

NC Locate Resolution Partnership Committee

Minutes

Wednesday, June 23, 2021

Mission: A collaboration of damage prevention stakeholders partnering to reduce damages through data analysis and educational outreach.

Agenda Items:

- Welcome – Louis Panzer (NC811)
 - Louis Panzer welcomed everyone to the June 23rd meeting
- Chair Position – Louis Panzer (NC811)
 - Louis Panzer shared the resignation of Dino Farruggio from the NC811 Board and as the NCLRPC Chair. Recommendation was Dan Bare with Duke Energy to fill the position. Prior conversation with Mr. Bare concerning responsibilities was discussed and he has accepted the position.
- COVID update
 - NC811 hopes to open up the event facility to hybrid meetings in August. Subject to change based on the situation.
- Discussion of Member Data– Louis Panzer (NC811)
 - Louis Panzer discussed April and May reports ion regards to Top 20 Companies with updates 2 or more times. The top 5 members receive the detailed reports prior to the meeting. Ann Rushing has had discussion with Cort Bennett from ITS about update tickets prior to the meeting. We are seeing a rise in home building therefore causing some concerns with Evergreen Landscaping. After discussion of recommendation of a letter to them, it was recommended that we reach out 1 more time for education. Ann Rushing will provide update at the next meeting. Members please continue to follow-up on the contractors that are showing up on the Top 20 list.
- Locators at Risk

- Louis Panzer discussed the issue with the safety of Locators. Please make sure you are identifying yourself while being on personal property. With people still working from home, it has presented issues that homeowners think they are trespassing.
- Revise – Louis Panzer (NC811)
 - Destroyed Marks, Cancel, 3-Hour
 - <https://nc811.org/ticket-revision/>
 - Louis Panzer stated that web tickets now total 72.3% with the destroyed marks, cancel and 3 hour tickets now being pass through.
- Updates Popup Box
 - Louis Panzer discussed an additional flag point on RTE when updating a ticket and you say “no”. Continuing efforts to reduce the update tickets when work is truly not continuing.
- UGDPRB Update – Louis Panzer (NC811)
 - Louis Panzer gave an update on the UGDPRB website. <https://udprb.nc.gov/> You can now report your violation online. The next virtual meeting is set for July 20 2021.
- Open Discussion
 - AT&T update
 - ✦ Dino thanked everyone for allowing him to serve as the Chair. Doug Hayes will be the new representative for AT&T. The forecast for fiber for June is 216,829’ and July 217,778’ in Charlotte. Raleigh includes 2.5 million feet of buried cable and approximately 500,000 feet of aerial cable.
 - Dominion Energy update
 - ✦ Richard Walsh shared the activity he and Brian Morehouse have partnered up with in the western area of the state. They have reached out to Building Inspection Departments along with meeting with Contractors in the area as well concerning damage prevention.
