

Wake County Utility Coordinating Meeting

PSNC Energy-South Raleigh Office

Located at 4211 Global Street, Raleigh, North Carolina 27610

March 28, 2017

Meeting Time:

The Wake County Utility Coordinating Meeting was called to order by Mazetta Wynn at 11:01 am.

Total Members Present

There was a total of **50** members present at the March Wake County Utility Coordinating Meeting according to the sign in sheet. **Members have been asked to please sign in so that an accurate count of attendees for each meeting can be documented.**

Welcome of Members and Guest:

Mazetta Wynn with PSNC Energy welcomed everyone to the **3rd** UCC meeting of the year.

Special Thank You:

Lunch was provided for this meeting by Donna Zuniga with Duke Energy. Thank you again Donna Zuniga with Duke Energy for providing lunch for us during this meeting!!!

Blessing of the Food:

Blessing of the food was provided by Mazetta Wynn before we started lunch.

Introduction of the Members and Guest:

Mazetta Wynn welcomed everyone to today's meeting again and a formal introduction of the guests and members from left to right announcing their name along with the company they are affiliated with.

Safety Moment:

Everyone need to be careful as we've had two machines that were stolen in the last three days. A 1996 Kubota 101 was taking from Saddle brook and Olive Chapel Road, Apex, NC. It's that time of the year that things get back to normal and things start to disappear. We haven't had a property casual claim in the past 20 years so it's out there and you could be next. Keep your stuff locked up and make sure you park in a well-lit area.

Wake County Sherriff Department advised there have been 7 pieces taken in Wake County in the past several days. Multiple incident locators having trucks and tools stolen. One locator was caught in the action and was injured so just be aware of your surroundings.

Mazetta Wynn advised the next safety moment she would like to share is be aware when it's raining outside do not use your cruise control. Just a reminder not to use it during abnormal weather conditions.

Donna Zuniga with Duke Energy advised when you have your headlights on the "auto setting". The auto function is when headlights will automatically come on when the sensor detects the level of light or dark to make them come on. She have found with this auto function, the sensor will not make the lights come on when it is raining as it may not be dark enough to trigger them to come on. However, in North Carolina it is the law for headlights to be on when using the wipers. Therefore, when it is raining, you may have to manually turn on your headlights.

Approval of Minutes:

First Approval: Motion to Approve was Jeff Bartley with NC811

2nd the Motion: Donna Zuniga with Duke Energy

Old Business:

It was voted previous months that we will have the contractor breakfast this year in October 2017. We will need sponsors to participate and door prizes will be needed.

New Business/Contractor Discussion:

Kevin with Spirit Communications building fiber in this area about 150 miles in 2017. Right now there are a small scale of services being performed on Enterprise Services. We will be having a kick off meeting in the next few weeks. If you want to be involved in the meetings then I need to get your name and number and email address.

Robert Yu with USIC advised that things are the same as of the last meeting. It's a very busy season and a lot of work. They continue to work with contractors S &N and Southern Cross.

Sandra Johnson with PSNC Energy advised that she met with the North Carolina Team in Cherokee, North Carolina and the new contract have been signed. I know it's only a year away for the NC/SC Convention, but we like to plan ahead. Ann Rushing with NC811 have committed to the 811 vehicle and motorcycle. The convention will be held next May 2, 3, and 4, 2018.

Contractors: None

Concerns/Issues: None presented at this time

NC811 Report:

- Jeff Bartley presented the NC811 report for the month of March 2017. **The North Carolina Utility Coordinating Committee celebrating 1942-2017 75th Anniversary this year.** The NC 811 Center received locate request totaling **147,102** in 2017.
