

# Virtual UCC Meetings

1. Follow these video instructions to find your virtual meeting link and how to make the most of the meeting in the new MICROSOFT TEAMS platform.  
<https://www.youtube.com/watch?v=GC5zGkdxqb0>
2. In the chat section please type your name, company name & email.
3. Participant feature - raise hand. The meeting facilitator will acknowledge you.
4. Enter the meeting with your microphone on mute and unmute your mic when you need to speak.
5. Every meeting will be recorded, and the video will be posted on the [ncucc.org](http://ncucc.org) website. You can watch the meeting by using the video link provided on [ncucc.org](http://ncucc.org). Visit your county UCC page for a listing of past meeting videos.

UCC County

- New revise update allows for 3-hour tickets to be only sent to specific members who fail to respond.
- PHMSA grant received for Spanish billboards and research.
- New report will be issued based on survey and data by end of the year.
- Enforcement Board reviewing process for penalty assignment.
- LRPC will continue to review trends that are disruptive to the 811 process.
- Happy Thanksgiving to everyone!

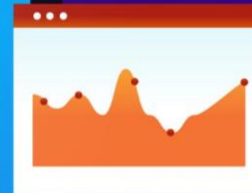

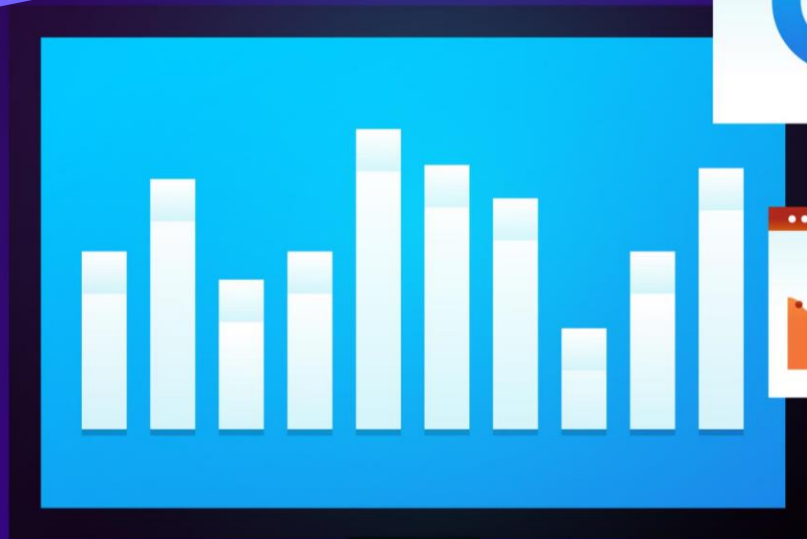

A person wearing a blue suit jacket and a light blue shirt is holding a white rectangular sign. The sign contains text in a dark blue font. The background of the slide is a light gray grid pattern.

Thank you for your time and attention.  
You can get a PDF copy of this presentation  
at

[www.ncucc.org](http://www.ncucc.org)

If this meeting was virtual, a video of the meeting is available at [ncucc.org](http://ncucc.org). Go to County UCC's. The video will be listed under the month and year the meeting took place.

00:00:00.000 --> 00:00:09.380

Tami Stout

Recorded and a copy of this video will be posted on the INSEKT website. You can re watch it because it is riveting television.

00:00:10.480 --> 00:00:22.110

Tami Stout

Or you can go in and pull out any information you need. There also will be a PDF copy of the the meeting out there as well if you would like to see it that way.

00:00:23.550 --> 00:00:26.880

Tami Stout

That being said, Roger, you want me go ahead and run through this.

00:00:27.560 --> 00:00:28.580

Roger Richards (Guest)

Yeah, that's fine.

00:00:28.800 --> 00:00:40.200

Tami Stout

Alright folks, it is November. It is hard to believe. I was looking at a calendar for next year.

00:00:41.380 --> 00:00:48.250

Tami Stout

From Ann and at the bottom of the calendar it said New Years 2023 and that just.

00:00:48.910 --> 00:00:55.500

Tami Stout

For some reason, that number just stuck with me 2023. It's hard to believe.

00:00:56.810 --> 00:01:28.020

Tami Stout

A message from Lewis Panzer, our executive director. A new revised ticket update, new revised update allows for three hour tickets to be sent only to specific members who fail to respond. So when you do that three hour ticket, you can go in. If you had water, fiber and gas. If for some reason fiber hadn't responded at the end of those three days, you can go in and request only fiber. You don't have to send it.

00:01:10.220 --> 00:01:10.550

Roger Richards (Guest)

Sure.

00:01:28.070 --> 00:01:52.240

Tami Stout

2 water and gas and and them sit back and say, well, we already located this. Why are we getting this so that that revision has been taken? Care of films a grant we North Carolina 811 received a fimsa grant this year and we're going to use that for some Spanish billboards and some research, and I cannot tell you how excited I am.

00:01:52.290 --> 00:02:01.110

Tami Stout

Him to be a recipient of this grant for North Carolina 811 to be a recipient of this grant.

00:02:02.600 --> 00:02:06.480

Tami Stout

Pushing Spanish education has really been.

00:02:06.980 --> 00:02:39.300

Tami Stout

Uh, something I've been interested in doing so I'm really excited that we're going to have some billboards. We're going to have six different billboards in six markets. You already know we have 40 billboards across the state thanks to participation from our stakeholders, so those 40 billboards plus 10 billboards. We've had some contractors who were interested in pushing that safe excavation message, so 10 billboards in five markets and now 6 Spanish billboards.

00:02:39.720 --> 00:02:44.750

Tami Stout

To make sure that we're trying to cover all of our bases, so I'm I'm really excited about that.

00:02:46.360 --> 00:03:16.140

Tami Stout

A new report will be issued based on survey and data by the end of the year. So Louis and Doctor Ahmad al Bayati with Western Carolina University conduct an annual survey of excavators and this gets paired with positive response data to produce an annual report every year. If you go out to our website, you can see previous reports on the incident analysis page. This is a satisfaction survey.

00:03:16.400 --> 00:03:23.530

Tami Stout

In a House, questions about locate timing and accuracy, so it's good information to dig into.

00:03:24.420 --> 00:03:53.930

Tami Stout

The Enforcement Board is reviewing their process for penalty assignment so they're gonna have a process meeting to discuss how to assess penalties. To use an established matrix that aligns type of infractions with system specific penalties at each occurrence. So basically what the underground damage Prevention Review Board wants to do here is to compare apples to apples if they have the same type of of infraction.

00:03:54.870 --> 00:04:07.540

Tami Stout

You know the the same occurrence. They wanna make sure they're they're not finding one person 2000 dot. And again this I'm just throwing this out as an example. They they don't want to come.

00:04:08.330 --> 00:04:19.620

Tami Stout

Assign a \$2000 penalty to one person and a \$500 penalty to someone else for the same infraction so they're working on putting together a matrix.

00:04:20.860 --> 00:04:50.770

Tami Stout

The Locate Resolution Partnership Committee is going to continue to review trends that are disruptive to the 811 process. So you folks are familiar with the LRPC. We've talked about it before here. The LRPC is a group of stakeholders that go in and, and we've been reviewing trends and trying to see why things are moving in certain directions. One of the things that the LRPC done over the past couple years is to really educate.

00:04:50.820 --> 00:05:22.790

Tami Stout

About update tickets, that's been kind of the pet project. You know, making sure that you know you're not updating tickets where the works already been completed or you're not even ready to begin a project, or you haven't even been awarded a project, but you're calling in tickets already. That really backs up the entire system, so we've kind of beat that drum for a couple of years, and we're going to be moving on to other projects, but we still will continue to look at those.

00:05:22.840 --> 00:05:31.210

Tami Stout

Update tickets, but we want to move on a little bit past that now and from Louis Happy Thanksgiving to everyone.

00:05:32.510 --> 00:05:38.080

Tami Stout

Now, typically in these presentations will have a little safety blurb.

00:05:39.220 --> 00:05:48.750

Tami Stout

This month I just want to remind you that for those folks that are deep frying turkeys, make sure that that bird is com.

00:05:48.800 --> 00:05:51.140

Tami Stout

Completely thawed out.

00:05:49.590 --> 00:05:50.000

Roger Richards (Guest)

Boy

00:05:52.220 --> 00:05:56.340

Tami Stout

And that it is dry before you drop it into hot oil.

00:05:56.390 --> 00:06:27.760

Tami Stout

Will lest you feed the first responders as well, you don't want to put any any kind of water in that hot oil, so make sure that anything that you're going to be deep frying is completely thawed and dried off. Don't fry underneath of a structure and make sure that you turn that oil off when you are finished. Also, make sure that if you have leftovers, I know at my house we don't typically have a lot of leftovers.

00:06:28.180 --> 00:06:38.530

Tami Stout

But if you do have leftovers, let those cool completely before you refrigerate them. UM, trying. Try to avoid some food poisoning here.

00:06:39.410 --> 00:06:49.430

Tami Stout

So that's my blurb. And if you have little kids, try not to sugar him up before you get ready to send them home. That's my safety moment for today.

00:06:52.050 --> 00:06:56.670

Tami Stout

North Carolina 811 requests locate requests and transmissions.

00:06:57.600 --> 00:07:19.190

Tami Stout

Tickets, also known as locate request for the month of October 2021. Two 100 and 4935, and I'm sure no one will be surprised to hear me say that is a 5.44% increase over 2020 of last year.

00:07:19.850 --> 00:07:48.570

Tami Stout

Transmissions and I'm going to pop in my little commercial here. A transmission is how many utilities are notified about everyone locate request right now on average for everyone locate request that comes in. There are 5.7 utilities notified, so if you're putting in a mailbox in the area where you're going to put your new mailbox, there might be water, sewer, power, gas and fiber.

00:07:50.030 --> 00:08:08.870

Tami Stout

So there would be 5 transmissions for that one locate request. That's the difference between those numbers. Transmissions for October 1,134,600 and 20, a 3.3% increase over 2020.

00:08:10.110 --> 00:08:16.070

Tami Stout

Year to date tickets and this is January 1 through October 31.

00:08:16.830 --> 00:08:27.010

Tami Stout

1,987,052 folks, that's an 8.4% increase over 2020.

00:08:27.840 --> 00:08:34.170

Tami Stout

And just as a reminder, in 2013 for the year we had 1.2 million.

00:08:35.140 --> 00:08:51.980

Tami Stout

You can see that that just increases and increases and continues to increase transmissions year to date 11 million eighty 6871, a six point 1% increase in transmissions.

00:08:54.440 --> 00:09:22.360

Tami Stout

Ticket volume for Mecklenburg County. New tickets for the month of October 18, 1732 and believe it or not, that was actually down eight point. 1% for new tickets, but you can see across the board 3 hours were down 8 1/2 percent. Cancellations down, 5.2 retransmits down, 10.6 updates down 4.2.

00:09:23.140 --> 00:09:40.200

Tami Stout

In total tickets down 7%. Total tickets for Mecklenburg County for the month thirty 1268 down 7% from last year. Last year we were at 33,614.

00:09:41.530 --> 00:10:10.800

Tami Stout

I know typically people tend to think of a decrease as a bad thing, but not always a bad thing, particularly when those retransmits, those updates and those three hours were coming down, retransmits down. Again. 10.6% updates down 4.2% average locates per day for Mecklenburg County were 1421.

00:10:12.780 --> 00:10:37.340

Tami Stout

Ticket volume year to date for Mecklenburg County. New tickets were down .6 percent, 100 and 79,905. However, total tickets total tickets for Mecklenburg County are up 5% for the year 300 and 5502.

00:10:38.630 --> 00:10:43.890

Tami Stout

Updates were up almost 15%, retransmits up almost 9%.

00:10:47.250 --> 00:11:06.030

Tami Stout

Ticket distribution from Mecklenburg County. Of those 31,000 tickets, 24,471 of those were in Charlotte, the other big ticket holders were hundreds villain Matthews at 2359. Seventeen 07.

00:11:06.080 --> 00:11:22.890

Tami Stout

And you can see that Paniel, Cornelius and Davidson also had had some good numbers in there and I did pull out the smaller ones. They really were tickets all over the county, but no one surprised that the big the big ticket holder is Charlotte.

00:11:07.160 --> 00:11:07.550

Roger Richards (Guest)

Cool.

00:11:24.760 --> 00:11:54.850

Tami Stout

Calendar of events. The fourth quarter North Carolina 811 board meeting will be Friday, January 21st. That will be a hybrid meeting. It will start at 8:30 AM. For information, please contact Tonya in our office and that's [tonya@nc811.org](mailto:tonya@nc811.org) and I will assure you that if you don't get this information and you'd like to attend, reach out to any of us liaisons. Obviously, if you're in the Mecklenburg area I'm I'm your gal.

00:11:55.310 --> 00:12:01.550

Tami Stout

But I know that Howard that Parrish and that Brown would be glad to give you that information as well if you miss it.

00:12:02.690 --> 00:12:23.570

Tami Stout

The next North Carolina underground Damage Prevention Review Board meeting is Tuesday, January the 18th. That location is to be determined. They will begin at 10:00 AM and if you haven't participated in one of these, they are. They are interesting to kind of sit back and see how this board goes about making their decisions.

00:12:25.430 --> 00:12:52.730

Tami Stout

The next state UCC meeting will actually be in January. I left this one up. Anyone who attended the state meeting. If there's anything you'd like to share, I will ask you to share. I know Roger and I were sitting beside of each other at the Nuka Safety and Risk learn lunch and learn in Concorde, but if anyone has anything from the state UCC, if you'd like to share.

00:12:53.390 --> 00:13:00.300

Tami Stout

Uh, Carl. I'm not sure he said he can just see the top of my slides or.

00:13:00.170 --> 00:13:02.530

Wilson, Carl

Oh not, I can't see the top of your slides I.

00:13:02.330 --> 00:13:03.760

Tami Stout

Oh, OK, I'm sorry.

00:13:03.500 --> 00:13:08.340

Wilson, Carl

I didn't know if it was just me, but I was, that's why I put it in the chat. I'm I'd.

00:13:06.840 --> 00:13:07.620

Tami Stout

Gotcha.

00:13:08.980 --> 00:13:10.020

Wilson, Carl

Didn't know if everybody else.

00:13:09.000 --> 00:13:14.880

Tami Stout

Can everybody see those slides? I apologize, I didn't even ask. I just started rolling through with the meeting.

00:13:15.450 --> 00:13:16.450

Neely, Robert L

Yeah, I can see him.

00:13:17.220 --> 00:13:18.040

Tami Stout

Thank you Robert.

00:13:18.580 --> 00:13:19.510

Calabrese, Joel Thomas

Looks good for me.

00:13:18.690 --> 00:13:19.270

Tami Stout

Uhm?

00:13:20.050 --> 00:13:20.510

Tami Stout

OK.

00:13:21.370 --> 00:13:26.900

Roger Richards (Guest)

I've got a moment, but I'm you know I'm a I'm following him, two of them but but they're good on mine.

00:13:21.600 --> 00:13:22.100

Tami Stout

Uhm?

00:13:25.250 --> 00:13:25.490

Tami Stout

I.

00:13:27.430 --> 00:13:37.630

Tami Stout

OK, understand Carl it, it's got to be that city issue computer. We're gonna have to petition to get you in a new computer to go with your new headphones.

00:13:39.370 --> 00:14:04.560

Tami Stout

The UM again, anyone who participated in that state UCC. If there's anything you'd like to add, please feel free. The next state UCC meeting will be a hybrid meeting. It will be Tuesday, January the 11th. The meeting will be again in Greensboro, but also a hybrid meeting. So if you're not able to travel yet, you will be able to participate virtually.

00:14:06.280 --> 00:14:15.290

Tami Stout

The next locate Resolution Partnership Committee meeting December the 15th, that will be a teams meeting from 11:00 to 1:00.

00:14:16.280 --> 00:14:26.750

Tami Stout

For any of these meetings, if you go out to North Carolina 811 to the events calendar or to the UCC calendar, those links will be out there.

00:14:28.500 --> 00:14:59.560

Tami Stout

Obviously upcoming holidays tomorrow, Thanksgiving Day and then Friday. The day after Thanksgiving. So veteran's day and the day after Thanksgiving are observed holidays, we will be open to accept locate requests, but that observed holiday is excluded from the three day working notice. So just know that that is excluded. So if you call in a locate request tomorrow, it would be the same as if you called it in Monday.

00:14:59.940 --> 00:15:07.790

Tami Stout

The UM utility companies still gonna have all day Tuesday all day Wednesday and all day Thursday. To get along those marks on the ground.

00:15:08.480 --> 00:15:17.270

Tami Stout

For those of you that weren't, uh, available earlier in the month, or maybe didn't hear a thank you. Thank you for those veterans.

00:15:17.850 --> 00:15:25.490

Tami Stout

We appreciate you being here. We appreciate the sacrifices not only you made for our country, but also that your family made.

00:15:28.100 --> 00:15:40.720

Tami Stout

For information on 811 and UCC events, again, visit the calendar section of [nc811.org](http://nc811.org) or the NC 811 app, which is a free download for Apple and Android users.

00:15:41.350 --> 00:15:49.060

Tami Stout

This is your education team. I'm not gonna roll through him. You know everybody but I will say thanks to Howard for being here this morning.

00:15:50.260 --> 00:16:12.760

Tami Stout

Appreciate your time and attention again. A PDF copy of this presentation as well as this video presentation will be available on the NCUCC website. With that I am going to stop presenting and turn this back over to our illustrious chair.

00:16:15.060 --> 00:16:15.800

Tami Stout

How's that?

00:16:15.210 --> 00:16:17.150

Roger Richards (Guest)

Oh oh, Lord.

00:16:16.450 --> 00:16:20.520

Tami Stout

I'm I'm I'm bucking hard for a a Christmas bonus this year.

00:16:20.570 --> 00:16:21.220

Roger Richards (Guest)

Yeah.

00:16:21.890 --> 00:16:22.310

Roger Richards (Guest)

Yeah.

00:16:23.380 --> 00:16:25.130

Roger Richards (Guest)

Howard, how about taking care of that for me?

00:16:27.130 --> 00:16:30.980

Roger Richards (Guest)

But put in a good word for a new and everybody else.

00:16:31.270 --> 00:16:31.700

Roger Richards (Guest)

Uh.

00:16:32.890 --> 00:16:37.340

Roger Richards (Guest)

No, y'all know me. Always look at the numbers on these things and.

00:16:38.030 --> 00:16:38.540

Roger Richards (Guest)

Uh.

00:16:39.520 --> 00:16:48.090

Roger Richards (Guest)

One of it jumped out to me was for the year the update tickets were up 15%.

00:16:49.170 --> 00:16:51.490

Roger Richards (Guest)

Uhm, well 14.9.

00:16:52.370 --> 00:16:59.730

Roger Richards (Guest)

Uh, three hours was at 15.8 for the year again, but but if we look back at the month on it

00:17:00.310 --> 00:17:07.610

Roger Richards (Guest)

a three hour was down, 8 1/2% and our updates was down 4.2%.

00:17:08.480 --> 00:17:14.950

Roger Richards (Guest)

I don't know if how many of you was on here earlier as we were discussing and there was a.

00:17:17.240 --> 00:17:28.940

Roger Richards (Guest)

Nuka had a safety director's forum in an 8111 called Damage Prevention Forum last Thursday and Friday that was held here in Charlotte.

00:17:30.150 --> 00:17:37.380

Roger Richards (Guest)

And they had breakout sessions for those, and one of them was basically.

00:17:39.100 --> 00:17:42.870

Roger Richards (Guest)

What we've learned and taught performance states in the 811.

00:17:43.470 --> 00:17:47.100

Roger Richards (Guest)

Part of it up it with that.

00:17:48.730 --> 00:17:50.170

Roger Richards (Guest)

North Carolina.

00:17:50.860 --> 00:17:57.020

Roger Richards (Guest)

Was third is one of the top performing states with 811.

00:17:57.920 --> 00:18:00.120

Roger Richards (Guest)

The the company that did the.

00:18:00.180 --> 00:18:02.900

Roger Richards (Guest)

The survey on this.

00:18:04.350 --> 00:18:31.260

Roger Richards (Guest)

Had some recommendations for North Carolina that personally I thought was ridiculous with the recommendations that they had income to find out the company that did the survey is located in Raleigh, NC so they were trying to say our law wasn't good and and there were some things about positive response and it was obvious they never read our law because what they were recommending was already in there.

00:18:33.030 --> 00:18:40.740

Roger Richards (Guest)

For those of you that know me, I was glad to let them know that that they should have read the law before they sent this report out.

00:18:41.550 --> 00:18:44.900

Roger Richards (Guest)

Uh, anyone else? Wanting that report? You can go to the.

00:18:44.950 --> 00:18:54.140

Roger Richards (Guest)

Happyc.org and input in North Carolina and and you'll have access to that report and you can look over it and everything.

00:18:55.880 --> 00:19:04.260

Roger Richards (Guest)

But one of the main things in there that some people were talking about from different states were issues with locators.

00:19:04.670 --> 00:19:17.620

Roger Richards (Guest)

Uh, not not getting out there and getting things located. A lot of these other states have a project ticket that is good for 30 days and was trying to set up meetings.

00:19:18.250 --> 00:19:22.450

Roger Richards (Guest)

Uh, and the facility owners were were coming through the.

00:19:23.080 --> 00:19:27.450

Roger Richards (Guest)

The utility meetings. But the locators wasn't in in.

00:19:28.310 --> 00:19:58.270

Roger Richards (Guest)

You know they, they just couldn't understand why the locators wasn't participating in in him, and one of the things that was brought up was, and I'm a drop back to Mecklenburg County. Here, when you've got thirty 1268 tickets a month and these locators are required to get 14121 of them done in a day, but yet contractor keeps updating tickets that doesn't need to be updated, then they don't have any time.

00:19:58.320 --> 00:20:02.860

Roger Richards (Guest)

To try to make meetings that that contractors and everything set up.

00:20:02.920 --> 00:20:09.760

Roger Richards (Guest)

Pop up and that's what I'd brought up in in that session, and I said, you know, here in Mecklenburg County.

00:20:11.010 --> 00:20:14.400

Roger Richards (Guest)

And and and across the state to we we sort of.

00:20:15.410 --> 00:20:19.230

Roger Richards (Guest)

Got a little motto that we use that you need to clean your own house.

00:20:20.020 --> 00:20:35.030

Roger Richards (Guest)

And and myself, Howard and Tami was talking about that. You know, you got the lady in the office doing these locate tickets because that's her job and to keep him updated till somebody tells her not to do it.

00:20:35.890 --> 00:20:54.720

Roger Richards (Guest)

And if we're not communicating from the field into the office that these projects are done, or or you know, we don't need him anymore. If we're not telling her not to update him, I'm promise you every day on her calendar that pops up, she's got these tickets to updating all of that. She's going to sit there and do it.

00:20:55.780 --> 00:21:03.790

Roger Richards (Guest)

Uhm, it's obvious this past month that I again I commend everybody on here for that because.

00:21:04.860 --> 00:21:06.510

Roger Richards (Guest)

If you look at the month numbers.

00:21:07.500 --> 00:21:09.980

Roger Richards (Guest)

Down at the bottom of at everything is negative.

00:21:10.980 --> 00:21:17.370

Roger Richards (Guest)

Three hour legendz down 8 1/2 percent. Cancellations is down 5.2%.

00:21:17.730 --> 00:21:18.370

Roger Richards (Guest)

Uh.

00:21:19.840 --> 00:21:24.000

Roger Richards (Guest)

Retransmits was down 6 and and updates down 4.2.

00:21:24.910 --> 00:21:27.720

Roger Richards (Guest)

So we're chopping away at it.

00:21:28.630 --> 00:21:42.190

Roger Richards (Guest)

The noise in the system is is Luis always says which benefits us as contractors. It also benefits the facility owner from monetary side of it.

00:21:42.910 --> 00:21:46.340

Roger Richards (Guest)

And who would do wanna set up a meeting with a locator?

00:21:47.650 --> 00:21:52.110

Roger Richards (Guest)

They've possibly got time to be there because they're not doing unnecessary tickets.

00:21:52.790 --> 00:21:53.180

Roger Richards (Guest)

Uh.

00:21:54.200 --> 00:21:59.330

Roger Richards (Guest)

So that was something that was discussed in that things here that that always like to pass along.

00:21:59.530 --> 00:22:07.230

Roger Richards (Guest)

Uhm, with everything and and and again, I appreciate everybody on here and what everybody does trying to work together and.

00:22:07.780 --> 00:22:13.570

Roger Richards (Guest)

Get a reduction in these numbers and make those relationships and contacts and everything.

00:22:14.850 --> 00:22:16.860

Roger Richards (Guest)

One of the other things that I I.

00:22:17.450 --> 00:22:26.480

Roger Richards (Guest)

Made some notes here as last week while I was in that session, I get a text from one of our superintendents that.

00:22:27.880 --> 00:22:32.140

Roger Richards (Guest)

He got after on the project, pulled up his positive response. Bless you Tami.

00:22:33.740 --> 00:22:45.910

Roger Richards (Guest)

To make sure everybody had responded before, a crew got there and under and y'all know I, it's not a finger. Pointing. These meetings are not famous.

00:22:50.980 --> 00:22:54.470

Tami Stout

We lost without. Sorry I was gonna say we lost you there for a second.

00:22:51.040 --> 00:22:51.280

Roger Richards (Guest)

Ed.

00:22:52.630 --> 00:22:52.920

Roger Richards (Guest)

And.

00:22:54.580 --> 00:23:08.060

Roger Richards (Guest)

Yeah, Verizon had actually put a code 6 to Jen, and for those of you that may know or may not know what code 60 is, is locator and escavator agreed and documented the marking schedule.

00:23:09.180 --> 00:23:21.120

Roger Richards (Guest)

Well, our Superintendent did the ticket. Our Superintendent is the contact person for that ticket and never received any kind of phone call or anything on that.

00:23:22.030 --> 00:23:28.800

Roger Richards (Guest)

So he had actually reached back out to them to make sure that that one.

00:23:29.530 --> 00:23:36.220

Roger Richards (Guest)

Is there stuff out of the way you know or two or they gonna send somebody out to her prior to our crew getting there?

00:23:37.200 --> 00:23:37.860

Roger Richards (Guest)

Uhm?

00:23:38.480 --> 00:23:45.970

Roger Richards (Guest)

So that I think we might start running into that again and and I hope not, because it's it seems to have been going pretty good here lately.

00:23:47.620 --> 00:23:54.890

Roger Richards (Guest)

And on that right there now, from a contractor standpoint, one of the sessions and the Safety Director's form was.

00:23:55.880 --> 00:24:00.230

Roger Richards (Guest)

A downtime legislation and payment of downtime.

00:24:01.200 --> 00:24:01.750

Roger Richards (Guest)

Uh.

00:24:02.450 --> 00:24:05.410

Roger Richards (Guest)

You know, as contractors and.

00:24:07.180 --> 00:24:15.760

Roger Richards (Guest)

Is facility owner Subs that go out there and do stuff for them. You go out there with a crew and if a minimum four man crew.

00:24:16.470 --> 00:24:23.850

Roger Richards (Guest)

Three pieces of equipment and you're ready to go to work, and you get out there and you've checked your positive response and someone's not responded.

00:24:24.820 --> 00:24:36.320

Roger Richards (Guest)

Or Miss responded is is this code 60 was now that Cruz having to wait so there's downtime loss of production, loss of profit and in all of that?

00:24:37.010 --> 00:24:37.750

Roger Richards (Guest)

Uhm?

00:24:38.400 --> 00:24:40.280

Roger Richards (Guest)

This setting in that session.

00:24:41.920 --> 00:24:46.790

Roger Richards (Guest)

Contractors do have the legal right to charge for that.

00:24:48.230 --> 00:24:49.920

Roger Richards (Guest)

And and I'm sorta kinda.

00:24:50.970 --> 00:25:04.460

Roger Richards (Guest)

Direct and distorted facility facility owner representatives. That's on here to make sure that you're locating services that y'all are paying for or getting these things done.

00:25:04.510 --> 00:25:07.160

Roger Richards (Guest)

On on time so that.

00:25:07.770 --> 00:25:17.250

Roger Richards (Guest)

Contractors are not out there waiting or anything like that, but where they turn around and see in the facility owner a bill for that.

00:25:18.650 --> 00:25:21.120

Roger Richards (Guest)

Honestly, that's the last thing that we wanna do.

00:25:21.180 --> 00:25:35.500

Roger Richards (Guest)

The, UM, we've gotta. I feel like we've got a good relationship with most of the facility owner zone here and and all of that. But it's just that's just an informational piece to pass along.

00:25:36.230 --> 00:25:51.510

Roger Richards (Guest)

Uh, to make sure you locators are getting these locates done so that not only are you paying for the locates to get done, you're not also having to receive a bill from a contractor for loss of production or downtime.

00:25:55.070 --> 00:26:00.080

Roger Richards (Guest)

And believe it or not, I think that's all I've got for notes. If anybody got any questions.

00:26:05.990 --> 00:26:07.520

Roger Richards (Guest)

No nearby speak at one time.

00:26:10.970 --> 00:26:11.550

Roger Richards (Guest)

Uhm?

00:26:13.720 --> 00:26:15.570

Roger Richards (Guest)

I don't know if everybody is asleep or what.

00:26:17.390 --> 00:26:18.050

Neely, Robert L

Hey Roger.

00:26:18.340 --> 00:26:19.070

Roger Richards (Guest)

Yes.

00:26:18.590 --> 00:26:18.830

Wilson, Carl

Now.

00:26:18.750 --> 00:26:24.760

Neely, Robert L

I just Robert. Is there what you can send me that what you just said are that are the way to find that information.

00:26:21.310 --> 00:26:21.640

Roger Richards (Guest)

So.

00:26:25.100 --> 00:26:26.120

Roger Richards (Guest)

Which information?

00:26:26.640 --> 00:26:29.450

Neely, Robert L

Uh, downtown Philly owners gonna be charged.

00:26:29.590 --> 00:26:30.970

Roger Richards (Guest)

That is.

00:26:31.880 --> 00:26:34.360

Roger Richards (Guest)

I will see what I can find on that, Robert.

00:26:35.030 --> 00:26:41.540

Roger Richards (Guest)

Uh, I'm just reading off of my agenda list that was sent.

00:26:42.330 --> 00:26:42.960

Roger Richards (Guest)

Uh.

00:26:45.740 --> 00:26:52.450

Roger Richards (Guest)

And I'm looking back other through other things. It is in the statue of Regulations for North Carolina law.

00:26:53.180 --> 00:26:53.960

Roger Richards (Guest)

Uhm?

00:26:54.920 --> 00:26:55.760

Roger Richards (Guest)

It's also.

00:26:58.050 --> 00:27:00.420

Roger Richards (Guest)

I will Robert. I got a word I'm looking for.

00:27:02.540 --> 00:27:06.860

Roger Richards (Guest)

But anyway, the American Arbitration Association does recognize it.

00:27:07.340 --> 00:27:08.140

Roger Richards (Guest)

But

00:27:09.010 --> 00:27:11.590

Roger Richards (Guest)

the M Reed mother notes that I've got.

00:27:18.960 --> 00:27:23.890

Roger Richards (Guest)

And that's really about it that I've got wrote down on that.

00:27:24.950 --> 00:27:29.040

Roger Richards (Guest)

So I'll I'll also look to in the state regulations.

00:27:29.140 --> 00:27:33.160

Roger Richards (Guest)

Uh, owned by it and see if I can find something and send it to you.

00:27:35.050 --> 00:27:39.220

Cort Bennett (Guest)

Roger, I am I have some unpopular comments to make, probably.

00:27:35.120 --> 00:27:35.680

Neely, Robert L

Thanks Roy.

00:27:39.920 --> 00:27:41.130

Roger Richards (Guest)

Is this you court?

00:27:41.180 --> 00:27:41.960

Cort Bennett (Guest)

Yes it is.

00:27:42.060 --> 00:27:44.320

Roger Richards (Guest)

Man you go. Hey Jingle, hurt my feelings.

00:27:44.490 --> 00:27:52.450

Cort Bennett (Guest)

Well, you know I've been involved. I started out as a locator. You know, 35 years ago worked for an operator for.

00:27:53.650 --> 00:28:17.060

Cort Bennett (Guest)

Almost 3334 years and now and then a contractor for a couple years and there's room for improvement for all operators, contractors, everybody and locators in in in the whole community to to strive to get better. But as a operator and an operation supervisor for over 2025 years.

00:28:17.930 --> 00:28:31.810

Cort Bennett (Guest)

One of the one of the problems in this system we have, and this is going to be unpopular, is is our operators only have one contractor. In my experience, over the years when you only have one contractor, you can't get your work done.

00:28:32.490 --> 00:28:33.040

Roger Richards (Guest)

Uh-huh

00:28:33.210 --> 00:28:50.730

Cort Bennett (Guest)

And that's why you always have two or three contractors to work with. And you know, I'm look at the large operators in our state. You know, a lot of them use one contractor for locating, and if they had multiple contractors to work with, they could probably be more successful.

00:28:51.740 --> 00:29:01.840

Cort Bennett (Guest)

And getting the locates done. And that's and that's, and that's what we're all laughter is to get the work done and get him located. And yes, take noise, you know, take the waste out of the system as well.

00:29:02.640 --> 00:29:03.330

Cort Bennett (Guest)

But I'm just saying.

00:29:04.240 --> 00:29:09.530

Cort Bennett (Guest)

To fix the problem, operators need to have more than one choice.

00:29:10.460 --> 00:29:12.290

Cort Bennett (Guest)

In competition dinner locates.

00:29:10.630 --> 00:29:11.160

Roger Richards (Guest)

and that.

00:29:12.750 --> 00:29:28.820

Roger Richards (Guest)

That was something that was mentioned in there also court and I appreciate you saying that was that is an issue and it's not just North Carolina, it's across the country that that these facility owners is like that. They only have one egg in their basket instead of two or three.

00:29:29.470 --> 00:29:32.720

Roger Richards (Guest)

But also in in with you talking that keyed something else.

00:29:34.480 --> 00:29:40.120

Roger Richards (Guest)

One of the other issues that was on there and I don't disagree with that it was.

00:29:41.010 --> 00:29:50.550

Roger Richards (Guest)

The information that that we you know it's contractors and everything else is putting on these locate tickets need to be defined.

00:29:51.560 --> 00:29:52.830

Roger Richards (Guest)

Uh, a lot better.

00:29:53.490 --> 00:30:07.990

Roger Richards (Guest)

You know, be more specific of what you need and you know major intersections is one of the biggest ones. You know if you're just gonna be working on the southwest side of an intersection, just put that on there, don't have them locate the whole.

00:30:08.830 --> 00:30:13.510

Roger Richards (Guest)

Freaking intersection and and you only working on one corner of it.

00:30:15.540 --> 00:30:36.810

Roger Richards (Guest)

It was also brought up to about going back to white lining and you know, and Ann Rushing was setting in there with me and she pulled the book right out and and told him what our law said. You know is if you can't adequately describe on that locate ticket what you're wanting to do, you need to flag or white line.

00:30:37.690 --> 00:30:38.480

Roger Richards (Guest)

Ann

00:30:39.650 --> 00:30:45.220

Roger Richards (Guest)

you know that that sort of got a lot of peoples attention right? There that we actually had that written in our law.

00:30:45.890 --> 00:31:10.160

Cort Bennett (Guest)

Well, white lining, as you know as contractors, that's what we need to do to help the locate community out. We need to do that now. There's deceptions to everything. And then there's training and getting people up to speed. But that's where we just all work together to make it happen. And at the end of the

day, 811 is nothing but, you know, safety driven. This is all about safety. Safety for their excavator, safety for the operator, safety for their customers.

00:30:51.290 --> 00:30:51.740

Roger Richards (Guest)

Uh-huh

00:31:10.880 --> 00:31:11.850

Cort Bennett (Guest)

Stakeholders.

00:31:12.430 --> 00:31:17.050

Cort Bennett (Guest)

But I go back to it again, you know. And to resolve these issues.

00:31:17.830 --> 00:31:30.570

Cort Bennett (Guest)

The operators are going to have to create competition to get the work done and that will that will. That will alleviate a lot of issues with improvements and all above, but that's all.

00:31:31.130 --> 00:31:40.400

Roger Richards (Guest)

well I like what you just say it in there too. Is is ultimately we need to work together and and I feel like.

00:31:38.670 --> 00:31:39.420

Cort Bennett (Guest)

Yes.

00:31:41.100 --> 00:31:42.520

Roger Richards (Guest)

Uh, we do.

00:31:43.560 --> 00:31:47.480

Roger Richards (Guest)

I know I'm I'm aggravating Robert Young. Chime in on this, buddy.

00:31:48.040 --> 00:31:51.160

Roger Richards (Guest)

Uh, sometimes to deal with on things, but.

00:31:51.770 --> 00:31:56.580

Roger Richards (Guest)

Uh, if we don't look out for each other, then like you were saying, court.

00:31:57.410 --> 00:32:03.130

Roger Richards (Guest)

The safety of everybody that's out there. We might as well throw it out to wind if we're not going to work together on it.

00:32:05.590 --> 00:32:18.880

Roger Richards (Guest)

And on the white line in Part 2, if if you are white line and I know we brought this up to is put your company name and the date that you did you white line and on there that way.

00:32:20.010 --> 00:32:21.910

Roger Richards (Guest)

When that locator gets out there.

00:32:22.500 --> 00:32:27.670

Roger Richards (Guest)

Uh, Jeremy Zone here with Propstconstruction and I'm just going to use him for a minute.

00:32:27.740 --> 00:32:42.610

Roger Richards (Guest)

Uh, if if we're not doing the same project and I've got a ticket in Jeremy's got a ticket, and these tickets were done just about the same time. Or maybe a day apart from each other, that locator gets out there.

00:32:43.300 --> 00:33:08.780

Roger Richards (Guest)

If both of us is white lined, he don't have a clue who's white lines what who's white line? So if we put our name in our date or our name and the date that we've quite lined that one, that locator gets out there. If he's doing approach locate ticket, he seized their white line and is able to locate what their request and versus our white line because our description maybe something totally different.

00:33:09.720 --> 00:33:15.460

Roger Richards (Guest)

So that's just some things to think about. Maybe incorporate as you as you white line.

00:33:22.790 --> 00:33:24.680

Roger Richards (Guest)

And everybody is asleep again.

00:33:25.550 --> 00:33:25.900

Roger Richards (Guest)

Now.

00:33:26.280 --> 00:33:26.600

Calabrese, Joel Thomas

Yeah.

00:33:28.510 --> 00:33:29.220

Wilson, Carl

No.

00:33:30.510 --> 00:33:37.690

Calabrese, Joel Thomas

This is Joel Calabrese, I've got it. I've got a monthly damages report. If you're interested in that.

00:33:32.500 --> 00:33:33.120

Roger Richards (Guest)

Hey girl

00:33:37.680 --> 00:33:42.810

Roger Richards (Guest)

I mean you read you just want me to shut up and get to that so everybody can get started getting their turkeys ready.

00:33:43.810 --> 00:33:48.070

Roger Richards (Guest)

I'm good with that brother. Uh, yeah Joe, if you want to go ahead, that's fine.

00:33:45.510 --> 00:33:45.900

Calabrese, Joel Thomas

OK.

00:33:48.510 --> 00:33:48.890

Calabrese, Joel Thomas

OK.

00:33:50.060 --> 00:33:53.580

Calabrese, Joel Thomas

The monthly damages decreased 6% in October.

00:33:54.550 --> 00:33:58.980

Calabrese, Joel Thomas

Which is good 108 in October compared to 115.

00:34:00.150 --> 00:34:09.260

Calabrese, Joel Thomas

Monthly tickets increased 1% in October 20, 8262 compared to September 20, 7951.

00:34:10.170 --> 00:34:18.880

Calabrese, Joel Thomas

The top three root causes were were 75% of the damages and the notification 2811.

00:34:20.340 --> 00:34:30.120

Calabrese, Joel Thomas

It was 27% of that excavator failed to maintain clearance after verifying marks was 26% of that and locator error was 22% of that.

00:34:31.300 --> 00:34:39.100

Calabrese, Joel Thomas

There were 25 no called damages in October, 6 were from homeowners. 19 were contractors.

00:34:40.960 --> 00:34:46.080

Calabrese, Joel Thomas

So there's a list here, but I don't need to go down through the list, but.

00:34:47.350 --> 00:34:57.500

Calabrese, Joel Thomas

Yeah, it's just unfortunate that you think homeowners are going to be the the ones that don't understand, but it's contractors that are having that issue.

00:34:58.180 --> 00:34:59.530

Calabrese, Joel Thomas

So that's that's what I've got.

00:34:58.420 --> 00:34:58.870

Roger Richards (Guest)

It will.

00:34:59.950 --> 00:35:02.230

Roger Richards (Guest)

Joe, you know I am gonna ask the yes.

00:35:02.920 --> 00:35:06.540

Roger Richards (Guest)

With those 19 contractors and I'm.

00:35:07.230 --> 00:35:18.820

Roger Richards (Guest)

Very positive that you've got their name and and all of that. Is that something that that y'all were gonna pass alone 2811 that? So hopefully maybe they can reach out to woman.

00:35:19.420 --> 00:35:20.610

Roger Richards (Guest)

And educate them.

00:35:21.800 --> 00:35:24.350

Calabrese, Joel Thomas

It could be done very easily. Who do you want me to send it to?

00:35:26.310 --> 00:35:34.000

Roger Richards (Guest)

Tammy raised her hand. That's what I was waiting on. I was not going to volunteer her or I didn't want to fall and told her I was wanting her to volunteer.

00:35:34.520 --> 00:35:39.640

Tami Stout

Not, but I've we we've done that before and I'll be happy to be happy too.

00:35:40.200 --> 00:35:43.170

Calabrese, Joel Thomas

OK, I will forward this information to do Tami.

00:35:40.990 --> 00:35:41.330

Roger Richards (Guest)

Yep.

00:35:43.660 --> 00:35:44.340

Tami Stout

Thank you Sir.

00:35:43.690 --> 00:35:50.820

Roger Richards (Guest)

And and you know, Joe, it's funny that you you say that too, because I've actually got two contractors.

00:35:52.370 --> 00:35:58.480

Roger Richards (Guest)

Names that that I'm gonna be passing along to her. Also for bait honestly just same reason.

00:35:59.090 --> 00:35:59.860

Roger Richards (Guest)

Uhm?

00:36:00.520 --> 00:36:04.750

Roger Richards (Guest)

They're out there digging and all of that and and don't have a locate ticket.

00:36:06.540 --> 00:36:08.850

Calabrese, Joel Thomas

Well, you'll have it here in a few minutes.

00:36:11.210 --> 00:36:12.130

Tami Stout

Thank you Sir.

00:36:12.450 --> 00:36:12.850

Calabrese, Joel Thomas

You're welcome.

00:36:14.990 --> 00:36:19.830

Roger Richards (Guest)

I'm gonna do like I usually do. I'm I'm gonna try to start at the top of the list.

00:36:21.070 --> 00:36:23.830

Roger Richards (Guest)

And go down and.

00:36:25.020 --> 00:36:27.100

Roger Richards (Guest)

Going up to the top, I just.

00:36:28.170 --> 00:36:28.800

Roger Richards (Guest)

This name.

00:36:33.760 --> 00:36:36.490

Tami Stout

Your your sound dropped out there for a second.

00:36:36.060 --> 00:36:40.710

Roger Richards (Guest)

However, comma I touch my computer, it does and I get that notification also.

00:36:41.980 --> 00:36:42.670

Roger Richards (Guest)

Uhm?

00:36:43.940 --> 00:36:49.890

Roger Richards (Guest)

You know, we've been running these meetings every month now. For a long time.

00:36:50.830 --> 00:36:51.630

Roger Richards (Guest)

Ann

00:36:53.200 --> 00:36:55.940

Roger Richards (Guest)

we've been running them without a Co chair.

00:36:57.080 --> 00:37:05.270

Roger Richards (Guest)

We've tried a couple, they didn't last long and I don't know if it's me or or they just run out of time forward or whatever, but.

00:37:05.900 --> 00:37:11.780

Roger Richards (Guest)

We have someone that is showing interest in being a Co chair of this committee.

00:37:12.480 --> 00:37:15.320

Roger Richards (Guest)

And it's David Talbert.

00:37:15.900 --> 00:37:18.390

Roger Richards (Guest)

David used to be with NCDOT.

00:37:18.440 --> 00:37:21.820

Roger Richards (Guest)

B for I think quite a few years.

00:37:23.050 --> 00:37:33.880

Roger Richards (Guest)

Now he's with caller, yours, engineering and design, and you know that that decision needs to be a committee decision.

00:37:34.490 --> 00:37:36.060

Roger Richards (Guest)

And and I'm gonna throw it out there.

00:37:36.110 --> 00:37:44.600

Roger Richards (Guest)

There, uh or let me throw it out here. This way if anyone else wants to throw their name in the hat to be Co chair.

00:37:45.600 --> 00:37:46.990

Roger Richards (Guest)

Of this committee.

00:37:47.720 --> 00:38:01.720

Roger Richards (Guest)

I feel like that's something we need to decide on and and move forward with. Not that I enjoy this. Every month I look forward to it. I talked to people about it, but they may be a time that I can't be.

00:38:02.430 --> 00:38:11.310

Roger Richards (Guest)

End the meeting or at the meeting when we go back to in person meetings and and that's where this Co chair could step in and and take the reins on it.

00:38:14.550 --> 00:38:17.510

Roger Richards (Guest)

So, does anyone wanna throw their hat in there?

00:38:18.180 --> 00:38:19.280

Roger Richards (Guest)

Along with David.

00:38:24.170 --> 00:38:28.930

Wilson, Carl

Hey Roger, I don't wanna throw my name in the hat, but I'll. I'll support you. I will support it.

00:38:32.790 --> 00:38:33.400

Roger Richards (Guest)

Well, I thought.

00:38:32.900 --> 00:38:36.840

Wilson, Carl

Yeah, I'll I'll support it, man. I I can understand I'm I'm.

00:38:37.950 --> 00:38:41.320

Wilson, Carl

Yeah, it's you know if if we've got a person that's willing to do it and.

00:38:42.210 --> 00:38:43.390

Wilson, Carl

Hey, that's that's great.

00:38:44.320 --> 00:38:45.060

Wilson, Carl

Got my support.

00:38:44.480 --> 00:38:49.450

Roger Richards (Guest)

Good good thank you. You said that I might have had to throw yours in there just for the heck of it.

00:38:49.260 --> 00:38:49.600

Wilson, Carl

Oh no.

00:38:52.550 --> 00:38:53.270

Wilson, Carl

I'm good.

00:38:53.880 --> 00:38:55.260

Roger Richards (Guest)

No, we appreciate that.

00:38:55.510 --> 00:39:00.400

Roger Richards (Guest)

Uh, so I would. I would take that Carl is a motion to.

00:39:01.140 --> 00:39:01.740

Roger Richards (Guest)

Uh.

00:39:03.030 --> 00:39:05.150

Roger Richards (Guest)

Nominate David as the Co chair.

00:39:07.570 --> 00:39:12.540

Wilson, Carl

Yes, Sir, I'll I like to make a motion to nominate David S coach here. This is Carl.

00:39:09.330 --> 00:39:09.760

Roger Richards (Guest)

OK.

00:39:12.150 --> 00:39:12.620

Roger Richards (Guest)

OK.

00:39:13.480 --> 00:39:13.900

Wilson, Carl

Yes, Sir.

00:39:14.540 --> 00:39:15.430

Herring, Marshel B

I'll second that.

00:39:16.030 --> 00:39:16.680

Roger Richards (Guest)

Who who?

00:39:16.250 --> 00:39:16.530

Neely, Robert L

Rob.

00:39:17.010 --> 00:39:17.870

Neely, Robert L

2nd 2.

00:39:17.510 --> 00:39:18.270

Herring, Marshel B

Most learn.

00:39:18.510 --> 00:39:20.870

Tami Stout

Thanks Marshel and Robert both.

00:39:20.350 --> 00:39:26.870

Roger Richards (Guest)

Yeah, right David, say you sent your name come up there first. That's dark. What that and uh.

00:39:27.830 --> 00:39:29.610

Roger Richards (Guest)

One, thank you for.

00:39:31.040 --> 00:39:45.080

Roger Richards (Guest)

Warning to step up and and and help out with the committee like that and you know, we really appreciate that and appreciate you being involved with it, not only from the DOT side but now from an engineering and design side.

00:39:46.950 --> 00:39:48.680

Roger Richards (Guest)

Then I'll let you.

00:39:49.570 --> 00:39:51.950

Roger Richards (Guest)

Have the have the computer now.

00:39:52.780 --> 00:39:58.660

David Talbert

Yeah, thanks a matter fact I gotta call right here to let him o'clock with Larry Sanders so.

00:39:58.980 --> 00:40:00.210

Roger Richards (Guest)

Oh yeah.

00:40:00.840 --> 00:40:11.250

David Talbert

So thank you for letting me speak first. Uh, I don't mean that kind of jump off of here, but, uh, I. I think he's pretty well high up. I need to speak to him.

00:40:04.350 --> 00:40:04.920

Roger Richards (Guest)

Yeah.

00:40:11.520 --> 00:40:12.090

Roger Richards (Guest)

Yeah.

00:40:11.880 --> 00:40:15.760

David Talbert

Ah no, I appreciate it. Thank you. Yeah, I'll jump in and help you out.

00:40:15.820 --> 00:40:21.200

David Talbert

Uh, you know, do what you gotta do. Yeah came from NCDOT it came from.

00:40:21.970 --> 00:40:39.580

David Talbert

Now utility but I wanna say one thing, you did hit the nail on the head with or I think it was court or somebody was talking about. If those utility companies could use more locators instead of putting all their eggs in one basket. And of course what they've done is placed.

00:40:40.970 --> 00:40:44.470

David Talbert

You know when I when I was at Windstream, we had a, uh.

00:40:45.570 --> 00:40:48.580

David Talbert

Oh golly round tip of my tongue. We we had a.

00:40:49.590 --> 00:40:52.790

David Talbert

Prom contractor and that's who we use and.

00:40:53.400 --> 00:40:59.960

David Talbert

That's always use and if you weren't getting nothing out of them, you couldn't go nowhere else and get anything.

00:41:00.610 --> 00:41:02.380

David Talbert

So you know.

00:41:03.580 --> 00:41:13.360

David Talbert

When I came from a smaller company, we had 10 or 15 contractors and will contractor he's not getting the work done. Will go to be will go to see.

00:41:14.140 --> 00:41:22.450

David Talbert

But UM, yeah, and matter fact. Another thing you said that that that code came up whenever I was with the NCDOT.

00:41:23.320 --> 00:41:29.290

David Talbert

The, uh, talked to the excavator. Well, I'm the one that called the ticket in.

00:41:30.350 --> 00:41:37.160

David Talbert

And nobody is even reached out to me, but they're saying they're gonna call talk to the excavator on site well?

00:41:37.980 --> 00:41:42.370

David Talbert

I am the escalator I am, you know, the one you need to talk to so.

00:41:43.040 --> 00:41:46.050

David Talbert

You know, I think there's a lot and needs to be worked out, but.

00:41:47.440 --> 00:42:02.150

David Talbert

You know, I do say it would be nice, I I really don't know who I was on the call as far as you know, locators. I don't you know The thing is, it really needs to be educated between contractors.

00:42:03.100 --> 00:42:15.980

David Talbert

Doing the work or whoever is doing the work and the locator community, they all need to be on the call, but you know with 1400 tickets a day, you're not going to get him on the call. They're out there working.

00:42:16.330 --> 00:42:16.900

Roger Richards (Guest)

Uh-huh

00:42:16.820 --> 00:42:17.390

David Talbert

And.

00:42:18.310 --> 00:42:21.170

David Talbert

You know, if you gotta make these calls over and over and over.

00:42:21.840 --> 00:42:26.370

David Talbert

And you know, I heard y'all talking before. I think Howard was talking about somebody.

00:42:27.420 --> 00:42:31.940

David Talbert

You know the the job was completed two years ago and you're still calling in tickets.

00:42:33.120 --> 00:42:33.730

David Talbert

So.

00:42:34.370 --> 00:42:42.360

David Talbert

You know, it just takes a lot and it takes a lot of time and not everybody can do it, but you know, but it does take a team effort to get there.

00:42:43.610 --> 00:42:59.560

David Talbert

But I I appreciate it. I'll do what I can help you out. I knew my schedule gets pretty busy sometimes, just like I got that meeting put on me at 11:00 o'clock. Today it was at 12. Now it's at 11 so it got pushed up while we were talking.

00:43:00.330 --> 00:43:09.440

David Talbert

So you know I appreciate it. Anything you got my Tami got me information just give me a holler and I'll look forward to working with you.

00:43:10.340 --> 00:43:11.210

David Talbert

Thank you guys.

00:43:11.710 --> 00:43:12.640

Roger Richards (Guest)

thank you David.

00:43:14.080 --> 00:43:14.900

Tami Stout  
Thanks David.

00:43:17.920 --> 00:43:21.910

Roger Richards (Guest)  
Howard, I'm a I'm a get you last if I tried buddy.

00:43:22.300 --> 00:43:26.850

Tami Stout  
Uh, I think Howard had to pop off. He had another meeting coming up so.

00:43:25.460 --> 00:43:25.930

Roger Richards (Guest)  
OK.

00:43:27.800 --> 00:43:31.370

Tami Stout  
I don't think he had anything, but I can ask him.

00:43:31.710 --> 00:43:33.140

Roger Richards (Guest)  
We don't have to worry about him.

00:43:35.810 --> 00:43:45.430

Roger Richards (Guest)  
Jeremy, you're next on my my listed one. Thank you for being here and I don't mean you had this discussion yesterday and.

00:43:46.290 --> 00:43:52.680

Roger Richards (Guest)  
Uh, looking forward to y'all getting involved with this and and other things we discussed yesterday also.

00:43:53.290 --> 00:43:54.270

Roger Richards (Guest)  
But you got anything.

00:43:56.170 --> 00:43:59.770

Jeremy Lowder  
I don't, but I do appreciate the invite and I'm looking forward to it.

00:44:00.650 --> 00:44:18.350

Roger Richards (Guest)  
We'll make sure your own there every month. It it if there's a month that you don't get it, please let us know. I I know that 811 has kicked me out of their system a few times and I always swear up and down that it was intentional and they they say that it's not. But you know.

00:44:18.920 --> 00:44:24.270

Roger Richards (Guest)

Uh, if anybody owned here gets, but where you're not getting the invites, please let us know.

00:44:27.280 --> 00:44:30.750

Roger Richards (Guest)

Court you got anything your next under Jeremy?

00:44:31.120 --> 00:44:59.970

Cort Bennett (Guest)

No, everything's good like said, oh, you know, we've been in your roles area now since May and got any feedback. You know feedback is a gift and you know, is there anything that we can work on or do better? You know? Like said though, it's how it's given and how it's taken is important, but you know, you know anybody offline want to communicate with me or give me a call? I'd love to have some feedback on things that we can improve on and make things better.

00:45:00.860 --> 00:45:06.710

Cort Bennett (Guest)

And but no, that's it. Thanks guys. Have a wonderful Thanksgiving and we'll catch up next year sometime.

00:45:07.420 --> 00:45:33.670

Roger Richards (Guest)

No, yeah, and like you were saying like you were saying to, you know with this committee if we do have a problem in court, I'm just gonna use you as an example here. And if I've got a problem with you or you've got little me, you know we don't hesitate to reach out and say man, this is what's going on and and it's not know the what can we do to resolve this issue or or problem or whatever.

00:45:08.840 --> 00:45:09.560

Tami Stout

Thanks court.

00:45:34.400 --> 00:45:56.310

Roger Richards (Guest)

And you know, from past years of this committee when when we were only getting five or six people showing up to it, we never could get anything, worked out. And now this committee and I know there's not that many on here today, and and, you know, we understand with it being holidays, but.

00:45:56.940 --> 00:46:03.200

Roger Richards (Guest)

You know there's a lot of times where I ever Jim, between 20 and 30 people a month on these meetings.

00:46:03.850 --> 00:46:15.080

Roger Richards (Guest)

And you know, it still goes back to command and everybody that's involved with it because they're all willing to work together now and not point fingers and and everything else.

00:46:22.470 --> 00:46:26.540

Roger Richards (Guest)

So with that after court. Robert neely.

00:46:31.380 --> 00:46:54.120

Neely, Robert L

Hey Roger, I'm trying to see if we can get some kind of contact with spectral up in Huntsville. They've got several contractors up there and we've had some hits and Jim and myself was reached out to try to get somebody, but we need some kind of contact. We want to try to establish a relationship with them so we can cut down on the damage is up there.

00:46:53.550 --> 00:46:56.160

Roger Richards (Guest)

And you say, well, spectrum.

00:46:56.630 --> 00:46:57.110

Neely, Robert L

Yes.

00:46:57.860 --> 00:46:59.150

Roger Richards (Guest)

Uh, uh.

00:47:01.190 --> 00:47:04.720

Roger Richards (Guest)

Tami is has a question for you. Is Jody still with spectrum?

00:47:05.960 --> 00:47:07.050

Roger Richards (Guest)

I wonder if he'd be.

00:47:08.560 --> 00:47:10.920

Roger Richards (Guest)

Robert, almost send you a name.

00:47:12.760 --> 00:47:15.070

Roger Richards (Guest)

And you can reach out to him.

00:47:16.130 --> 00:47:17.050

Roger Richards (Guest)

If he can.

00:47:16.390 --> 00:47:16.960

Neely, Robert L

I can you?

00:47:17.670 --> 00:47:18.420

Neely, Robert L  
I Roger, can you?

00:47:17.740 --> 00:47:19.880

Tami Stout  
I just I just took care of it.

00:47:17.880 --> 00:47:18.280

Roger Richards (Guest)  
I'm here.

00:47:20.250 --> 00:47:20.660

Roger Richards (Guest)  
Oh

00:47:20.350 --> 00:47:24.260

Neely, Robert L  
Can you send it to me and Jim Collins, 'cause we both have tried to reach stout?

00:47:24.990 --> 00:47:25.330

Neely, Robert L  
And.

00:47:26.280 --> 00:47:27.630

Neely, Robert L  
Nobody is responding.

00:47:28.000 --> 00:47:29.310

Roger Richards (Guest)  
did you send it Tami?

00:47:29.940 --> 00:47:32.110

Tami Stout  
Just sent the message, I'm just waiting to hear back.

00:47:32.700 --> 00:47:37.710

Roger Richards (Guest)  
To the one menu. OK Robert, I'm gonna send you jody's.

00:47:33.900 --> 00:47:34.380

Tami Stout  
Jody

00:47:38.370 --> 00:47:39.750

Roger Richards (Guest)  
Contact information

00:47:41.670 --> 00:47:42.480

Roger Richards (Guest)

Ann.

00:47:43.290 --> 00:47:45.830

Roger Richards (Guest)

This way of Tami don't hear anything back.

00:47:46.490 --> 00:47:48.210

Roger Richards (Guest)

You can reach out to him.

00:47:51.250 --> 00:47:52.990

Roger Richards (Guest)

I tell you, I'm gonna send it to you.

00:47:53.710 --> 00:47:54.760

Roger Richards (Guest)

There there we go.

00:47:55.490 --> 00:47:56.080

Roger Richards (Guest)

Uh.

00:48:03.530 --> 00:48:04.710

Roger Richards (Guest)

Let me know if you get this.

00:48:04.760 --> 00:48:05.190

Roger Richards (Guest)

Yes.

00:48:12.030 --> 00:48:15.500

Roger Richards (Guest)

Hi Robert, I just sent that information to you.

00:48:15.550 --> 00:48:15.840

Roger Richards (Guest)

You

00:48:17.460 --> 00:48:21.680

Roger Richards (Guest)

hopefully you get it and you can send that. I mean I'm sorry.

00:48:22.800 --> 00:48:28.520

Roger Richards (Guest)

Reach out to him and see if that helps. If it does, you can send it to genome also if that's alright.

00:48:29.220 --> 00:48:30.220

Neely, Robert L

Yeah, I have it. Thank you.

00:48:30.470 --> 00:48:31.020

Roger Richards (Guest)

OK.

00:48:32.790 --> 00:48:36.300

Roger Richards (Guest)

Man, that's great look, look here what this committee does working together.

00:48:38.090 --> 00:48:39.600

Roger Richards (Guest)

You got anything else, Robert?

00:48:42.260 --> 00:48:43.010

Neely, Robert L

No, Sir.

00:48:43.500 --> 00:48:45.070

Roger Richards (Guest)

OK, thank you buddy.

00:48:45.900 --> 00:48:47.870

Roger Richards (Guest)

Uh marshel herring.

00:48:51.050 --> 00:48:52.530

Herring, Marshel B

no, I don't have anything today.

00:48:55.050 --> 00:48:55.700

Roger Richards (Guest)

OK.

00:49:00.260 --> 00:49:03.280

Roger Richards (Guest)

Joel, I'm back down to you. Have you got?

00:49:05.210 --> 00:49:06.290

Roger Richards (Guest)

Anything else?

00:49:07.300 --> 00:49:09.450

Calabrese, Joel Thomas

No, you you let me in early, thanks.

00:49:11.370 --> 00:49:17.230

Roger Richards (Guest)

As I was thinking that, you know, but you know me, as these names pop up, I still like to call on them.

00:49:17.990 --> 00:49:18.560

Roger Richards (Guest)

Uh.

00:49:18.050 --> 00:49:19.720

Calabrese, Joel Thomas

Well thank you, happy Thanksgiving.

00:49:20.120 --> 00:49:21.030

Roger Richards (Guest)

You too buddy.

00:49:21.870 --> 00:49:23.170

Roger Richards (Guest)

Terry weick

00:49:30.910 --> 00:49:31.470

Roger Richards (Guest)

Terry

00:49:33.410 --> 00:49:34.560

Roger Richards (Guest)

going once.

00:49:36.500 --> 00:49:37.430

Roger Richards (Guest)

Twice.

00:49:39.820 --> 00:49:40.860

Roger Richards (Guest)

All righty.

00:49:41.870 --> 00:49:42.440

Roger Richards (Guest)

Ah.

00:49:44.820 --> 00:49:46.740

Roger Richards (Guest)

Carl, down to you buddy.

00:49:51.790 --> 00:49:53.460

Wilson, Carl

Hey Roger, UM.

00:49:54.200 --> 00:49:55.970

Roger Richards (Guest)

Yeah, bigger had a mute.

00:49:55.920 --> 00:49:59.600

Wilson, Carl

Yeah, it's the hamburgers man. It's the hamburger.

00:50:02.020 --> 00:50:16.440

Wilson, Carl

Hey I I did want to just I don't have anything for the group but I did want to ask Robert are you good with what's going on in South Blvd or did you need? I know we we exchanged emails about meeting but I didn't know if you wanted to to catch up or.

00:50:18.350 --> 00:50:26.510

Wilson, Carl

If you if you wanted me to do anything else, or if you or if you're good to go, just wanted to check in on you, but other than that I don't have anything.

00:50:27.450 --> 00:50:37.420

Neely, Robert L

My car, actually, uh, uh, we gave it over to another guy, Alex Fraser and he's actually reached out to wheel, so he's taking over that project. That side of it.

00:50:42.070 --> 00:50:42.380

Roger Richards (Guest)

Right?

00:50:42.750 --> 00:50:44.380

Wilson, Carl

Of course I'll be happy to help out.

00:50:44.420 --> 00:50:44.870

Wilson, Carl

Uhm?

00:50:46.300 --> 00:50:48.780

Wilson, Carl

As much as I can. Alright thanks.

00:50:48.620 --> 00:50:49.240

Neely, Robert L

Thanks, Carl.

00:50:50.070 --> 00:50:55.440

Roger Richards (Guest)

Karloman Dash due to have you got anything from the board side?

00:51:00.890 --> 00:51:05.630

Wilson, Carl

No, not that I can think of, Roger. I've I know that there was a.

00:51:08.960 --> 00:51:20.400

Wilson, Carl

Well, we did. I think there was a discussion about our side meeting we had with with one of our committees. The Legislative Committee we met with some folks down in.

00:51:20.460 --> 00:51:25.160

Wilson, Carl

Come oh Florida, I believe and there there.

00:51:26.020 --> 00:51:28.570

Wilson, Carl

They're trying to pass this this law.

00:51:29.480 --> 00:51:35.230

Wilson, Carl

That would change the way they do locate and and what's required.

00:51:34.470 --> 00:51:34.880

Roger Richards (Guest)

Yeah.

00:51:36.460 --> 00:51:40.510

Wilson, Carl

Uh, right off hand I don't have the information in front of me. I have to admit, but.

00:51:41.930 --> 00:51:54.530

Wilson, Carl

It was, it was very interesting what they're trying to do and make changes for, but I don't like. I said I don't have have the information, but I I do know that it would truly inhibit.

00:51:56.280 --> 00:52:25.400

Wilson, Carl

The the locating process so I do remember that like there are people on the call, including Louis that you know we're like wow, I can't believe they're trying to do what they're trying to do, but the general consensus was that it's probably you know, of course, hopefully it won't come to to Charlotte or to North Carolina. Should I say to North Carolina for us to to be involved in that? But I'll, I'll dig out some more information and report back once we.

00:52:18.830 --> 00:52:19.350

Roger Richards (Guest)

Yeah.

00:52:25.450 --> 00:52:26.820

Wilson, Carl

We meet next next time.

00:52:27.190 --> 00:52:28.570

Roger Richards (Guest)

OK, thank you.

00:52:29.110 --> 00:52:29.590

Wilson, Carl

Thanks.

00:52:30.240 --> 00:52:38.690

Roger Richards (Guest)

And it's funny to Tami sharing this screen because Eric is the next one on my list. I guess she sees that too. Erick you wanna?

00:52:39.440 --> 00:52:41.060

Roger Richards (Guest)

Tell us what you got there buddy.

00:52:42.080 --> 00:52:42.900

Erick Guir (Town of Matthews) (Guest)

Hey yeah.

00:52:43.490 --> 00:52:52.370

Erick Guir (Town of Matthews) (Guest)

Yeah, thank you yeah. So one of our coworkers sent this up saying that one can was empty. One was full.

00:52:53.410 --> 00:53:04.740

Erick Guir (Town of Matthews) (Guest)

Uh, and she was saying that she, you know, she didn't know what the colors meant, so we kind of talked about it. But the fact that they whoever went out then it'll get and I wanna say that thread but.

00:53:05.350 --> 00:53:06.690

Erick Guir (Town of Matthews) (Guest)

Could be our end, I don't know.

00:53:08.430 --> 00:53:10.340

Erick Guir (Town of Matthews) (Guest)

You know, maybe often colors so.

00:53:10.400 --> 00:53:17.230

Roger Richards (Guest)

I had to make it look like laundry at end. Wanna ones orange, but so they're just leaving this behind.

00:53:15.070 --> 00:53:15.800

Erick Guir (Town of Matthews) (Guest)

Yeah, maybe.

00:53:18.620 --> 00:53:19.230

Roger Richards (Guest)

Uh.

00:53:18.880 --> 00:53:19.560

Erick Guir (Town of Matthews) (Guest)  
Yeah.

00:53:20.610 --> 00:53:22.020

Erick Guir (Town of Matthews) (Guest)  
So just bring it went to bring it up.

00:53:23.110 --> 00:53:26.860

Erick Guir (Town of Matthews) (Guest)  
Uh to hopefully whoever is doing the locates, I don't know.

00:53:27.230 --> 00:53:28.460

Erick Guir (Town of Matthews) (Guest)  
UH-2

00:53:29.320 --> 00:53:30.830

Erick Guir (Town of Matthews) (Guest)  
obviously, in a link trash, but.

00:53:31.760 --> 00:53:34.590

Erick Guir (Town of Matthews) (Guest)  
That's one thing I want to comment on.

00:53:35.840 --> 00:53:37.730

Erick Guir (Town of Matthews) (Guest)  
There there is another one.

00:53:38.730 --> 00:53:42.030

Erick Guir (Town of Matthews) (Guest)  
On you know Google. I'm sure a lot of you know.

00:53:42.830 --> 00:53:45.150

Erick Guir (Town of Matthews) (Guest)  
They know that here in town and Matthew.

00:53:44.450 --> 00:53:44.840

David Smith  
Yep.

00:53:46.380 --> 00:53:54.430

Erick Guir (Town of Matthews) (Guest)  
Uh, and they run into a neighborhood where they had gas fed St lamps.

00:53:55.720 --> 00:53:56.250

Roger Richards (Guest)  
Uh-huh

00:53:56.920 --> 00:53:59.240

Erick Guir (Town of Matthews) (Guest)  
That the locates.

00:54:00.050 --> 00:54:01.050

Erick Guir (Town of Matthews) (Guest)  
Like I didn't locate him.

00:54:03.350 --> 00:54:11.500

Erick Guir (Town of Matthews) (Guest)  
So my understanding is that they you know they called. They were wondering Alex if it was actually age.  
You know one of those hoia things but.

00:54:12.140 --> 00:54:23.280

Erick Guir (Town of Matthews) (Guest)  
It was not so they figure it PNG, but you know they needed to do the work. So Amanda standing is that  
they went, you know ahead and did the work. Anyways, you know trying to be careful around these  
lines.

00:54:23.910 --> 00:54:26.050

Erick Guir (Town of Matthews) (Guest)  
Uh, they understood as they hit two lines.

00:54:26.710 --> 00:54:31.420

Erick Guir (Town of Matthews) (Guest)  
Uh, called PNG. PNG came back out and repair them.

00:54:33.030 --> 00:54:35.380

Erick Guir (Town of Matthews) (Guest)  
But now I'm trying to get in contact with.

00:54:36.480 --> 00:54:38.320

Erick Guir (Town of Matthews) (Guest)  
PNG, which I I was able to get.

00:54:39.090 --> 00:54:48.970

Erick Guir (Town of Matthews) (Guest)  
Confirmation that they did the work. I didn't. I don't have a specific contact or out 'cause I don't know  
how that works and on gas fed streetlamps you know how PNG does it?

00:54:50.440 --> 00:54:51.010

Erick Guir (Town of Matthews) (Guest)  
But

00:54:52.360 --> 00:54:52.990

Erick Guir (Town of Matthews) (Guest)  
uh.

00:54:54.070 --> 00:55:00.180

Erick Guir (Town of Matthews) (Guest)

I was wondering if you guys run into that before. I guess the guys face St lamps and occasion where you know.

00:55:00.800 --> 00:55:02.100

Erick Guir (Town of Matthews) (Guest)

They didn't get located.

00:55:03.720 --> 00:55:04.550

Erick Guir (Town of Matthews) (Guest)

Yeah I can.

00:55:04.680 --> 00:55:08.930

Roger Richards (Guest)

and I'm uh, I'm gonna throw a couple questions out there is.

00:55:05.050 --> 00:55:05.610

Neely, Robert L

Ah.

00:55:09.540 --> 00:55:18.780

Roger Richards (Guest)

Did they see any evidence over utility out there, and if so, did they do a 3 hour ticket?

00:55:20.990 --> 00:55:22.040

Erick Guir (Town of Matthews) (Guest)

I do not know.

00:55:22.630 --> 00:55:23.090

Roger Richards (Guest)

OK.

00:55:22.810 --> 00:55:23.350

Erick Guir (Town of Matthews) (Guest)

Ah.

00:55:23.780 --> 00:55:27.300

Neely, Robert L

Hey Roger, this Robert actually I think I know who did that because they.

00:55:28.290 --> 00:55:30.040

Neely, Robert L

It may have been a.

00:55:31.550 --> 00:55:33.750

Neely, Robert L

Somebody working for prints working at Google.

00:55:34.250 --> 00:55:34.800

Roger Richards (Guest)

Uh-huh

00:55:35.370 --> 00:55:38.320

Neely, Robert L

And they actually asked me for a, uh.

00:55:39.530 --> 00:55:45.630

Neely, Robert L

But the locates and I actually gave them the private locators numbers that were on 811 site. I gave it to them.

00:55:46.640 --> 00:55:47.240

Neely, Robert L

And.

00:55:48.100 --> 00:55:51.180

Neely, Robert L

The contractor is, gosh, we just had that meeting.

00:55:58.250 --> 00:55:58.960

Neely, Robert L

I wrote it.

00:56:00.860 --> 00:56:01.980

Neely, Robert L

It's one of a.

00:56:01.050 --> 00:56:01.720

Erick Guir (Town of Matthews) (Guest)

You go online.

00:56:04.030 --> 00:56:04.830

Neely, Robert L

Oh gosh, yes.

00:56:05.540 --> 00:56:07.380

Neely, Robert L

It's one of the contractors for a.

00:56:08.140 --> 00:56:09.820

Neely, Robert L

Prints that they a sub.

00:56:09.010 --> 00:56:09.410

Erick Guir (Town of Matthews) (Guest)

Yeah.

00:56:11.090 --> 00:56:12.550

Neely, Robert L

That came in and they came in and.

00:56:13.320 --> 00:56:14.640

Neely, Robert L

Did the work and they actually.

00:56:15.400 --> 00:56:17.000

Neely, Robert L

Went through and hit a couple lamps.

00:56:17.560 --> 00:56:18.070

Erick Guir (Town of Matthews) (Guest)

Right?

00:56:19.070 --> 00:56:19.600

Neely, Robert L

And.

00:56:20.550 --> 00:56:23.170

Neely, Robert L

Prince of Bel yourself for prints for Google.

00:56:23.550 --> 00:56:24.030

Erick Guir (Town of Matthews) (Guest)

Yes.

00:56:24.460 --> 00:56:28.330

Neely, Robert L

And he actually got a little room with one of the contract the locators too and I.

00:56:29.730 --> 00:56:30.310

Neely, Robert L

I have

00:56:31.140 --> 00:56:34.940

Neely, Robert L

it's either via May or Jose. I'm trying my own ticket.

00:56:35.650 --> 00:56:39.360

Erick Guir (Town of Matthews) (Guest)

No, I think it's just like, well, I want to say it's Prince but my my.

00:56:38.530 --> 00:56:42.060

Neely, Robert L

It's Prince with one of their Subs that actually went out there and did it.

00:56:40.960 --> 00:56:51.770

Erick Guir (Town of Matthews) (Guest)

Oh yeah, yeah? Then there's some of these cells, I don't I I'm losing track here but the my question was and curiosity is why those gas phase streamlines went located for them.

00:56:47.570 --> 00:56:48.300

Neely, Robert L

Is phoenix?

00:56:52.580 --> 00:56:53.180

Erick Guir (Town of Matthews) (Guest)

Ah.

00:56:54.530 --> 00:57:00.100

Neely, Robert L

We actually told them that they needed to go out and hire. I send him the list off 811 and told them that.

00:56:54.770 --> 00:56:55.140

Erick Guir (Town of Matthews) (Guest)

Yeah.

00:57:01.880 --> 00:57:15.040

Neely, Robert L

Uh Heath will not locate those lamps. They need to look at that list and find whoever they want to use to locate those lamps for them. And Phoenix is the contractor. A silver prints and they went out and did it anyway, so.

00:57:17.990 --> 00:57:18.740

Roger Richards (Guest)

so they went out.

00:57:18.080 --> 00:57:20.030

Tami Stout

Guys, I'll be right back in just a second.

00:57:20.380 --> 00:57:32.970

Roger Richards (Guest)

OK, so they went out there Robert. What you're saying is is they went out there and Doug and everything without contacting this private line locator to come out there and locate those gas lines.

00:57:35.470 --> 00:58:00.450

Neely, Robert L

Correct, that's what they thought that he was going locate those lights for him and we told him no. So they reached out to us and I gave him a list of private. Can't you know, locators from 811 and said you need to call one of these guys and get them to look at the lights for you? I said good luck. I'm not sure how old the lamps are, it may it may they may have tracer wire and they may not have tracer wire, but it's on you guys look at that located.

00:58:02.230 --> 00:58:05.680

Cort Bennett (Guest)

Well, that that those are the customers fuel lines.

00:58:07.150 --> 00:58:35.720

Cort Bennett (Guest)

You know, in in North Raleigh, you like said no years of experience with that. What we always did. Now this is what we used to do. I don't know what they do now. 'cause I've been going for a few years but we would always locate the customers fuel lines for them they would call us we do it, but we'd always let them know that we're not. We're going to the best of our abilities to locate them few lines, but we're not going to be responsible for the pain on the ground because most fuel lines.

00:58:35.790 --> 00:58:38.420

Cort Bennett (Guest)

Don't have wire or no way to locate them.

00:58:39.490 --> 00:58:58.710

Cort Bennett (Guest)

You know it's and it's very difficult and and and in some cases we would run. Or are we shut the gas off? We could run a line down, you know the blind and locate it and mark it for him. And there were some different ways to do that, but as the operator we did that to help our customers 'cause they were customer fuel lines.

00:58:59.500 --> 00:59:09.760

Cort Bennett (Guest)

And that's the way we handled it. But and if they got hit, would come back and they most time our customers would want us to do the repair on him as well. But they but they got billed for it.

00:59:14.910 --> 00:59:16.870

Cort Bennett (Guest)

But I don't how things are done today.

00:59:18.420 --> 00:59:20.910

Roger Richards (Guest)

Eric, I don't know if this has helped you or not.

00:59:21.330 --> 00:59:27.340

Erick Guir (Town of Matthews) (Guest)

It is a letter. I mean just one hour skiers to see, you know.

00:59:28.590 --> 00:59:39.790

Erick Guir (Town of Matthews) (Guest)

How what that approach was to locate these guys fed? Because I from from my end I know you know Google is coming in and after them.

00:59:40.600 --> 00:59:42.540

Erick Guir (Town of Matthews) (Guest)

Right, right behind them it's open fiber.

00:59:43.300 --> 00:59:48.500

Erick Guir (Town of Matthews) (Guest)

And they're going to be going through this neighborhood and I'm gonna run into this situation again. I'm sure they're gonna.

00:59:49.110 --> 00:59:56.570

Erick Guir (Town of Matthews) (Guest)

You know, be asking about this location on. You know guys, you know this street lamps and it would be nice to kind of.

00:59:57.200 --> 01:00:05.940

Erick Guir (Town of Matthews) (Guest)

In my end, get ahead because two that was the one concern for the that I know be probably hearing about this again from open fiber, but the other one is.

01:00:07.130 --> 01:00:10.830

Erick Guir (Town of Matthews) (Guest)

One of them is that they hit a whoever came in and fixed it.

01:00:11.430 --> 01:00:17.830

Erick Guir (Town of Matthews) (Guest)

The the line they kind of had to take out a concrete curve and you know some payment.

01:00:18.530 --> 01:00:36.310

Erick Guir (Town of Matthews) (Guest)

So now I need to track, you know, make sure that that curve it gets repaired and I wasn't sure who the contact was for them. I mean I'm going out there and drive and checking when I called PNG they told me you know it's there. They got it on their schedule I guess, but it's it's always kind of had nice to have a direct contact.

01:00:37.240 --> 01:00:37.860

Erick Guir (Town of Matthews) (Guest)

Ah.

01:00:38.960 --> 01:00:40.260

Erick Guir (Town of Matthews) (Guest)

Or whoever is doing the work.

01:00:41.340 --> 01:00:42.380

Erick Guir (Town of Matthews) (Guest)

So I know.

01:00:42.830 --> 01:00:43.300

Erick Guir (Town of Matthews) (Guest)

Uh.

01:00:44.320 --> 01:00:48.590

Erick Guir (Town of Matthews) (Guest)

I got a better time and then I guess because you know some of the issues. Sometimes it happens that.

01:00:49.570 --> 01:00:55.370

Erick Guir (Town of Matthews) (Guest)

They got might get missed and then months and months happen and no curve gets replaced. So I like staying on top of this.

01:00:56.020 --> 01:00:56.490

Erick Guir (Town of Matthews) (Guest)

Uh.

01:00:58.720 --> 01:00:59.410

Roger Richards (Guest)

Right?

01:01:00.160 --> 01:01:00.780

Roger Richards (Guest)

Uhm?

01:01:02.820 --> 01:01:07.400

Roger Richards (Guest)

Robert, I don't know if you can help him with a contact with stuff like that or.

01:01:09.940 --> 01:01:14.020

Roger Richards (Guest)

But maybe y'all can reach out to each other after the meeting and and.

01:01:15.780 --> 01:01:18.750

Roger Richards (Guest)

Or after the holidays and and you know.

01:01:19.430 --> 01:01:23.310

Roger Richards (Guest)

So what we can do to resolve this? But if if.

01:01:24.390 --> 01:01:29.220

Roger Richards (Guest)

Robert had talked to that contractor and told them they needed to get a private line locator.

01:01:29.780 --> 01:01:38.400

Roger Richards (Guest)

Uh, then it's you know, one that's what they should have done, and to me if they didn't make that call, everything should fall back on them.

01:01:39.030 --> 01:01:39.510

Erick Guir (Town of Matthews) (Guest)

Yep.

01:01:39.800 --> 01:01:47.790

Roger Richards (Guest)

And you know, with that, Erick also is if you've got other HOA's that has these in there then.

01:01:49.120 --> 01:01:59.380

Roger Richards (Guest)

Somehow another this this may need to be passed along to these contractors coming in that there's stuff in there that is privately owned and they it is their responsibility.

01:01:59.970 --> 01:02:03.450

Roger Richards (Guest)

To hurry private land locator to come out and locate it.

01:02:07.400 --> 01:02:08.700

Erick Guir (Town of Matthews) (Guest)

Yes, uh.

01:02:09.830 --> 01:02:14.080

Erick Guir (Town of Matthews) (Guest)

Our creative Robert. You can send me that list if you don't mind.

01:02:14.670 --> 01:02:30.400

Erick Guir (Town of Matthews) (Guest)

Uh, just for future reference for open fiber and how you know, keep track of that curve, get replaced. Or you know I don't know how Google and PNG. When I had that worked out, but I mean somebody has to replace that curve, right?

01:02:31.230 --> 01:02:31.980

Erick Guir (Town of Matthews) (Guest)

Uh, so.

01:02:33.470 --> 01:02:34.420

Erick Guir (Town of Matthews) (Guest)

Go from there, thank you.

01:02:35.460 --> 01:02:36.570

Roger Richards (Guest)

Uh-huh, thank you.

01:02:37.500 --> 01:02:40.450

Roger Richards (Guest)

Uh, Jim can't, I'm sorry.

01:02:39.000 --> 01:02:39.400

Neely, Robert L

Uh.

01:02:40.760 --> 01:02:42.380

Neely, Robert L

Hey, just wondering, uh?

01:02:43.230 --> 01:02:47.620

Neely, Robert L

I just got we had a meeting where Prince I wish I'd have known. I would have made them aware but uh.

01:02:48.220 --> 01:02:59.100

Neely, Robert L

Prince just send me over a couple more prints. They actually pretty hot up in a Matthew ever, so Google's in there and they're they're going into more neighborhoods so.

01:03:00.140 --> 01:03:01.740

Neely, Robert L

Just giving you a heads up on that.

01:03:06.090 --> 01:03:07.490

Roger Richards (Guest)

Alright, thank you Robert.

01:03:09.510 --> 01:03:10.170

Roger Richards (Guest)

Jim.

01:03:11.460 --> 01:03:12.480

Collins, Jim

Hey good morning everybody.

01:03:13.970 --> 01:03:21.390

Collins, Jim

I just thanks for the contact through spectrum. As you know, Robert asked me forward and then on to me. That's going to be helpful to reach out to them.

01:03:22.590 --> 01:03:30.110

Collins, Jim

Everything I wanted to mention was, you know, talking about the operators only having one locator. When I was at the CJ conference last month.

01:03:30.540 --> 01:03:53.330

Collins, Jim

Uh, so a couple presentations and some of the other operators in the country. They are utilizing more than one operator and they say that does help you know as far as not putting all your eggs in one basket. I think if somebody said so. That's something I think we should probably look into at Piedmont for future, but I think that's that's good. Good information. Appreciate that. So that's all I got.

01:03:54.230 --> 01:03:55.210

Roger Richards (Guest)

Alright thank you Gina.

01:03:56.780 --> 01:03:57.510

Roger Richards (Guest)

Uhm?

01:03:59.090 --> 01:04:00.590

Roger Richards (Guest)

Looking down my list.

01:04:02.150 --> 01:04:03.380

Roger Richards (Guest)

David Smith

01:04:07.190 --> 01:04:18.640

David Smith

I don't have anything, I'm sorry I'm late, but I had an appointment and just wish everybody happy. Thanksgiving and congratulations to Tami or wedding this weekend.

01:04:20.070 --> 01:04:21.490

Roger Richards (Guest)

she's still got time to run.

01:04:21.070 --> 01:04:22.090

Tami Stout

Thank you.

01:04:22.330 --> 01:04:22.910

Roger Richards (Guest)

Uh.

01:04:23.820 --> 01:04:26.460

Roger Richards (Guest)

Now thank you David, for for being on here.

01:04:27.420 --> 01:04:27.980

Roger Richards (Guest)

Ah.

01:04:29.740 --> 01:04:30.500

Roger Richards (Guest)

Erick Cline

01:04:30.560 --> 01:04:30.830

Roger Richards (Guest)

then?

01:04:32.070 --> 01:04:35.650

Roger Richards (Guest)

And guys, I apologize. I'm fighting a sinus infection so I'm sure.

01:04:38.270 --> 01:04:40.620

Roger Richards (Guest)

The way I'm talking is not the best in the world.

01:04:44.090 --> 01:04:46.160

Roger Richards (Guest)

Eric, you stay alone here. Erick Cline.

01:04:49.300 --> 01:04:49.830

Roger Richards (Guest)

OK.

01:04:50.440 --> 01:04:52.120

Roger Richards (Guest)

What about Tracy?

01:04:56.260 --> 01:05:13.730

Taylor, Tracy

Good morning everybody. I missed the beginning of the meeting. I didn't have it set on my thing and all this stuff. All these excuses so I don't have anything for you. But happy Thanksgiving and Happy Wedding day, Tami. I think it's exciting.

01:05:02.470 --> 01:05:02.750

Roger Richards (Guest)

Out.

01:05:04.870 --> 01:05:05.930

Roger Richards (Guest)

There you got it.

01:05:09.370 --> 01:05:10.400

Roger Richards (Guest)

No report.

01:05:14.250 --> 01:05:14.970

Tami Stout

Thanks.

01:05:15.570 --> 01:05:18.360

Taylor, Tracy

Sarah is on a cruise somewhere in the Pacific.

01:05:21.450 --> 01:05:22.820

Taylor, Tracy

Uh, should be back on Monday.

01:05:23.480 --> 01:05:25.650

Roger Richards (Guest)

Then you don't. You don't have no report.

01:05:23.760 --> 01:05:25.100

Taylor, Tracy

Sequence.

01:05:26.640 --> 01:05:27.520

Taylor, Tracy

I didn't even look.

01:05:27.570 --> 01:05:27.700

Taylor, Tracy

Like

01:05:28.180 --> 01:05:29.690

Roger Richards (Guest)

Oh my gosh.

01:05:30.360 --> 01:05:32.770

Roger Richards (Guest)

I'll take good helps hard to find nowadays.

01:05:32.430 --> 01:05:34.180

Taylor, Tracy

I know, I know.

01:05:36.080 --> 01:05:36.910

Roger Richards (Guest)

No breaking.

01:05:36.870 --> 01:05:40.120

Taylor, Tracy

I remember last minute. Oh shoot, I was supposed to be in a meeting.

01:05:41.700 --> 01:05:49.460

Roger Richards (Guest)

Now, honestly, you're starting to sound like me where it just hits you. Like man, I'm supposed to be doing something and it's like, oh crap, that's where I'm supposed to be.

01:05:50.120 --> 01:05:50.600

Roger Richards (Guest)

Uh.

01:05:51.480 --> 01:05:57.300

Roger Richards (Guest)

But no thank you for being here. Did I forget anybody or miss any buddies name?

01:05:58.240 --> 01:05:58.610

Tami Stout

Sure.

01:05:59.010 --> 01:06:01.120

Roger Richards (Guest)

More if I did, I apologize.

01:06:01.250 --> 01:06:01.790

Tami Stout

Bo.

01:06:03.030 --> 01:06:03.440

Roger Richards (Guest)

Huh?

01:06:03.890 --> 01:06:04.470

Tami Stout

Bo.

01:06:04.880 --> 01:06:05.660

Roger Richards (Guest)

Bo horse

01:06:08.200 --> 01:06:10.250

Bobby Turner

Roger outlying forget. About me pal.

01:06:08.340 --> 01:06:08.790

Roger Richards (Guest)

well.

01:06:10.950 --> 01:06:16.490

Roger Richards (Guest)

No buddy, I didn't mean to. I don't see you name on here, but you know how that is.

01:06:17.230 --> 01:06:20.300

Bobby Turner

I understand Roger. I don't have anything.

01:06:18.290 --> 01:06:19.930

Roger Richards (Guest)

No, you know what?

01:06:20.860 --> 01:06:23.500

Roger Richards (Guest)

I do see it as and I'm sorry.

01:06:21.130 --> 01:06:21.730

Bobby Turner

But the.

01:06:23.800 --> 01:06:30.980

Bobby Turner

No, you're good. I will say it, I'm kinda just hard. I didn't get no invite to Tami's wedding, but that's OK.

We will talk about it later I guess.

01:06:28.740 --> 01:06:29.130

Roger Richards (Guest)

Yep.

01:06:33.350 --> 01:06:35.220

Bobby Turner

But yeah, just just.

01:06:34.260 --> 01:06:39.170

Roger Richards (Guest)

She said she said something about needing a flower girl.

01:06:39.870 --> 01:06:40.140

Bobby Turner

Right?

01:06:42.160 --> 01:06:54.110

Tami Stout

Are y'all laugh? My my oldest granddaughter is gonna be my little maid of honor and her brother is very put out with me 'cause he said well I could be your man of honor.

01:06:57.270 --> 01:07:00.560

Roger Richards (Guest)

I mean, it sounds like both volunteered for flower girl though.

01:07:02.440 --> 01:07:07.220

Bobby Turner

I mean, I'm sure there's a set, some tropical location. You know I'm down for anything like that for sure.

01:07:07.240 --> 01:07:10.210

Tami Stout

Oh, it's really tropical Charlotte.

01:07:13.340 --> 01:07:21.360

Bobby Turner

Now, Roger, I'm just thankful for a couple extra days off here to get recharge so we can get back at it.

Maybe after the holidays buddy, but I appreciate it. Happy Thanksgiving everybody.

01:07:13.480 --> 01:07:13.970

Roger Richards (Guest)

Oh

01:07:21.320 --> 01:07:35.130

Roger Richards (Guest)

I was gonna say brother, that's the truth. I think that's one thing everybody looks forward to not so much. Well I ain't gonna say not so much the eating part 'cause I I like to eat but just having that time off and and re energize.

01:07:35.810 --> 01:07:36.450

Bobby Turner

Yes, Sir.

01:07:37.430 --> 01:07:40.780

Tami Stout

Yeah, I'll say what you want. I got on stretchy pants today. I'm practicing.

01:07:41.010 --> 01:07:44.780

Roger Richards (Guest)

Yeah, we've seen when we gotta. You forgot video off.

01:07:46.500 --> 01:07:49.820

Roger Richards (Guest)

But now with that, does anybody have anything?

01:07:52.330 --> 01:07:56.310

Roger Richards (Guest)

Anything else or if I did forget anybody else again, I apologize.

## Meeting Summary

Total Numt 18

Meeting Title Mecklenburg Co UCC TEAMS Meeting

Meeting Start 11/24/2021, 9:50:44 AM

Meeting End 11/24/2021, 11:25:34 AM
