Union County UCC October 4, 2017

Meeting opened at 9:01 am by Chair, Sam Gonzalez.

Self-introductions around room.

Tami Stout gave NC811 presentation.

Damages to report-

Piedmont Natural Gas-5 damages in September. Two lines were struck that had been marked. Three lines had no locates.

PRG-Eleven damages reported.

USIC-

Running a little behind right now. Lot of AT&T locates.

Sam talked about a decrease in update tickets. Not necessarily a bad thing. Hopefully people are cleaning up internally and making sure that they are not updating tickets that have been completed.

Sam challenged everyone to bring a vendor/subcontractor to the next UCC.

UCC would like to have a representative from AT&T. There is a lot of AT&T work in the area. There was discussion about project tickets.

Would like to see out of town subs educated about 811 rules. (Phillip Perkins) Recently had a ticket called in asking for 2000' on each side of the road. Jobs are getting more dangerous-so much more is going into the ground.

USIC-having trouble reaching A & A Trenching. USIC running behind needs extra time, cannot get anyone on the phone to talk with them. — I will reach out to them.

Spoke about the top ticket holder list. Went over the top 5 with the group.

Work will be going on at Hwy 74/Rocky River Road-PNG, City of Monroe, and Union Co Public Works have a number of lines at 74/RR.

Sam Gonzalez bought breakfast (personally).

Challenge-bring a vendor/sub-contractor.

Next meeting November 1, 2017
