

00:00:00.000 --> 00:00:13.640

Tami Groves

Hope y'all. Hang on, I forgot to start the recording. I apologize. All right, we are starting this recording. You're gonna see on your screen a little block that says dismiss you can you can get that off of your.

00:00:13.700 --> 00:00:37.120

Tami Groves

Come if your screen if you want to just a reminder we are in safe digging month. So North Carolina 811 runs a bunch of awareness campaigns to help promote national safe digging month and you can help spread that message if you're doing any social media. If you'll do hashtag in S.

00:00:37.770 --> 00:01:08.930

Tami Groves

DM, which is national safe digging month or you can go out to our tool kit on the website. There's a lot of information out there. You can do social media shares and just some ideas about the the campaign of Saturday. This past Saturday I went to a job fair. Yeah, I don't know if any of you listen to Ray Terry on about your house on Saturdays, but he had a an onsite job fair.

00:01:08.980 --> 00:01:16.040

Tami Groves

And sort of an education fair. I went out there Saturday. There were about 25 different companies.

00:01:16.650 --> 00:01:20.230

Tami Groves

Huh. HV AC plumbing, electrical.

00:01:20.280 --> 00:01:21.320

Tami Groves

Pull up.

00:01:22.880 --> 00:01:39.890

Tami Groves

You know, everybody was on site just talking about the trades and about, you know, getting involved. But this Friday, safety Sam and I and Piedmont Natural Gas will be at the Charlotte Checkers game. We're doing a takeover.

00:01:40.330 --> 00:01:40.920

Tami Groves

Uhm.

00:01:41.910 --> 00:01:44.080

Tami Groves

Safety seems gonna ride the Zamboni.

00:01:44.140 --> 00:01:58.400

Tami Groves

Learning how I think he's gonna mark that off his bucket list so uh and Piedmont Natural Gas is gonna

throw out the puck for the the game, so it's it's going to be fun. I'm excited to actually go. Go ahead, Ben. I see your hand raised.

00:02:00.980 --> 00:02:02.030

Tami Groves

I guess you did.

00:02:01.250 --> 00:02:03.020

ben (Guest)

No, I didn't mean fish fry.

00:02:02.680 --> 00:02:07.520

Tami Groves

Didn't mean to raise your hand. I actually was paying attention. That's all that. OK, I I got you.

00:02:07.040 --> 00:02:11.720

ben (Guest)

Well, I didn't know. I hate it. I'm just helping him move my mouse. Sorry.

00:02:09.010 --> 00:02:09.310

Tami Groves

Hey.

00:02:11.980 --> 00:02:42.620

Tami Groves

No, it's OK. I actually was paying enough attention. I saw it. So I'm. I'm all proud of myself. Well, I'll keep going then, but national safe digging month. Speaking of which, if you have banners, make sure you're showing your banners. We would love to see pictures of your banners so we can share them, will share them on social media during safe digging month. Doesn't matter if it's an old banner or new one, display it and we'll share it on Facebook and Instagram. You take a picture and.

00:02:42.960 --> 00:02:47.930

Tami Groves

And then use that form below and submit it. You can get that on the app.

00:02:48.990 --> 00:03:05.180

Tami Groves

I know I went to the Mecklenburg meeting last week and got some pictures with Piedmont Natural Gas and was Sam out in front of Piedmont facility. But Yep, that's a new banner, so we got a picture of the new banner and put it out on Facebook.

00:03:07.300 --> 00:03:39.020

Tami Groves

A message from Luis Panzer, our executive director, so obviously again safe digging month, although based on volume we can safely say this is safe digging year. The CTA conferences this week out in Anaheim, CA, I know he's out there participating. So be ready to hear about more best practices and next practices that Martinsville races on Friday so.

00:03:39.300 --> 00:04:00.720

Tami Groves

It's a great example of cooperative national messaging efforts. Arizona, Michigan, Virginia, they're all participating. They're actually other 811 centers participating, but they're just some of those folks participating in this year. The first quarter board meeting will be held on Earth Day.

00:04:00.770 --> 00:04:14.380

Tami Groves

Hey, uh, and it will be live and in person. I know, I know. If y'all are like me, you're ready to actually get back to some in person meetings and slowly but surely they're they're rolling around.

00:04:15.630 --> 00:04:18.180

Tami Groves

Ticket request and transmissions.

00:04:19.180 --> 00:04:34.130

Tami Groves

New tickets for the month of March 200 and 28,434. That is, let's just call that a 2% increase over March of 2021.

00:04:34.190 --> 00:05:03.670

Tami Groves

When transmissions 1,249,098 so those transmissions were actually down just a little bit point 3%. As a reminder, the difference between the ticket or the locate request and the transmission, the ticket is what you're entering remote ticket entry, single address ticket or calling and talking to a customer service Rep. I'm putting in a fence.

00:05:04.190 --> 00:05:30.840

Tami Groves

A transmission is how many utilities are notified about everyone locate request. Right now, on average, for every one ticket there are 5.7 utilities notified. So I would say on those transmissions, there were probably less utilities notified on some of those transmissions, which is the result of that little bit of a decrease.

00:05:32.160 --> 00:05:33.690

Tami Groves

Tickets year to date.

00:05:34.280 --> 00:05:34.930

Tami Groves

Uhm.

00:05:35.530 --> 00:05:40.590

Tami Groves

Yeah, we we were 2,300,000 last year.

00:05:41.270 --> 00:06:06.150

Tami Groves

Uhm, this year, year to date, we're already at 500 and 86,778 locate requests, so that just gets us through January, February and March and you give me a second. I'm gonna do a little math here. Five, 86778. It's four so.

00:06:07.770 --> 00:06:08.560

Tami Groves

4.

00:06:08.620 --> 00:06:09.090

Tami Groves

Come.

00:06:10.140 --> 00:06:20.390

Tami Groves

Four quarters that shows we'd be over three. I'm sorry, that's not correct five 86778 \* 4.

00:06:21.790 --> 00:06:30.570

Tami Groves

Two million 347 thousand locate requests if that kind of volume continues for the year?

00:06:32.760 --> 00:06:49.710

Tami Groves

It's hard to imagine tickets so far up five and a half percent transmissions 3,232,300 and four transmissions are up 2.6%.

00:06:51.690 --> 00:07:09.790

Tami Groves

Let's talk about locate requests for Union County for the month of March. New tickets were up 6% at 4341. Total tickets were up 11.6%.

00:07:10.450 --> 00:07:38.120

Tami Groves

7128 you can see in that second to last column that updates were up 24%. I know there's a lot of projects, particularly fiber projects, that are going on in Union right now, not to mention all the residential construction average locates per day for Union County 310.

00:07:41.220 --> 00:07:46.510

Tami Groves

Year to date volume for Union County new tickets are up 6%.

00:07:47.080 --> 00:08:17.030

Tami Groves

10,751 total tickets for union and just reminder total tickets include retransmits and updates. Total tickets are already up 17.8% for the year 17,958 and you can see a big driver of that increase in total tickets. Is those updates 43.8.

00:08:17.080 --> 00:08:34.650

Tami Groves

Percent Retransmits were up 14%. Three hours were actually up 39.7% and cancellations as well, 40% everything up across the board. Their year to date.

00:08:35.810 --> 00:08:38.230

Tami Groves

Ticket distribution for Union County.

00:08:38.860 --> 00:09:02.830

Tami Groves

Of those 5300 plus requests 11110 and Indian Trail 1008 in Waxhaw and 17140 of those in Monroe Wing, it was 79. Marshfield, 183 Union Ville. All the way to brief and olive branch with one each and jars.

00:09:15.480 --> 00:09:35.360

Tami Groves

Calendar of events. Just a reminder for information on NC 811 and NCUCC events, visit the calendar section of [nc811.org](http://nc811.org) or the NC 811 app and we're all friends here. We know that that app is a free download for Apple and Android users.

00:09:36.590 --> 00:10:05.890

Tami Groves

If you haven't already seen this, just a reminder that Piedmont Natural Gas and Duke Energy, or doing a spring into safe digging demo day at the Charlotte Fire Training Academy that is Wednesday, April the 20th and that will be at Shopton Road at 1770 Shopton Rd in Charlotte. Y'all. They're gonna feed you lunch. They're gonna do a.

00:10:06.290 --> 00:10:33.370

Tami Groves

Fire pit demo and a live line demo with the electrical side. Please respond to her on your neighbors at [dukeenergyragna.neighbors@duke-energy.com](mailto:dukeenergyragna.neighbors@duke-energy.com) if you figure out that you'd like to attend this and you don't have this information, let me know and I'll get it for you. There are a maximum of 110 participants, but be excited to see you there.

00:10:35.850 --> 00:11:05.670

Tami Groves

Locators. And you're not gonna be surprised to hear this. Locators are our actual first responders in the safety and excavation world. Locators, safety and Appreciation Week is April 24th through the 30th. Locators bear the responsibility of creating guidance for safe excavation. Accurate marks are those first line of defense against utility.

00:11:05.730 --> 00:11:09.630

Tami Groves

Damages and avoidable excavation injuries.

00:11:10.800 --> 00:11:20.630

Tami Groves

So for those of you that get out and have to do locating work, you're the first responders in the excavation world. So we appreciate you.

00:11:23.150 --> 00:11:39.500

Tami Groves

As we talked about earlier Friday, April the 8th, starting at 7:30 at Martinsville Speedway, be call 811 before you dig250poweredbycall811.com stop by the booth before the race.

00:11:39.560 --> 00:11:54.700

Tami Groves

Yes, I know they're going to have the IMU, the educational mobile unit there from Michigan. So if you're actually planning to attend, please visit the booth and talk to everybody out there.

00:12:24.910 --> 00:12:55.280

Tami Groves

So we've talked about the treasure hunt for a couple months now, but I will tell you 15 minutes of your time to watch a couple videos go in and answer a few questions and you're in the running for \$811.00. I cannot participate because I'm an employee of 811, but I would love to have \$811.00 in my pocket for a little summer fun this year.

00:12:55.500 --> 00:13:00.430

Tami Groves

So again, 15 minutes of your time, please go out.

00:13:01.250 --> 00:13:04.300

Tami Groves

Watch a couple videos and answer a couple questions.

00:13:05.390 --> 00:13:35.560

Tami Groves

The joint North Carolina, South Carolina Utility Coordinating Committee conference for 2022 is coming up fast. That is Wednesday may the 4th through Friday, may the 6th. The cost of registration for this conference is \$125.00. There will be locator training and an OSHA 10 class for free. This conference from North and South Carolina.

00:13:35.620 --> 00:14:05.710

Tami Groves

Get obviously gets folks from both states. We typically have upwards of 250 attendees, public and private utility service providers locating construction, safety and design companies usually attend and your 811 centers there will be presentations about protection, utilities, work zone safety, design build and damage prevention. And there again, there will be vendors there to exhibit products and services.

00:14:06.290 --> 00:14:25.420

Tami Groves

I know we usually set up right next to South Carolina and are able to, you know, educate about the requirements for both States and to give out swag from both and that will be in Greenville, SC, Wednesday, May 4th through Friday, May the 6th.

00:14:26.710 --> 00:14:57.960

Tami Groves

Upcoming meetings the first quarter North Carolina 811 board meeting is Friday, April the 22nd. That

will be at the four points at Sheraton in Asheville. If you would like to attend, if you're interested, please reach out to Stephanie Brown at our office. If you decide you'd like to attend and you don't get this information, please let me know and I'll get you in touch with Stephanie to get you registered. The next North Carolina underground damage prevention.

00:14:58.250 --> 00:15:16.700

Tami Groves

You board meeting it's Tuesday, April the 19th. That will be at the NC 811 Event Center in Greensboro. You can call in. You see the number listed there on the screen with the access code. They will start at 10:00 AM.

00:15:19.430 --> 00:15:41.570

Tami Groves

The next state, UCC, will be a hybrid meeting that will be at the Event Center in Greensboro and also online. Obviously, the invitation hasn't come out yet, but it will be forthcoming or you can go out to NC ucc.org or to the app for the calendar section for your.

00:15:41.620 --> 00:16:02.250

Tami Groves

Uh information the next locate Resolution Partnership Committee meeting is Tuesday, May 17th. Again a hybrid meeting at the Event Center in Greensboro. They'll be there from 11 to one and alert. Virtual meeting Link will be on the UNC ucc.org website.

00:16:03.360 --> 00:16:17.470

Tami Groves

That is, as always, your education team. I'm not going to go through. We've done that once or twice. I appreciate your time and attention. A copy of this presentation will be available at NC ucc.org.

00:16:18.170 --> 00:16:47.030

Tami Groves

Since we are virtual, there will be a copy of the video and also a PDF copy of this information available on your county UCC page. Ben, I'll get you signed in, but for everybody else, please make sure that you sign in because we will use this as the roster. With that, I am going to turn this back over to our Chair, Vice Chair and Secretary.

00:16:48.170 --> 00:16:48.780

Tami Groves

Boom.

00:16:49.530 --> 00:16:51.050

Tami Groves

It belongs to y'all.

00:16:52.320 --> 00:16:53.100

Herring, Marshel B

Thank you, Tammy.

00:16:53.450 --> 00:16:54.310

Tami Groves

Thank you, Sir.

00:16:54.420 --> 00:17:01.400

Herring, Marshel B

Yeah. Yeah. The city Monroe would sign in, and the anonymous there 'cause neither one of those who signed me in yet either.

00:16:55.320 --> 00:16:56.360

ben (Guest)

Yes, ma'am. Thank you.

00:17:01.690 --> 00:17:08.040

Tami Groves

I believe that the phone. Yeah. I was gonna say I believe the phone number is actually the city.

00:17:03.130 --> 00:17:04.340

anonymous

OK, I'll get a sign in.

00:17:10.460 --> 00:17:14.070

Herring, Marshel B

No. OK, man just says anonymous, and then that got one. It says city of Monroe.

00:17:14.130 --> 00:17:14.500

Herring, Marshel B

Let's see it.

00:17:14.880 --> 00:17:15.540

Tami Groves

Yep.

00:17:16.600 --> 00:17:19.050

ben (Guest)

I don't say I can't get mine to work. I don't know why.

00:17:20.130 --> 00:17:21.200

Tami Groves

I got you covered.

00:17:20.510 --> 00:17:21.340

Herring, Marshel B

Gotcha.

00:17:23.080 --> 00:17:23.810

Herring, Marshel B

Alright.

00:17:23.120 --> 00:17:23.640

ben (Guest)

Model.

00:17:25.100 --> 00:17:29.610

Herring, Marshel B

I think by else needs Tammy to go and type their information in and let her know about it.

00:17:29.670 --> 00:17:33.690

Herring, Marshel B

Uhm, if you were there that way, we gotta record who was on the call.

00:17:34.620 --> 00:17:38.290

Herring, Marshel B

And that way your body gets credit for like and I know our company looks at that and.

00:17:38.940 --> 00:17:43.240

Herring, Marshel B

They they see how many of these meetings we go to a year and everything like that and they counts towards something.

00:17:43.960 --> 00:18:10.170

Tami Groves

Uh, I will say yes, please, because the gas companies are under pretty strict federal guidelines that they have to attend so many meetings and the as Marshall said, that information counts towards them showing that they were actively participating in the ucc's. So if you haven't, make sure you do sign in.

00:17:44.340 --> 00:17:45.860

Herring, Marshel B

So it may be.

00:18:12.250 --> 00:18:12.930

Herring, Marshel B

Yes, thank you.

00:18:13.380 --> 00:18:13.980

Tami Groves

Yes, Sir.

00:18:14.000 --> 00:18:14.760

Herring, Marshel B

Alright.

00:18:15.510 --> 00:18:18.420

Herring, Marshel B

Anybody got any major projects getting ready to start up in the area?

00:18:19.070 --> 00:18:24.950

Herring, Marshel B

I know we've got the the county still got the water line going through there. I don't see you buy from the county on here today.

00:18:26.330 --> 00:18:29.180

Herring, Marshel B

Uh, far as we have, we've got a.

00:18:30.250 --> 00:18:46.130

Herring, Marshel B

We have some line work going on. One of our transmission lines where they're getting ready to be able to peg it and everything like it, which is actually it sends a smart thing through the line and checks to see if it's got any anomalies like yet. So we can cut them out and repair it if if needed.

00:18:47.350 --> 00:18:48.680

Herring, Marshel B

But other than that, we just.

00:18:50.260 --> 00:18:54.030

Herring, Marshel B

Like kids and everything. Yeah. So which I will get that to you, Mary.

00:18:55.230 --> 00:18:56.900

Herring, Marshel B

I'll send it over to you and Tammy.

00:18:58.340 --> 00:19:00.130

Herring, Marshel B

'cause I don't have it in front of me right now.

00:19:02.300 --> 00:19:03.630

Herring, Marshel B

But it's alright.

00:19:04.060 --> 00:19:05.090

Tami Groves

Thank you, Sir.

00:19:04.370 --> 00:19:06.060

Herring, Marshel B

There's this guesstimate project.

00:19:07.830 --> 00:19:12.310

ben (Guest)

We just started a project that Glens. It's the second phase of glencroft and wing it.

00:19:13.320 --> 00:19:20.710

ben (Guest)

Are they gonna be laying a lot of water and sewer lines and gas and Audi utilities is going underground?

00:19:25.990 --> 00:19:27.230

Tami Groves  
Is that a UM?

00:19:28.060 --> 00:19:30.680

Tami Groves  
Is that a new housing development?

00:19:30.870 --> 00:19:31.270

ben (Guest)  
Yes, ma'am.

00:19:31.420 --> 00:19:33.390

ben (Guest)  
100 something houses.

00:19:31.670 --> 00:19:32.020

Tami Groves  
OK.

00:19:34.690 --> 00:19:41.460

ben (Guest)  
And I say this all, it's got the Glen Glencroft is the first phase, cleanses the second phase.

00:19:42.100 --> 00:19:45.750

ben (Guest)  
But it's all gonna be I can't tell you. I will have a bunch of locations.

00:19:52.810 --> 00:19:53.750

Herring, Marshel B  
Alright, thank you man.

00:19:54.110 --> 00:19:54.650

ben (Guest)  
Uh-huh.

00:19:54.890 --> 00:19:57.440

Herring, Marshel B  
I'm like yo city, Monroe. Yo. Got anything going on?

00:19:58.650 --> 00:20:17.170

anonymous  
Yeah, we're still doing the the subdivision projects. We got a lot of subdivisions going on and then over and Windy Ridge, they're doing some fiber. We've been locating a lot of fiber. I think Google Fibers coming in and one of the contractors last month actually hit our line. And one of the subdivisions.

00:20:18.120 --> 00:20:26.970

anonymous

They they hadn't gone done their due diligence, they didn't spot the line. It was at the the edge of the road and they decided to just go and bore through without spotting it.

00:20:29.180 --> 00:20:31.140

Tami Groves

Was that on Google?

00:20:39.940 --> 00:20:44.370

Herring, Marshel B

I know we've uh in their area, we've had a lot of Verizon and Google and.

00:20:45.030 --> 00:20:49.180

Herring, Marshel B

Uh, I think the other ones get ready, get started up to that. We had the meeting with them.

00:20:49.330 --> 00:20:50.360

Tami Groves

Tedious.

00:20:50.920 --> 00:20:59.280

Herring, Marshel B

Yep, tedious. Yeah, but it seems like all of them were calling in locates. Long locates there. Let's keep in all our guys busy.

00:21:01.840 --> 00:21:03.900

Mary Chapman

Under the locators arrive and wound.

00:21:04.980 --> 00:21:05.570

Herring, Marshel B

Oh yeah.

00:21:06.200 --> 00:21:07.200

Mary Chapman

Their overwhelmed.

00:21:06.950 --> 00:21:10.130

Herring, Marshel B

We've actually been pulling gasm accrue to actually go out and help locate.

00:21:12.400 --> 00:21:14.380

Mary Chapman

Mapped. I've talked to a few and.

00:21:17.030 --> 00:21:25.720

Mary Chapman

I I I think they're just at a point that I don't know what to do there. So they they have so many tickets, one gets the one got told me he had 3000 tickets.

00:21:26.960 --> 00:21:27.530

Mary Chapman  
And.

00:21:29.670 --> 00:21:35.890

Mary Chapman  
Yeah, I'm trying to get him to go out and market 3 hour ticket. That was like 6 hours old, you know, I mean.

00:21:37.370 --> 00:21:38.110

Mary Chapman  
They're just.

00:21:39.220 --> 00:21:41.580

Mary Chapman  
I need to hire some people. They need to hire.

00:21:39.710 --> 00:21:40.180

Herring, Marshel B  
Right.

00:21:43.210 --> 00:21:47.550

Herring, Marshel B  
Yep, we've actually hired another or were.

00:21:48.590 --> 00:21:55.620

Herring, Marshel B  
Uh, they posted another job for another internal locator for us like it. So that'll give us three internals and then they uh.

00:21:56.620 --> 00:21:57.200

Herring, Marshel B  
They come.

00:21:58.480 --> 00:21:59.940

Herring, Marshel B  
Contract with steel.

00:22:01.070 --> 00:22:03.400

Herring, Marshel B  
Just to try to keep up 'cause, there's so much coming in.

00:22:03.970 --> 00:22:04.310

Mary Chapman  
Yeah.

00:22:05.350 --> 00:22:06.880

Mary Chapman  
Wedding he referenced.

00:22:05.590 --> 00:22:07.830

anonymous

Yeah, we've had 400 tickets this morning.

00:22:08.530 --> 00:22:09.150

Tami Groves

Wow.

00:22:08.560 --> 00:22:12.840

Mary Chapman

He works the fiber jobs, so apparently that's that's hurting a lot of people.

00:22:13.990 --> 00:22:14.390

Herring, Marshel B

Yeah.

00:22:16.260 --> 00:22:21.040

Herring, Marshel B

Would be so bad after this call and sections like working on, but they're calling into whole project it seems like.

00:22:21.470 --> 00:22:22.520

Mary Chapman

Oh no.

00:22:24.390 --> 00:22:30.120

Tami Groves

Is that everybody that's doing the projects or anybody in particular?

00:22:27.570 --> 00:22:28.450

ben (Guest)

New paragraph.

00:22:28.540 --> 00:22:29.170

ben (Guest)

Extra.

00:22:31.010 --> 00:22:35.820

ben (Guest)

No. Look, Sir, Miss Tammy, we got another meeting. I'm gonna have to go. I talk to you all later.

00:22:32.670 --> 00:22:33.650

Herring, Marshel B

I'd have to look at it.

00:22:35.950 --> 00:22:37.190

Tami Groves

OK. Thank you, Ben.

00:22:37.330 --> 00:22:38.450

ben (Guest)

Yeah. Bye, bye.

00:22:37.460 --> 00:22:38.030

Herring, Marshel B

Umm.

00:22:39.200 --> 00:22:40.060

ben (Guest)

Did you get an email?

00:22:46.330 --> 00:22:46.850

Herring, Marshel B

Alright.

00:22:46.900 --> 00:22:47.370

Herring, Marshel B

Uhm.

00:22:49.090 --> 00:22:57.830

Herring, Marshel B

Let's see. I know he's sitting. Monroe, Yo Gotti yo, 44 sewer line. Also y'all will get ready or looking at your engineers are designing right now.

00:22:59.110 --> 00:23:01.440

Herring, Marshel B

Uhm, y'all know anything on that?

00:23:02.370 --> 00:23:07.360

anonymous

Yeah, I'm not. I'm not sure about that, but I think that would be down with the the sewer department.

00:23:08.300 --> 00:23:09.370

anonymous

The water department.

00:23:08.590 --> 00:23:09.010

Herring, Marshel B

OK.

00:23:10.250 --> 00:23:19.400

Herring, Marshel B

I know I've been out on cobalt towns with some soft legs forward like it, and we're still trying to schedule the rest of them like had to finish it the soft except where they're going across our transmission line.

00:23:21.340 --> 00:23:25.830

Herring, Marshel B

But it looks like it's gonna be staying in old sewer right away. Like it that they've got already, but.

00:23:26.750 --> 00:23:30.070

Herring, Marshel B

I know that prod is gonna be coming up 'cause they're pushing for it right now.

00:23:31.810 --> 00:23:32.580

Herring, Marshel B

Uhm.

00:23:33.670 --> 00:23:36.000

Herring, Marshel B

Trying to play anything else I know about that area.

00:23:38.050 --> 00:23:41.810

Tami Groves

Y'all, I'm gonna be really working on UM.

00:23:42.550 --> 00:23:53.360

Tami Groves

Stallings Indian Trail Waxhaw in Weddington trying to get them into these discussions every month.

00:23:54.890 --> 00:24:13.320

Tami Groves

I I do have at least a good contact with the town of Indian Trail. If you've got any any good contacts with any of the other townships, please let me know. But you know they they really do need to be a part of this as well. I I know the the city of Monroe is just, you know.

00:24:13.380 --> 00:24:13.530

Tami Groves

Right.

00:24:14.160 --> 00:24:20.990

Tami Groves

That whole holding the bag each month as far as you know in, in, in the town of winged it.

00:24:21.870 --> 00:24:29.360

Tami Groves

As far as participation and you know they need to be involved as well. Some will keep pushing there.

00:24:32.530 --> 00:24:34.510

Herring, Marshel B

Sounds good. Sounds good. The more the better.

00:24:34.910 --> 00:24:35.510

Mary Chapman

That's right.

00:24:34.970 --> 00:24:35.660

Tami Groves  
For real?

00:24:35.660 --> 00:24:41.160

Herring, Marshel B  
That way we get more information out there and know what's going on. Little bit, it's got a lot of thoughts that.

00:24:41.150 --> 00:24:41.850

Tami Groves  
Yes, Sir.

00:24:49.680 --> 00:24:50.800

Mary Chapman  
I don't have anything else.

00:24:55.290 --> 00:24:56.900

Tami Groves  
Mary said she was wide open.

00:24:58.500 --> 00:25:06.390

Herring, Marshel B  
Sorry about that. I'll get they got me down for dispatcher, so I get everybody in the companies that mergency alerts error for locates.

00:25:00.510 --> 00:25:00.840

Mary Chapman  
Right.

00:25:00.890 --> 00:25:01.580

Mary Chapman  
Get your mic.

00:25:06.990 --> 00:25:08.330

Herring, Marshel B  
That was in Cumberland County.

00:25:08.880 --> 00:25:09.600

Tami Groves  
So wow.

00:25:10.080 --> 00:25:10.500

Herring, Marshel B  
Yeah.

00:25:11.830 --> 00:25:15.810

Herring, Marshel B  
Wish they'd fix outages areas here with.

00:25:17.720 --> 00:25:18.860

Herring, Marshel B

Supposedly working on it.

00:25:20.850 --> 00:25:23.580

Tami Groves

So go ahead. I'm sorry, Marshall.

00:25:21.370 --> 00:25:21.940

Herring, Marshel B

But ah.

00:25:24.560 --> 00:25:26.460

Herring, Marshel B

No, no, I was getting antsy about getting.

00:25:27.040 --> 00:25:29.770

Herring, Marshel B

More projects or anything else coming up or.

00:25:30.800 --> 00:25:34.030

Tami Groves

Any damage information did you already ask about that?

00:25:31.580 --> 00:25:32.000

Herring, Marshel B

Perfect.

00:25:35.330 --> 00:25:38.090

Herring, Marshel B

No, I have not seen by any damages.

00:25:36.330 --> 00:25:37.070

Tami Groves

OK, sorry.

00:25:40.300 --> 00:25:40.640

Herring, Marshel B

Thank you.

00:25:45.550 --> 00:25:52.800

Herring, Marshel B

I know we had some, but I'm not sure what it was, or at least I'm still waiting on her to send me the form over hills. How many we did have?

00:25:53.130 --> 00:25:53.530

Tami Groves

OK.

00:25:55.280 --> 00:26:24.610

Tami Groves

Marshall already knows this, but Mary and and Monroe, please. If if you get some concerns, you know you've got damages or you know people who aren't doing what they're supposed to do. Please let me know so I can reach out to him. I assure you, I am not going to dime you out and say, well, Mary said this, I'm going to, you know, I know you have to work with folks in the field. I'm gonna, you know, I'm gonna be.

00:26:25.160 --> 00:26:33.740

Tami Groves

Uh, a little more discreet and say hey, uh, I saw this, you know, is this still going on or is that still continuing?

00:26:35.590 --> 00:26:41.920

Tami Groves

You know, I wanna try to keep those lines of communication open and and keep everybody working together.

00:26:42.450 --> 00:27:12.580

Mary Chapman

Right. But the the the ticket and I was talking about earlier before the meeting started the three hour that I was you know, getting the runaround on and I actually talked to him and and he explained to me that how their utility wasn't in the way and I understood and but he still went out and met the forming this morning you know he he called the formatting and went out I guess who are reassure him because of woman was saying it why CIA.

00:27:05.790 --> 00:27:06.150

Tami Groves

Yeah.

00:27:13.380 --> 00:27:17.160

Mary Chapman

Uh, my meter, you know, whatever. And or vault and.

00:27:17.770 --> 00:27:18.290

Mary Chapman

Uhm.

00:27:19.310 --> 00:27:22.130

Mary Chapman

And they put out a traffic cone on it and.

00:27:22.770 --> 00:27:27.480

Mary Chapman

So when I talked to the guy, he said OK, but that that's where it crosses the road and that's it though.

00:27:28.090 --> 00:27:40.500

Mary Chapman

But I guess the, UM, he was getting little resistance from archive because maybe he was saying something else that made him think something different. I don't know. But he met out, went out there. Many men hopefully put him at ease.

00:27:39.810 --> 00:27:40.120

Tami Groves

Ah.

00:27:41.040 --> 00:27:55.660

Tami Groves

Good, good. And you know what? That I appreciate them doing that and I appreciate your guys, you know, really pushing to make sure and keeping those lines of communication open 'cause that's that's how people are going to go home at the end of the day.

00:27:56.590 --> 00:28:15.560

Mary Chapman

And and you know you don't want to hit a water line and it shut peoples water. Damn. You know, because I mean, if it's a big line, if it's a main distribution line or something, you know that's that's feeding a big subdivision and yeah, you don't want people to be without water for hours. And I don't want to be without water at all. I'd help it.

00:28:01.140 --> 00:28:01.630

Tami Groves

Right.

00:28:15.160 --> 00:28:15.670

Tami Groves

Right.

00:28:17.150 --> 00:28:17.520

Mary Chapman

And.

00:28:18.250 --> 00:28:20.550

Mary Chapman

Water or electricity or cable.

00:28:21.230 --> 00:28:26.470

Mary Chapman

There's so many people still working from home that you know that can be a big, big, big problem.

00:28:28.490 --> 00:28:35.300

Tami Groves

While I appreciate him, really, you know, doing his due diligence and and push him to make sure that everything was done.

00:28:36.660 --> 00:28:37.400

Mary Chapman

I do too.

00:28:38.160 --> 00:28:41.420

Mary Chapman

We don't want any more damages than we can possibly get away with.

00:28:41.880 --> 00:28:42.790

Tami Groves

Understand.

00:28:43.320 --> 00:28:44.440

Mary Chapman

Not that we get away with anything.

00:28:51.430 --> 00:28:52.070

Mary Chapman

You know what I mean?

00:28:51.970 --> 00:28:53.620

Herring, Marshel B

Alright. Anybody got anything else?

00:28:56.640 --> 00:29:01.930

Herring, Marshel B

If not, I guess we'll go ahead and conclude this meeting and I guess we'll be meeting back next month on the.

00:29:02.890 --> 00:29:03.830

Herring, Marshel B

See.

00:29:05.600 --> 00:29:07.280

Tami Groves

1/4.

00:29:06.380 --> 00:29:07.290

Herring, Marshel B

I don't know.

00:29:08.270 --> 00:29:08.990

Mary Chapman

By 4th.
