00:01:58.630 --> 00:02:05.210

James McHouell (Gas Distribution - 5P)

I would say that in the next week or two, not agree that 4 inch running along the NC 1:15 to get the shepherd landing.

00:01:58.870 --> 00:01:59.540

Sam Whittington (Gas Distribution - 5P)

00:02:19.700 --> 00:02:29.840

Sam Whittington (Gas Distribution - 5P)

Uh, we're pretty ramped up on the isolated services. We don't have any more inactive services, but I want a service side. We're really busy right now.

00:02:32.880 --> 00:02:38.010

James McHouell (Gas Distribution - 5P)

Alright, uh Baxter, did you have any plan you wanted to bring up this morning?

00:02:38.540 --> 00:02:41.670

Baxter Burris (Gas Distribution - 5P)

Uhm, no, not right off hand we've been.

00:02:42.380 --> 00:02:45.620

Baxter Burris (Gas Distribution - 5P)

Get hit pretty hard with the tickets from everybody.

00:02:46.290 --> 00:02:47.760

Baxter Burris (Gas Distribution - 5P)

But we seem to be doing.

00:02:48.400 --> 00:03:04.660

Baxter Burris (Gas Distribution - 5P)

They never keep up and everything. We still got Southern Cross doing some of our cable jobs and telephone jobs. Stuff like AT and everything, but everything's going pretty good that shepherds landing y'all are talking about is that is that from one down there all faith road or.

00:03:07.140 --> 00:03:12.380

James McHouell (Gas Distribution - 5P)

Yeah, that's the one up there off of NC 115 up from Shin Ville Rd.

00:03:07.320 --> 00:03:08.450

McKee, Jim

No, that's that's the one.

00:03:13.070 --> 00:03:13.450

McKee, Jim

Yes.

00:03:13.460 --> 00:03:15.030

Baxter Burris (Gas Distribution - 5P)

Oh OK, OK.

00:03:19.140 --> 00:03:20.540

Baxter Burris (Gas Distribution - 5P)

That's gonna be a big commitment.

00:03:19.400 --> 00:03:19.960

James McHouell (Gas Distribution - 5P)

Alright.

00:03:21.290 --> 00:03:22.730

James McHouell (Gas Distribution - 5P)

Yeah, it's it's a big one.

00:03:24.360 --> 00:03:24.640

Right?

00:03:25.720 --> 00:03:29.350

McKee, Jim

I think it's 300 double 403 hundred homes I think in there.

00:03:30.610 --> 00:03:31.380

Baxter Burris (Gas Distribution - 5P)

Oh, OK.

00:03:33.200 --> 00:03:34.650

00:03:41.820 --> 00:03:43.210

McKee, Jim

Was that Brooke?

00:03:45.420 --> 00:03:50.180

McKee, Jim

Well said right cross pecan hills it's gonna come out there it's gonna go. She got two entrances to it.

00:03:51.210 --> 00:03:53.880

Baxter Burriss (Gas Distribution - 5P)

Oh, OK, at any given me babe.

00:03:52.590 --> 00:03:53.170

McKee, Jim

Can we be?

00:03:54.510 --> 00:03:55.390

McKee, Jim

It is showing off.

00:03:57.660 --> 00:04:05.730

James McHouell (Gas Distribution - 5P)

There's also a developer looking at building it very large subdivision off of Sinville Rd up there Weathers Creek Rd.

00:04:06.740 --> 00:04:08.800

James McHouell (Gas Distribution - 5P)

That's another three or 400 homes.

00:04:10.380 --> 00:04:12.610

McKee, Jim

Yeah, 'cause I could put that school there on over cache Rd.

00:04:14.480 --> 00:04:14.760

James McHouell (Gas Distribution - 5P)

Yeah.

00:04:20.220 --> 00:04:23.240

James McHouell (Gas Distribution - 5P)

Does anyone have any questions for dominionenergy?

00:04:27.890 --> 00:04:32.150

James McHouell (Gas Distribution - 5P)

OK yeah, I don't know who else on the call other than Jim.

00:04:32.390 --> 00:04:39.030

James McHouell (Gas Distribution - 5P)

Uh, with TDs? I don't know who other. What other utility representatives are on the call.

00:04:39.700 --> 00:04:48.860

James McHouell (Gas Distribution - 5P)

But if someone has a project that they want to bring up, or if someone is concerned about where we may be working, if you want to go ahead and speak up at this time.

00:04:49.830 --> 00:04:58.540

McKee, Jim

Well, let me go ahead and get started on it so we you know we're in the process of doing a huge build data morsel.

00:05:00.390 --> 00:05:09.660

McKee, Jim

We're currently still working along Hwy 150 from Julie Road to the lake, wait. Also, permanent returns to come back. We don't permit to come in for that area, but we're gonna.

00:05:10.750 --> 00:05:11.990

McKee, Jim

Finish working now.

00:05:12.810 --> 00:05:40.900

McKee, Jim

Uh oh at 1:50 to the lake. UM note like I told you before, I think I mentioned before. We're going to have the we're going to work in the new right away. New proposed right away for the Highway 150 move. Our plans are at at with the market lobster of Arcane K right now for his review before he sends it to DOT for approval. Once we get to approve from DOT we will beginning to work and that will be.

00:05:42.180 --> 00:05:43.280

McKee, Jim

25

00:05:44.260 --> 00:05:49.120

McKee, Jim

30 feet back off back of curb into the new right away.

00:05:49.750 --> 00:05:50.390

McKee, Jim

Uhm?

00:05:51.530 --> 00:05:52.440

McKee, Jim

We

00:05:54.700 --> 00:06:03.990

McKee, Jim

why let y'all know because we may not get anything along 150 but laterals that come up with you makes you have to make sure y'all marked laterals coming up. If you you know.

00:06:05.750 --> 00:06:06.570

McKee, Jim

For what we got.

00:06:07.370 --> 00:06:13.700

McKee, Jim

Up next project big project. We're starting as we're going out, Cornelius and Judas Rd.

00:06:14.450 --> 00:06:18.240

McKee, Jim

And headed north up Perth Rd to Fernhill.

00:06:19.320 --> 00:06:22.280

McKee, Jim

And then we're going to go out Fernhill Rd all the way to the end, so.

00:06:22.330 --> 00:06:28.800

McKee, Jim

So that's our next one. Start working again, waiting on permits on that one. Once we start getting our permits rolling in there.

00:06:29.440 --> 00:06:41.070

McKee, Jim

We're going to do that big neighborhood, saying, Augustine, we're gonna do the the at water landing. We're going to catch all that stuff are going to go through Stumpy Creek all the way out through their like said. Oh wait, Fernhill Rd to the end of Fernhill Rd.

00:06:42.510 --> 00:06:52.080

McKee, Jim

Uh, and then back after that, once concurrently. So probably within the next month or so, we're going to work down Broadway School Rd all the way from Williamson Rd.

00:06:52.740 --> 00:06:56.660

McKee, Jim

Through the point all the way down to test board trail and all down through there.

00:06:57.580 --> 00:07:01.300

McKee, Jim

So very ambitious years of work ahead of us.

00:07:02.010 --> 00:07:02.540

McKee, Jim

Uh.

00:07:03.750 --> 00:07:06.880

McKee, Jim

So it's gonna. It's gonna be awhile but we're going to have.

00:07:08.390 --> 00:07:11.750

McKee, Jim

A slew of crews out there working, so I just want to keep everybody aligned on that.

00:07:13.270 --> 00:07:15.650

McKee, Jim

This is this is going to be going on for years.

00:07:17.250 --> 00:07:26.470

McKee, Jim

Their last project lines up into 25. We're going to go back into Parkmont neighborhood again and work up down Hwy 21 long critics Rd.

00:07:26.530 --> 00:07:29.900

McKee, Jim

Uh, yeah, we got a lot of work, a lot of work.

00:07:32.990 --> 00:07:34.480

James McHouell (Gas Distribution - 5P)

Alright, good thanks Jim.

00:07:36.980 --> 00:07:40.620

James McHouell (Gas Distribution - 5P)

Tami Groves

A message from Louis Panzer, our executive director. Just a reminder and I appreciate y'all bringing it up this morning. Weather, as always plays a factor on the volume of locate requests in the locates being done.

00:11:43.720 --> 00:11:50.350

Tami Groves

Just like Jim was saying, lots of new growth happening. I appreciate talking with Jim.

00:11:51.290 --> 00:12:21.860

Tami Groves

Ham with his folks from TDs. They're getting ready to start a huge project in Union County, so I got to meet with them a couple weeks ago. The excavation safety conference will be February 28 through March the 4th. We will have a couple of folks in attendance there. Brian Morehouse.

00:12:21.910 --> 00:12:52.000

00:12:53.380 --> 00:13:21.770

Tami Groves

811 data and transmit information. Locate requests for the month of January 2020. Two 170 three 1918 locate requests that is a 6.3% increase over last year. Last year for several years in a row, we've been over 2,000,000 locate requests for the year.

00:13:22.680 --> 00:13:52.650

Tami Groves

I know I say every month. I don't know how we're gonna go up from there and then we do. Transmissions 970, three 1941. A 4% increase in transmissions and just a reminder. The difference between the ticket or the locate request and the transmission. The ticket is what you're calling in or what you're entering via remote ticket entry or single address ticket. One ticket or one locate request.

00:13:53.090 --> 00:14:08.640

Tami Groves

A transmission is how many utilities are notified about everyone ticket right now on average for everyone locate request. There are 5.7 utilities notified, so that's the difference between those two numbers.

00:14:09.950 --> 00:14:15.030

Tami Groves

New tickets for Iredell County for the month of January.

00:14:15.080 --> 00:14:15.490

Tami Groves

Very.

00:14:17.060 --> 00:14:29.870

Tami Groves

2670 that's an 8.7% increase in new tickets. Total tickets for Iredale, however, were up 25.6%.

00:14:30.480 --> 00:14:52.970

Tami Groves

Total tickets include retransmits and updates, and if you can see that second, the last column they're on updates. You can see that updates were up 63%, so obviously there are projects that are ongoing in Iredell County. Average locates per day for our deal 221 per day.

00:14:55.540 --> 00:15:26.070

Tami Groves

Ticket distribution for our Dale County of those 4400 plus tickets you can see that Morrisville had the bulk of those 2566 Statesville in at 1088, and Troutman at 507, and I just broke that list into two today. So you could see where that work really was. You know, Mount Mourne, our Dell, as in OURDELL Sharon Shepherd Sinville

00:15:26.430 --> 00:15:35.920

Tami Groves

each had one ticket, so they're they're really. Are folks calling those in, but the big amount of that work in my Morrisville, Statesville, and Troutman.

00:15:38.250 --> 00:16:08.660

Tami Groves
