Ben

I know whatever I got going on, I know we got a bunch of housing developments coming up.

00:00:52.340 --> 00:00:59.250

Ben

Here in wing it in the next few months and once started going next couple months, it's gonna get busy right here.

00:01:01.580 --> 00:01:03.330

Ben

Anybody else got stuff going on?

00:01:08.090 --> 00:01:13.260

anonymous

Yeah, city of Monroe. We have subdivisions going on and and we've been getting a lot of locates.

Ben

No.

00:01:22.280 --> 00:01:23.980

Ben

I guess not.

00:01:46.780 --> 00:01:50.660

Ben

Two alright, miss Tami. If you wanna take it and run with it, go right ahead, dear.

00:01:51.050 --> 00:02:07.110

Tami Groves

Yes, Sir. I sure will. Thank you. Does anyone have a safety moment they would like to share any any safety story from the past month? Could be a damage. Could be a near miss or just a personal safety thing you'd like to share.

00:01:53.590 --> 00:01:54.070

Ben

Yes, ma'am.

00:02:10.620 --> 00:02:13.040

Ben

I had one, Sir. Do you didn't do a fake one?

00:02:13.710 --> 00:02:18.140

Tami Groves

Well, that's fun, though. If you got a safety moment you wanna share, please share.

00:02:20.520 --> 00:02:26.400

Ben

Well, y'all know I'm in the Parrish service, so I had a what they call a near miss Saturday on a fire scene.

00:02:27.530 --> 00:02:30.180

Ben

I actually got swept off my feet and covered under water.

00:02:31.080 --> 00:02:32.230

Tami Groves

Oh gosh, man.

00:02:31.640 --> 00:02:32.450

Ben

Almost spring.

00:02:34.220 --> 00:02:56.100

Ben

And all I can say is pay attention, slow down and pay attention to waste your surroundings or or anybody. It goes for the fire service 'cause for digging goes for anything. So we actually went in a hurry and we knew all surroundings. And that's one thing I think saved.

00:02:57.400 --> 00:03:06.940

Ben

My position. Oh, wow. Wolves is. Hey, I knew what was fixing that. I didn't know was fixing happened, but I knew something was gonna happen. 'cause. I would release him.

00:03:07.330 --> 00:03:12.660

Ben

Compression offer something and it just kind of took me wherever it wanted to take me.

00:03:14.570 --> 00:03:19.670

Ben

But yes, just slow down and be careful. Yow everything. Danger, speed, days.

00:03:21.150 --> 00:03:23.170

Tami Groves

Appreciate that. I'm glad you're OK.

00:03:24.470 --> 00:03:24.960

Ben

Uh-huh.

00:03:25.590 --> 00:03:26.450

Ben

Yeah, I am too.

00:03:30.130 --> 00:03:59.350

Tami Groves

Y'all appreciate been sharing that, so I'll I'll give you just a little bit of information. The excavation safety conference is being held right now in Phoenix, AZ. We've got a couple members of our team out there participating the SGA conference, the Common Ground Alliance conferences first week April that's in Anaheim, CA, remember that 811.

00:03:59.400 --> 00:04:05.090

Tami Groves

Is meant for work that will begin after the three full business day window.

00:04:06.610 --> 00:04:36.100

Tami Groves

You know, make sure that when you're playing in your work or when you're subcontractors are planning their work, that they're not using an emergencyticket to plan their work. Unfortunately, that happens sometimes and people try to take advantage of the system. And I know that the underground damage Prevention Review Board, if they get a complaint, they're taking those very seriously. And you know, as they well should.

00:04:37.200 --> 00:04:43.830

Tami Groves

Everybody is busy, so using that three hour ticket is not the way to plan your work.

00:04:44.770 --> 00:04:57.490

Tami Groves

Updates are used for work that exceeds 15 working days, so again we go back to planning you know if you know that works gonna take.

00:04:57.550 --> 00:05:12.870

Tami Groves

Like uh, you know, 10 days, then there's no read, no reason to update that ticket 10 times. That's just more cost to the utility company. And then as end consumers more costs to each of us.

00:05:14.510 --> 00:05:44.770

Tami Groves

And know the extent of your project before you begin before notifying somebody to make sure that you aren't requesting more scope than is necessary. So let's say you know that the project is gonna run down the left side of the house that you're working at. You don't wanna ask for the entire property if you know it's going down the left side. That makes things tougher for your utility company to get out and get things marked and get on to the next job.

00:05:45.130 --> 00:06:06.690

Tami Groves

Now obviously, if you know that there's a chance you may have to go the other direction than you wanna ask for what you need. But you know that's that's one of those things that planning that work and visiting that site that really comes in and it's so important before you enter those tickets. So no, the extent of the project before.

00:06:07.500 --> 00:06:11.280

Tami Groves

To make sure you aren't requesting more scope than is necessary.

00:06:11.980 --> 00:06:27.550

Tami Groves

Will pop over into our NC 811 data and insights. I will say that I don't have the numbers yet for the tickets for the state. I do have the county numbers, I just don't have the state numbers yet.

00:06:29.280 --> 00:06:39.580

Tami Groves

Kelly ticket volume. New tickets for Union County, 3271. Looking at an 8.3% increase.

00:06:40.670 --> 00:06:57.460

Tami Groves

Total ticket volume for the month of February for Union County was up 20%. I know that with with all the construction that's going on with the subdivisions, Ben just talked about how much is going on in wing it.

00:06:58.380 --> 00:07:08.610

Tami Groves

Total tickets for Union County for the month of February were up so 55116 tickets, 20% increase.

00:07:09.320 --> 00:07:39.320

Tami Groves

In 45% of those were update tickets. So again that lets us know that there's work that's continuing locates per day average locates per day for Union County or 263 ticket volume year to date for Union County, new tickets 64110 a 5.8% increase, total tickets for Union year to date and that's.

00:07:39.380 --> 00:07:52.800

Tami Groves

Just January and February were already up 22 percent 22.3 to put a fine point on it, 10,830 locate requests.

00:07:55.010 --> 00:08:14.780

Tami Groves

Ticket distribution for Union County. You can see that of those 5300 plus locate requests that 17140 were in Monroe that Indian Trail had 11110 Waxhaw 1008.

00:08:15.470 --> 00:08:25.480

Tami Groves

Down to wing, it was 79 Allen crossroad with ten. You can see that work really is spread out all over Union County.

00:08:30.180 --> 00:08:59.930

Tami Groves

Upcoming meetings, calendar of events don't forget that April is national Safe Digging Month. If you put out any social media posts, please use the hashtag hashtag in SDM for national Safe Digging Month. We've got a lot of the events coming up. I know that one event that Parrish and I are going to do since Charlotte the first weekend in April, there's a construction safety and Trades Day.

00:09:00.380 --> 00:09:29.960

Tami Groves

We're gonna be participating in that. So lots of events. Parrish again. Parrish and I were the dynamic duo. Apparently. Right now we're gonna be at the checkers, the Charlotte Checkers, hockey game, the 8th. So if any of you are interested in hockey, please come out. Safety Sam's gonna be riding the Zamboni. I'm gonna go up and talk briefly with the. Yeah, I see that. Yes. See that?

00:09:31.160 --> 00:09:57.390

Tami Groves

I'm going to go up and talk briefly with the folks about safe digging month and why it's so important to call, but yes, safety Sam is going to be riding that Zamboni, so that ought to be a lot of fun. You can look on our website, there's a toolkit out there that gives you talking points and information about celebrating national Safe Digging Month. Just go out to nc811.org and look up national safe digging month.

00:09:58.510 --> 00:10:27.780

Tami Groves
