Minutes March 1, 2017

A. Call to Order by Sam Gonzalez

Announcements:

- Recognize new Attendees and guests
- Review and Approval of previous meeting minutes

No Presentations

DOT representatives spoke on permits and process

- Crews should have a copy of the encroachments on hand or DOT can shut them down (encroachment provisions also).
- Bypass job has authority over DOT. Anything on the Bypass goes up to DOT in Raleigh.
- Mecklenberg encroachments take 60-75 days
- Projects: Tickets being called in without encroachment received, also being investigated is ownership of tickets for jobs that are already completed, they can be cancelled within the first 72 hrs.
- Let DOT know when you have DOT jobs and when they will start, give a courtesy call or text please.
- If you have questions call and they will help any way they can!
- On line submission for encroachments is not complete
- The on line system will be much quicker
- The on line system should be fully implemented in the next few months
- Submit electronically until the on line system is fully implemented
- There are 2 new forms: 1 to verify compliance env. And 2 for MPDES. Covers Union and Anson Counties.
- Use Traffic Control. We have seen several groups working on a pole for instance and not even have a sign out
- DOT is off the day before and after holidays. Please call if you're not sure. No DOT easement working on those days. This doesn't apply to secondary roads.

USIC:

- They are seeing improvements in the white lining
- White lining cuts down on the time spent marking
- The bypass has caused a big increase in tickets and it is making them behind.
- They are still seeing emergency tickets that are not emergencies, not in Union County but in Mecklenburg.
