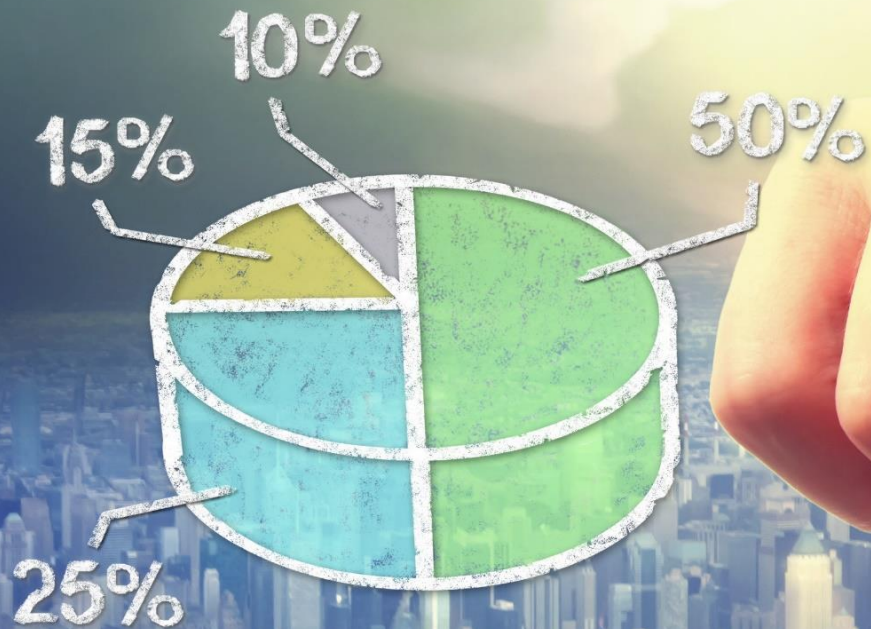

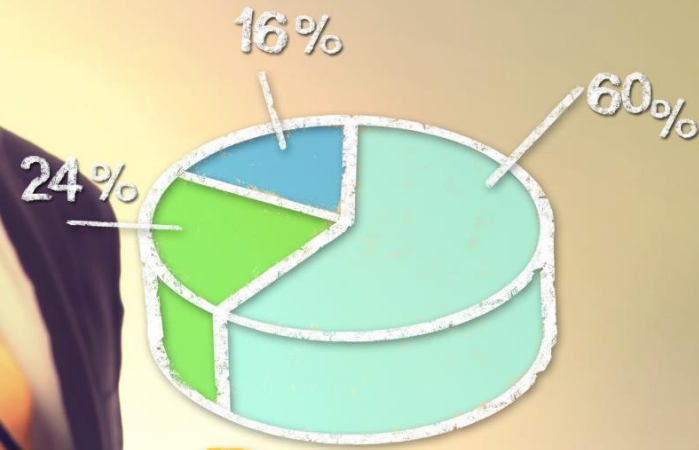

Take breaks to rest and cool off in the shade or in air-conditioned buildings or vehicles. Don't over-exert yourself.
