# A message from our Executive Director

Virtual Southeastern One Call Systems (SOCS) meeting September 9. SOCS includes Board members and staff from the one call centers in the Southeast.

I want to stress the importance of these UCCs with the purpose to share contacts and work taking place for the purpose of improved communication.

If you know someone who is not participating, please ask them if they mind sharing their email to get notifications about the meetings.

Fall means an increase in homeowner activity. Expect to see the “September bump”

Still hot out there: stay safe, stay hydrated and remember that safety is a shared responsibility.

# Is an update needed?

NC 811 wants to remind excavators that it is important to remember only update tickets when the work is continuing past the 15 working days. We know there are some projects that have been suspended or otherwise postponed. If this applies to you, please make certain to STOP updating the tickets for those jobs.

When the job resumes, start a new ticket three full business days prior

or update the existing ticket in RTE if within 90 days.

# ID Your Marks

Locators, be sure to identify the facility operator who owns the line being marked.

See the Underground Utility Safety and Damage Prevention Act section 87-121 (1a) for marking identity info

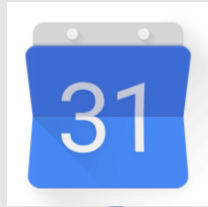

Before you aerate, contact 811
