**LSAW**  
Locator Safety Awareness Week

## Locator Safety Awareness Week April 22 – April 27

Established in 2014 by Infrastructure Resources and endorsed by Nulca, LSAW addresses the need to keep our locators safe on the job. Take the opportunity during this week to acknowledge the locators you work with and let them know how much you appreciate the difficult, challenging, and sometimes dangerous work they do protecting our underground utilities.

**#LSAW**

# April is also Distracted Driving Awareness Month

Every seven seconds someone is injured in a car crash and every 15 minutes someone is killed in one. Employers absorb costs associated with these crashes whether they occur on or off the job. Workplace policies and employee education can help protect your employees, your organization and your community.

NC811 recognized Max Chapman as a Damage Prevention Ambassador at the Burke Caldwell Utility Coordinating Committee Meeting on Tuesday, March 12th . Mr. Chapman is 93 years young, but does not let that stop him from being a vital part of his local UCC. Ann Rushing, Education Manager stated, “Mr. Chapman is an inspiration to us all. He has spent his entire life giving back to the community and does not let anything stop him from continuing his service. He richly deserves the great distinction of being a Damage Prevention Ambassador”.

  - if we have a hit how can we find out who owns the cable?
    - Tami can help most of the time
  
- \*\*Tami asks that everyone bring in your damages\*\*
  
- \*\*Marshall advises that if you pull up on a jobsite and there is a damage and the contractor hasn't called it in You can call it in. The call doesn't give you ownership of the damage, you're only reporting it. And don't worry about it coming back as a duplicate, 811 scrubs duplicates\*\*
  
- Franklin St is chaotic – Classic City is doing that underground
