Safe Digging Month Proclamation Signing - April 19, 2022

MAY IS NATIONAL BARBEQUE MONTH

You can either put on an apron or a bib because it can get messy whether you're making barbecue or eating it. Then dig in! Try different flavors and recipes all month long. And, if you've heard about a good barbecue restaurant, get there early. The good ones sell until it's all gone then close up shop. That's the sign of *real* barbecue! Use #NationalBarbecueMonth to share on social media.

A message from the NC811 Executive Director

- We are very busy on the phones and working to train new folks, please be patient!
- Call back function can keep you from waiting when calling.
- The whole system is built on communication! Do what you can to know those who can help.
- Make sure to report damages when they occur both to NC 811 and the operator.

Louis Panzer

Veteran Recruiting

Army Transition Assistance Program (TAP)

- Helps soldiers who are separating or retiring from the Army searching for a new career through counseling, seminars, and automated employment tools
- Network of more than 1,000 soldiers on Fort Bragg

Career Skills Program (CSP)

- Provides soldiers with skills and experience to find employment outside of the military
- 6 Month Apprenticeship program
- Salary is paid by U.S. Government

Process

(TAP) – PDF Flyer

- Specific Job Posting
- Company Information
- POC for position

(CSP) – PDF Flyer

- General Company Recruitment

Safe Digging Tip

Use the right tools:

Every job needs the proper equipment in order to do it right. If you don't own a tool you will need, look into renting one.

If this meeting was virtual or hybrid, a video is available on ncucc.org. Go to County UCC's. The video will be listed under the month and year the meeting took place.

00:00:00.000 --> 00:00:00.470

Tami Groves

According.

00:00:01.230 --> 00:00:04.700

Leo Brooks (Gas Distribution - 5P)

Alright, so for those of you who don't know me, I'm Leo Brooks.

00:00:06.120 --> 00:00:11.290

Leo Brooks (Gas Distribution - 5P)

I recognize most of the people on here and the chairman for Cabarrus, Rowan and Stanley County, UC.

00:00:11.960 --> 00:00:12.560

Leo Brooks (Gas Distribution - 5P)

Ohm.

00:00:14.180 --> 00:00:15.250

Leo Brooks (Gas Distribution - 5P)

I can only.

00:00:16.630 --> 00:00:21.880

Leo Brooks (Gas Distribution - 5P)

Offer my sincere apology for us having to do our meeting at the last minute online.

00:00:23.140 --> 00:00:26.790

Leo Brooks (Gas Distribution - 5P)

Due to some unforeseen circumstances, we weren't.

00:00:27.520 --> 00:00:30.360

Leo Brooks (Gas Distribution - 5P)

Able to have a meeting in our building like we had planned so.

00:00:33.380 --> 00:00:34.830

Leo Brooks (Gas Distribution - 5P)

Maybe next month we'll see.

00:00:36.090 --> 00:00:44.050

Leo Brooks (Gas Distribution - 5P)

But just be important to to watch your emails. Tammy and I will keep you updated as to what we're gonna do going forward, so.

00:00:46.140 --> 00:00:49.970

Leo Brooks (Gas Distribution - 5P)

Without further ado, I would like to bring a a quick safety moment.

00:00:51.480 --> 00:00:53.290

Leo Brooks (Gas Distribution - 5P)

And this is a very specific one.

00:00:54.610 --> 00:01:03.460

Leo Brooks (Gas Distribution - 5P)

A lot of Times Now we we do everything we can to keep gas lines from from getting hit. But unfortunately from time to time they do get hit.

00:01:04.340 --> 00:01:14.220

Leo Brooks (Gas Distribution - 5P)

We just had a situation the other day where one of our own contractors digging for us hit one of our own lines. And I mean that happens. We we do everything we can to prevent it, but it happens.

00:01:15.470 --> 00:01:17.610

Leo Brooks (Gas Distribution - 5P)

The mistake that our own crew made.

00:01:18.390 --> 00:01:19.120

Leo Brooks (Gas Distribution - 5P)

Was that?

00:01:20.540 --> 00:01:29.490

Leo Brooks (Gas Distribution - 5P)

They jumped down in the hole and squeeze it off themselves. So what we like to tell people and recommend anytime you hit a gas line.

00:01:31.270 --> 00:01:37.360

Leo Brooks (Gas Distribution - 5P)

It's never ever a bad idea to go ahead and call 911 and make the area safe.

00:01:38.440 --> 00:02:07.550

Leo Brooks (Gas Distribution - 5P)

There might be some situations where fire department doesn't need to be involved, but but I tell everybody is if you're not sure, don't sit there and overthink it. You you can't quite tell exactly what's going on. Sometimes gas can be migrating while you're just calling the gas company and saying, hey, can you come out here and look at this by the time we get there, we might have a bad situation. So a lot of people are reluctant to call 911 and oftentimes and and I.

00:02:08.190 --> 00:02:19.380

Leo Brooks (Gas Distribution - 5P)

I understand that completely that they wanna help the gas company out. I've I've seen multiple times somebody will will put themselves in danger, go down there and bend that gas line over.

00:02:20.080 --> 00:02:27.840

Leo Brooks (Gas Distribution - 5P)

I'll try to put duct tape on it. I've seen people use Gatorade bottles like double it over and try to shell a Gatorade bottle over it to hold it in place.

00:02:28.460 --> 00:02:28.950

Leo Brooks (Gas Distribution - 5P)

So.

00:02:30.080 --> 00:02:31.830

Leo Brooks (Gas Distribution - 5P)

In in trying to.

00:02:33.880 --> 00:02:49.230

Leo Brooks (Gas Distribution - 5P)

Look at the situation and say, well, we we don't need this gas escape and you know we've created a dangerous situation. Then they're gonna put themselves in danger to try to stop that off. And we don't. We don't want anybody doing that, including our own contractors. So our contractors are out there doing the work on our behalf.

00:02:50.130 --> 00:02:51.370

Leo Brooks (Gas Distribution - 5P)

We have inspectors.

00:02:52.170 --> 00:03:03.460

Leo Brooks (Gas Distribution - 5P)

They're not always with them. We try to keep them with them as much as possible, but they're watching multiple crews, so our own guys are outfitted with the same equipment that we use, but.

00:03:04.170 --> 00:03:05.610

Leo Brooks (Gas Distribution - 5P)

Somehow somewhere.

00:03:06.380 --> 00:03:11.090

Leo Brooks (Gas Distribution - 5P)

It was just a miscommunication and they didn't realize that that they couldn't do that so.

00:03:11.920 --> 00:03:36.950

Leo Brooks (Gas Distribution - 5P)

It It what I'm saying is, even if we don't want our own contractors trying to squeeze a line off when there's gas escaping from it, we certainly don't want any third party that's out there doing work for someone else, hitting her line and putting themselves in danger. If you can make the area safe, call 911. If you're not certain and you're working in front of a house, go knock on the door of that house and say, hey, you know, we struck a gas line out here.

00:03:37.560 --> 00:04:08.060

Leo Brooks (Gas Distribution - 5P)

Not sure exactly where how long it's gonna take to get to stopped off. Maybe you can come out of your house and you know, kinda go off to the side somewhere. So that's just that's very specific thing that's happened and and we would like to do everything we can to prevent somebody from getting hurt because then I don't wanna have to go out there and then have to explain to a family member why this person got hurt because they they thought, well, we're gonna help. We're gonna help the situation out by putting ourselves in danger and and we don't want that.

00:04:08.150 --> 00:04:10.450

Leo Brooks (Gas Distribution - 5P)

So with that being said.

00:04:11.400 --> 00:04:15.280

Leo Brooks (Gas Distribution - 5P)

I guess we'll go ahead and turn it over to Tammy and she can do it at presentation for 811.

00:04:15.760 --> 00:04:18.030

Tami Groves

Awesome. Thank you, Sir. Appreciate it.

00:04:19.170 --> 00:04:53.040

Tami Groves

As Leo said, appreciate you all being here. Sorry we had to switch around at the last minute, but I'm glad that we have that option available to us at that really does go a long way towards keeping those lines of communication open as opposed to saying well, we'll just cancel and try again next month. It's it's definitely good to be able to to see each other, even if it is virtually, it is may hard to believe we are almost already halfway through.

00:04:53.670 --> 00:05:20.500

Tami Groves

Give you a little bit of information about our safe digging month wrap up as you know, April is national safe Digging month and eight One North Carolina 811 was out there just beating the bushes last last month, just like every month, but really pushing that message hard. The NASCAR called before you dig 250 was at Martinsville Speedway in Virginia.

00:05:21.720 --> 00:05:50.830

Tami Groves

North Carolina, South Carolina, Virginia, Michigan, Arizona and and other states were all involved in that huge endeavor. I'll ask Ann and just a few minutes to to give us a little bit of an update, but she was out there with several members of our education team just really talking to people and and helping out at that race. Just, just huge national coverage.

00:05:51.450 --> 00:06:16.130

Tami Groves

The 811 treasure hunt wrapped up on April 29th. It's funny. I met a young man at the Piedmont Natural Gas Rodeo Friday in Wilmington, he said. You know, he said I won that contest, he said. I actually said to my wife. I wondered if y'all would let anybody know who won. And he said, and I got the email and I was the winner. So he was really excited.

00:06:17.180 --> 00:06:48.050

Tami Groves

Charlotte checkers. Takeover Parrish and Safety Sam and I showed up out there and safety Sam got to ring the cowbell to start the hockey match. If any of you familiar with that, it was so much fun. I'd never been to a hockey game before and I will go back. That was just a lot of fun. Lineman Appreciation Day, our North Carolina 811 banner campaign. You see some folks there with their beautiful new banners.

00:06:48.510 --> 00:07:07.640

Tami Groves

Locate or safety and Awareness Week was the 24th through the 30th. We wanted to recognize our not

just our lineman, but also our locators out there in the world. Monday night SIM 500 Cup series, the 811 Piedmont Natural Gas sidewalk graphic campaign.

00:07:08.330 --> 00:07:39.670

Tami Groves

It was a busy, busy month and you can see Miss Rushing there. She was out in Martinsville, some different games that were set up and y'all see that little pink car there in the middle? That young lady is 11 years old and she races racings in her family, her dad, her grandfather and what I understand is that she said, you know what, I wanna race to and that little car.

00:07:39.760 --> 00:08:02.130

Tami Groves

Will go about 70 miles an hour around a track. It just blows my mind that here she is, 11 years old and she's she's tootling around the track, just like I'd be going down the Interstate. Miss rushing. Anything you'd like to throw in there about that race and that national coverage we were able to have.

00:08:04.210 --> 00:08:32.580

Ann Rushing

Sure, I'll be happy to. So this was uh is Tammy said a national takeover, you know, we are always focused on those type of opportunities. We had folks from Ohio, Michigan, Georgia, Virginia, South Carolina. Of course us out supporting the message in I think some of the Nielsen ratings we received was a little over 1.3 million folks that were watching online and are.

00:08:32.680 --> 00:08:59.590

Ann Rushing

Russia say watching you know the actual race, and of course it was. It was a huge crowd there, great opportunity. And of course, Arizona was the huge supporter of this as well as Verizon. Lots of many different sponsors. And then we'll be out in Arizona for their race in the fall slash winter. So once again, other opportunities to reach the masses. Thank you.

00:08:59.380 --> 00:09:10.530

Tami Groves

And no, thank you. I appreciate it. Again, y'all, that is national coverage, not just you know, one little state or just just a little here and there that is just national coverage.

00:09:13.670 --> 00:09:43.680

Tami Groves

Another little graphic there. That's the sidewalk graphic on the left looks fantastic. And then the middle 2, the middle and the far right. That was at the Charlotte Checkers takeover. Safety Sam came out and got to ride the Zamboni and take pictures and talk to well, he didn't so much talk. He did some waving and high fiving, but we got to talk to people out there. It was just a fantastic.

00:09:43.770 --> 00:09:52.670

Tami Groves

Opportunity. The 811 treasure hunt in the SIM 500 Cup series. Just a a busy, wonderful month.

00:09:54.130 --> 00:10:11.070

Tami Groves

Not to mention that the Labor Commissioner came out to the office in Greensboro and signed this year's Safe Digging Month proclamation on 19th y'all get on the elevator and you see those little signs that said this. This has been inspected and.

00:10:11.950 --> 00:10:29.050

Tami Groves

Sherry Berry well, Sheree Berry has retired and Josh Dobson is the new replacement. So Josh is the one that's signing those little those little elevator safety placards now. So that's Josh at our office.

00:10:30.290 --> 00:10:58.430

Tami Groves

And I know we talked about this a little bit last month, but just a reminder, we have purchased a mini excavator. We got a grant and we've had a couple of partners come on with us for this mini ex. I've been bragging about Anna, husband David, David actually built the cage on the back of this little mini ex to make it look more realistic, but this this.

00:11:00.010 --> 00:11:16.270

Tami Groves

This is such a fantastic opportunity for us to get out and and talk to people and them have a little bit of fun and get on this excavator and just kind of, you know, mess around with it and get an idea of what's actually happening out there in the field.

00:11:17.550 --> 00:11:36.970

Tami Groves

We do have a page where you can go out and request that mini ex to participate in an event that you're having or participating in, but we, you know, we welcome those requests. Just go out to the website and request that mini ex at your event.

00:11:39.120 --> 00:12:12.450

Tami Groves

May is national barbecue month and y'all. I'm gonna tell you, I went to Davidson for a meeting yesterday and it was very timely. You can put on your apron and cook or put on your bib and eat because chances are, if you're eating barbecue, you may get messy. There are a lot of different flavors and recipes, and if you've got a great barbecue restaurant in your area, you need to get there early so they don't get sold out. Use the hashtag national barbecue month if you wanna share stuff on social media.

00:12:12.790 --> 00:12:36.740

Tami Groves

But again, if you've got a great place in your area, make sure other people know about it. Spread, spread the joy. I know in Charlotte I hit Midwood Smokehouse on a fairly regular basis. They've got the best brisket that I have ever eaten, and I like to eat on a pretty regular basis. So I'm I'm I'm getting to be a bit of a barbecue snob.

00:12:38.060 --> 00:13:09.570

Tami Groves

A message from Louis Panzer, our executive director, just a reminder that we are really busy on the phones and working to train new customer service reps. Please be patient. We've had a few new

customer service Rep stop and as you all know those those customer service reps are reading a script when they answer that phone. So you know be patient with them. They don't have it all memorized just yet.

00:13:09.800 --> 00:13:16.650

Tami Groves

And they are doing their utmost very best to provide great customer service to each and every person that calls.

00:13:18.080 --> 00:13:47.590

Tami Groves

Use that callback feature if you are someone who is calling in locate request, make sure you use that callback feature so you're not just sitting there on the phone and waiting. You can request just like many other institutions, you can request that someone call you back so you're not having to just sit and wait. Our whole system is built on communication, each and every one of us needs to be able to communicate with the other.

00:13:48.230 --> 00:14:18.400

Tami Groves

Whatever you can do to help, be sure to do it and pass it on to the next person. And just to remind her that when there is a damage to report it to the facility owner or the utility owner and to North Carolina, 811, obviously the utility wants that information so they can make repairs and to have the cost of any product release covered. North Carolina 811, we are looking to see who we need to reach out to.

00:14:19.540 --> 00:14:24.750

Tami Groves

Where are we seeing those damages and where can we focus our education efforts?

00:14:25.610 --> 00:14:29.070

Tami Groves

But just make sure those damages do get reported.

00:14:30.060 --> 00:15:01.730

Tami Groves

Let's talk about veteran recruiting. Such a huge part of our country is our veterans. There's the Army Transition assistance program tap and the career Skills Program, CSP. Christopher zilla. I'm Christopher Lord. Was Zalem is a great point of contact, if you know anyone who's coming out of the military or separating or retiring from the army. Like, who's looking for a new career.

00:15:02.370 --> 00:15:13.860

Tami Groves

They can help with counseling, seminars, automated employment tools. They have a network of over 1000 soldiers at Fort Bragg. There are.

00:15:14.840 --> 00:15:40.290

Tami Groves

They are in the process of providing those folks with skills and experience to find employment outside of the United States military. There's a six month apprentice program, and that salary is paid by the United

States government. Please again reach out to christopher.lord@xylem.com. Christopher will be happy to give you that information.

00:15:42.240 --> 00:16:00.110

Tami Groves

The uh national Utility Contractor Association, the Carolinas chapter. You know, he's a part of of NUCA anything that we can do to help our vets find employment after that military career or after that time in the military, we wanna be able to do.

00:16:01.180 --> 00:16:27.710

Tami Groves

Data and insights, ticket requests and transmissions for the state locate requests for the state for the month of April. There were 200 and 8778 locate request for the month of April and believe it or not, folks, that was just a little bit of a decrease for that month 1.6%.

00:16:29.210 --> 00:16:38.660

Tami Groves

Transmissions were down just a little bit as well. 5% transmissions, one million, 120,012.

00:16:39.460 --> 00:16:45.560

Tami Groves

Tickets year to date, that's gonna be January 1 through the end of April.

00:16:46.500 --> 00:17:16.380

Tami Groves

700 and 95,556 tickets are still up. Locate requests are still up year to date, 3 1/2% and transmissions are up half a percent. Transmissions were 4,352,300 and 16 and I know our repeated every month, but it's a great. It's a great information that bears repeating.

00:17:17.040 --> 00:17:22.130

Tami Groves

The difference between a ticket or a locate request in a transmission.

00:17:23.410 --> 00:17:54.730

Tami Groves

The ticket is what you're calling in, or what you're entering via remote ticket entry or single address ticket. I'm putting in a mailbox. A transmission is how many utilities are notified about everyone locate request. Right now on average there are 5.5 utilities notified about every one ticket in the area where I'm putting my mailbox, there might be water, sewer, gas, fiber, and electric that would be 5 transmissions.

00:17:54.810 --> 00:17:56.450

Tami Groves

For one ticket.

00:17:57.310 --> 00:18:11.250

Tami Groves

Ticket volume for Cabarrus County. New tickets for the month were actually down just a little bit. 1.8% new tickets for the month of April 3192.

00:18:11.930 --> 00:18:38.900

Tami Groves

Total tickets for Cabarrus County for the month of April were down a little bit as well. 4.7 percent 5035 and you can see that second to last column updates were actually down 15%. So I'm sure that played into those total tickets coming down. A decrease is not always a bad thing y'all. We definitely don't wanna update tickets where the works already occurred.

00:18:40.340 --> 00:19:13.910

Tami Groves

For rowing and county, new tickets for the month of April 15113, a 2.6% increase in Roane County. Total tickets for the month of April for Rowan County were up 13.2 percent 2200 and six again. You can see those update tickets only this time. Those updates are up about 54 1/2 percent, which lets us know that there are a lot of projects that are continuing that are being updated.

00:19:15.110 --> 00:19:16.680

Tami Groves

And for Stanly county.

00:19:17.540 --> 00:19:47.810

Tami Groves

New tickets for the month of April were up. 19.2% new tickets at 708. Total tickets for Stanley County for the month of April. 14.8% increase 12168 update tickets were up again 90. I'm sorry 19.2 percent 509. I know there's a lot of.

00:19:48.000 --> 00:19:51.210

Tami Groves

Road construction going on down that way as well.

00:19:53.420 --> 00:20:06.030

Tami Groves

Ticket volume for Cabarrus County and this is year to date. That's January 1 through the end of April. New tickets are up 19 percent, 13,610.

00:20:06.690 --> 00:20:16.630

Tami Groves

Total tickets for Cabarrus County are up 7.7%. You're looking at 20,295.

00:20:18.450 --> 00:20:32.010

Tami Groves

Heroin and county new tickets were up year to date point 3%. Total tickets for Rowan are actually up 6.6% at 8054.

00:20:33.000 --> 00:20:37.740

Tami Groves

And for Stanly County, new tickets are up almost 9%.

00:20:39.140 --> 00:20:53.340

Tami Groves

2794 and total tickets are up almost 16 percent, 5029 four year to date. Again, January 1 through the end of April.

00:20:55.220 --> 00:21:24.310

Tami Groves

Ticket distribution for Cabarrus County. Nobody's gonna be surprised to hear that Concord had a majority of those locate requests. 31165 of those 5000 were in Concord, Harrisburg and Kannapolis, or in the multiple hundreds Kannapolis 868, Harrisburg 713 all the way down to Oak, Cliff Stanfield and West Concord with one each.

00:21:25.670 --> 00:21:41.780

Tami Groves

For rowing and county, again not a big surprise that most of that work is in Salisbury 11168. Of those 2200 requests, Kannapolis, 214, China Grove 266 and mount.

00:21:42.850 --> 00:21:45.600

Tami Groves

Ah, Jason, you're going to have to remind me, Ola.

00:21:46.450 --> 00:21:47.500

Tami Groves

113.

00:21:50.250 --> 00:22:03.950

Tami Groves

And for Stanley County of those 1200 plus requests, again, no big surprises. Albemarle 547, of those, Locust 257 and Norwood at 148.

00:22:06.830 --> 00:22:36.560

Tami Groves

Damage is reported for the month of April 2022, so Cabarrus County had of those damages reported 29. Rowan County of those damages had eight and Stanley County of those damages had five reported. Again, the closer you are in the proximity to a large metropolitan area, those tickets tend to go up.

00:22:37.020 --> 00:22:37.490

Tami Groves

Tom.

00:22:38.500 --> 00:22:43.290

Tami Groves

I know. Uh Gaston our Dale, Cabarrus.

00:22:44.010 --> 00:23:01.590

Tami Groves

Our I think I said I L Union anything in that that Mecklenburg County reach area. You know you've got a

lot of folks in those areas, a lot of construction happening. Those tickets tend to go up a little bit. Miss Rushing, did you have something you wanted to add to that?

00:23:03.230 --> 00:23:05.520

Ann Rushing

Sure. I'll be glad to.

00:23:05.910 --> 00:23:08.080

Tami Groves

I was just checking. I saw you pop up there.

00:23:08.890 --> 00:23:18.270

Ann Rushing

So with these damages, we're gonna start showing this each month just so that you can see live live data.

00:23:19.330 --> 00:23:32.100

Ann Rushing

In in the past, we've we've been able to receive the reports, but a lot of times you know, by the time they all get sifted through, they are somewhat out of date. And so you're gonna start seeing this each month.

00:23:33.220 --> 00:23:58.630

Ann Rushing

At the LRPC next weekend and I just sent out a an email This morning in regards to that, this is gonna be one of the things that we're gonna talk about. So with these damages, we want to focus in for us around the no calls folks that are not sending or or excuse me requesting locates. And so with that there's a letter that Lewis has drafted and we're working.

00:23:59.770 --> 00:24:19.720

Ann Rushing

Right now, with Piedmont and and for you Dominion folks, we, you know, reached out to on your offender list that you know, these folks that don't have locate tickets and so we want to send them a general letter, just reminding them of the statute of the excavator responsibilities.

00:24:20.820 --> 00:24:50.250

Ann Rushing

Then to let them know that they could potentially face uh enforcement if someone made a complaint against them, and then we direct them to the section of the law. So you know, we're just reminding them that as required by statute, we are required to perform education. And so this is how we're going to meet that need through this letter. So certainly if you all have what we would consider a.

00:24:50.410 --> 00:25:06.800

Ann Rushing

No one call offender list, please provide that to us and we will send out those letters and it is signed by Lewis. So please provide us that get it to Tammy, provide that tour each month and we'll certainly get those letters out for you.

00:25:07.800 --> 00:25:14.170

Tami Groves

Thank you, Madam. And just a reminder, y'all Louis is Louis Panzer, our executive director.

00:25:08.430 --> 00:25:08.850

Ann Rushing

I think.

00:25:15.130 --> 00:25:29.900

Tami Groves

He has put together a letter and we will be sending those out to people and just to again a reminder, you know and and you correct me if I'm if I'm wrong, I'm I'm not.

00:25:30.180 --> 00:25:50.380

Tami Groves

I'm asking for anything where we're gonna, you know, say, well, you know, Dominion said this we're gonna say, hey, we saw there was a ticket or, you know, we we know there was work done and we don't have a copy of a locate request and you know just a reminder this is what the law says you're required to do.

00:25:51.890 --> 00:26:10.300

Ann Rushing

No Tammy, the letter basically starts off stating that there was a recent damage reported to NC 811 and indicated that your company did not place a locate request. So then we go on until proceed, you know, information about the statute. So it is all.

00:26:11.700 --> 00:26:14.650

Ann Rushing

You know very ambiguous on that end, so.

00:26:14.490 --> 00:26:30.380

Tami Groves

Thank you. That's that's what I was kind of hoping that that that was the case again. You, you, you guys and gals have to work in the field with with everyone. And you know we we definitely don't wanna create any hardship there.

00:26:31.820 --> 00:27:01.910

Tami Groves

Calendar of events. Just a reminder that information is on that NC 811 website and NCUCC. Visit the calendar section or the calendar on your app for updates on upcoming events and meetings or reach out to your liaison. I'll gladly get you the information you need if I can be of assistance. The common ground alliance CGA is going to hold a summer committee.

00:27:02.000 --> 00:27:35.390

Tami Groves

Summit in person in Greensboro this summer. This summit will include working committee meetings, roundtable discussion, networking opportunities and informational workshops. Registration opens may

the 16th and that conference is the 25th of July through the 28th. For information or registration, go out to CGA Common Ground Alliance website, go to conferences and events.

00:27:35.580 --> 00:27:51.230

Tami Groves

And then go to committee meetings. I know that one of the things that will be doing is doing some tours of our office and some hosting. So looking forward to having CGA in Greensboro this summer.

00:27:54.160 --> 00:28:10.000

Tami Groves

Upcoming meetings for North Carolina 811, the North Carolina 811 Second Quarter Board meeting is at Chetola Resort in Blowing Rock that will be Friday, July 22nd to begin at 8:30 AM.

00:28:11.120 --> 00:28:40.590

Tami Groves

Please contact Stephanie Brown at our office if you were interested in attending. It is open to the public except for the Executive committee section, but you know, be glad to have you come in and and listen. It's great information. It's good to know what the boards up to if you don't get Stephanie information stephanie@nc811.org and you decide you'd like to go again, please let me know. I'll be glad to get that information for you.

00:28:41.060 --> 00:28:48.310

Tami Groves

The next North Carolina underground Damage Prevention Review Board and have y'all picked a date for that next meeting.

00:28:49.440 --> 00:29:14.530

Ann Rushing

We are looking at the beginning of August, I think around August the 4th. We're just waiting for some confirmation from a couple other folks. We will have our first hearing in regards to that board. So it'll probably be a pretty long day for that. And then to hear any complaints. So we will update you as we get that date confirmed.

00:28:52.570 --> 00:28:52.980

Tami Groves

OK.

00:28:54.740 --> 00:28:54.950

Tami Groves

OK.

00:29:15.020 --> 00:29:30.700

Tami Groves

Thank you so much, Madam. I appreciate that. Again, that next underground damage Prevention Review Board meeting is to be determined will be in Greensboro at our office. It will start at 10:00 AM.

00:29:31.600 --> 00:30:01.230

Tami Groves

The next state UCC meeting is Tuesday, July 12th. We will be meeting at the North Carolina 811 Event Center in Greensboro when I get those invites together later this week, I'll send those out with that information of where that meeting will be held, but it will be at the Event Center in Greensboro. It will start at 10:00 AM and it will be a hybrid meeting. So if you're not able to join.

00:30:01.550 --> 00:30:32.040

Tami Groves

In person, there will be a link where you can participate that's Tuesday again, July the 12th at 10:00 AM. The next locate Resolution Partnership committee team meeting is Tuesday, May 17th. That's next week at the North Carolina 811 events center in Greensboro. Again, a hybrid meeting from 11:00 to 1:00. Go out to the ncucc.org website.

00:30:32.100 --> 00:30:59.570

Tami Groves

For a virtual meeting link a reminder that the North Carolina 811 offices will be closed on Monday, May 30th, in observance of Memorial Day. If you have any projects that you are wanting to undertake, make sure that you call in no later than Tuesday, May 24th, to have those utilities marked.

00:31:01.270 --> 00:31:10.970

Tami Groves

This is your education team. I'm not gonna go through everybody. We've seen it more than once. Just know that Ann Rushing's with us today. She's our education manager.

00:31:11.870 --> 00:31:13.210

Tami Groves

She's my boss, yo.

00:31:14.440 --> 00:31:44.510

Tami Groves

And appreciate your time and attention. A copy of this presentation will be available at NCucc.org as well as a copy of the roster where you signed in. We'll use that as our sign in sheet and if you need a copy of that roster, it will be available. There will also be a PDF copy available of this presentation if you need to share with anyone. I am going to turn it back over.

00:31:44.830 --> 00:31:53.700

Tami Groves

To Leo Brooks your chair. So I'm gonna stop presenting. And if you don't have any questions, Mr. Brooks, it's all yours.

00:31:56.480 --> 00:32:01.670

Leo Brooks (Gas Distribution - 5P)

Well, thank you for that presentation of the biggest thing I got out of it was a national barbecue month, so.

00:32:02.200 --> 00:32:15.040

Leo Brooks (Gas Distribution - 5P)

Umm, they are having the jiggly with the piggy up here this weekend and canapolis right here where the Research Center knows at so I I hope to go to that. So yeah, I should come out too.

00:32:09.640 --> 00:32:10.550

Tami Groves

Ohh fun.

00:32:16.020 --> 00:32:17.670

Leo Brooks (Gas Distribution - 5P)

I'm a I'm actually probably.

00:32:18.810 --> 00:32:28.500

Leo Brooks (Gas Distribution - 5P)

2000 feet from there and I can see him setting up all the games and rides and all kind of stuff they didn't get to do that last year because of COVID. So I have to eat twice as much this year, I guess.

00:32:21.200 --> 00:32:22.640

Tami Groves

Uh.

00:32:28.440 --> 00:32:29.000

Tami Groves

Hey.

00:32:31.230 --> 00:32:37.340

Leo Brooks (Gas Distribution - 5P)

So what we'll do now, and I didn't wanna say, and I don't think he made it on here, but Matthew Turpin.

00:32:38.410 --> 00:32:43.150

Leo Brooks (Gas Distribution - 5P)

Project manager with Prince Telecom says Google Fiber on this card. So.

00:32:43.770 --> 00:32:54.870

Leo Brooks (Gas Distribution - 5P)

He was trying to get on to the meeting. He might have been one of the ones that showed up at our office since sitting out the parking lot, so I'm not sure if he made it on here, but he was trying to get home so.

00:32:55.950 --> 00:33:03.040

Leo Brooks (Gas Distribution - 5P)

And what we'll do now is I'll go down the list that I've got here for the attendees of the meeting and give everybody a chance to.

00:33:03.720 --> 00:33:06.550

Leo Brooks (Gas Distribution - 5P)

Have the floor and talk about whatever they wanna talk about.

00:33:07.460 --> 00:33:12.970

Leo Brooks (Gas Distribution - 5P)

So I'm gonna go in the order I've got here. We'll start with Adrian with Hyper Network.

00:33:21.290 --> 00:33:22.700

Adrian Goynes (Hyper Networks Inc.) (Guest)

I'm sorry, would you say again, Leo?

00:33:23.360 --> 00:33:24.880

Leo Brooks (Gas Distribution - 5P)

You got the floor, man, that's all you.

00:33:25.250 --> 00:33:32.860

Adrian Goynes (Hyper Networks Inc.) (Guest)

Ohh thank you, I thought it was gonna make certain somebody came in and started talking. Just wanted to say thank you for the opportunity. I'm always grateful of.

00:33:26.320 --> 00:33:26.600

Leo Brooks (Gas Distribution - 5P)

Yeah.

00:33:28.920 --> 00:33:29.140

Leo Brooks (Gas Distribution - 5P)

Yeah.

00:33:33.650 --> 00:33:50.510

Adrian Goynes (Hyper Networks Inc.) (Guest)

Of uh Dominion for putting these on and for the 811 folks and and Tammy coming down and making certain that we have the stats we're looking to be better partners. As always. There's we truly believe there's always room for improvement and we appreciate the the open and honest feedback we get from everyone involved.

00:33:52.900 --> 00:33:55.150

Leo Brooks (Gas Distribution - 5P)

We appreciate that we know what you have against, so.

00:33:55.810 --> 00:33:57.490

Leo Brooks (Gas Distribution - 5P)

We're doing what we can to help you out.

00:33:59.330 --> 00:34:02.020

Leo Brooks (Gas Distribution - 5P)

Uh. And did you have anything else? You're next on the list.

00:34:05.400 --> 00:34:09.410

Ann Rushing

I did not. I think Tammy covered the majority of it.

00:34:10.990 --> 00:34:12.570

Ann Rushing

Do you have something else for me, Tammy?

00:34:11.280 --> 00:34:11.710

Tami Groves

Ah.

00:34:12.750 --> 00:34:20.630

Tami Groves

I I was going to ask, could you? Because I I wasn't there this year. Can you just kind of give a brief update about the joint UCC?

00:34:21.050 --> 00:34:32.610

Ann Rushing

Yeah. Well, I mean, there's many folks on here. I know. Dana was there. Let's see who else was there? Jason was there. We had a good a good.

00:34:33.920 --> 00:35:02.980

Ann Rushing

A group of speakers there. It was good to see folks back face to face. Lot of education, you know, on safety. I know Dan Bayer with Duke Energy gave a bit of a presentation. So it was just good to see everybody. We hope that moving forward, it looks like we're gonna try to go back to Harris at Cherokee for the state Joint conference next year.

00:35:03.330 --> 00:35:21.880

Ann Rushing

Corsola that stuff is, you know, forthcoming and then the work. So I'm not gonna absolutely say for sure, but it looks pretty promising. And so we're excited about that. And if you weren't able to attend, I hate you weren't able to be there, but Greenville, it was a nice, nice conference being hosted down there.

00:35:24.250 --> 00:35:24.830

Tami Groves

Thank you, ma'am.

00:35:25.250 --> 00:35:25.690

Ann Rushing

Thanks.

00:35:26.510 --> 00:35:36.110

Leo Brooks (Gas Distribution - 5P)

Umm. I'm not sure if I can afford to go back to Harris. I went there a couple months ago and I left most of my money there, so I feel bad about that.

00:35:38.100 --> 00:35:38.400

Leo Brooks (Gas Distribution - 5P)

So.

00:35:40.080 --> 00:35:42.220

Leo Brooks (Gas Distribution - 5P)

I was up, but I I didn't catch out.

00:35:42.850 --> 00:35:51.640

Ann Rushing

Well, maybe they'll be able to, you know, add some free bugs like they did a couple years ago. So maybe you'll have a little bit of free spending money.

00:35:48.480 --> 00:35:49.960

Leo Brooks (Gas Distribution - 5P)

Yeah, and they can.

00:35:51.990 --> 00:35:56.490

Leo Brooks (Gas Distribution - 5P)

Let me happy to see you come. I'm sure. So Chris Ramsey.

00:35:57.550 --> 00:35:58.300

Leo Brooks (Gas Distribution - 5P)

You're up next.

00:35:59.620 --> 00:36:08.870

Chris Ramsey

Yeah, I haven't made any all yet named Chris Ramsey. What's Southern Cross? I do inspections for Dominion and.

00:36:10.250 --> 00:36:21.330

Chris Ramsey

I was out for surgery previously. That's why I didn't get to come to the last meeting and just wanna say I'm finding a few things here and there out in the field. I'm nothing. Really too. Too bad so far.

00:36:22.100 --> 00:36:23.800

Chris Ramsey

Umm. Steps to improving?

00:36:23.870 --> 00:36:27.240

Chris Ramsey

Ohm, I'm really out here every day.

00:36:28.060 --> 00:36:31.330

Chris Ramsey

You know two or three times a day and maybe the same neighborhood, you know just.

00:36:31.950 --> 00:36:35.210

Chris Ramsey

Just trying to catch everyone being compliant with 811.

00:36:36.690 --> 00:36:42.510

Chris Ramsey

So far it's going good. Stuff is improving, and yeah, that's basically about it.

00:36:45.570 --> 00:36:46.790

Leo Brooks (Gas Distribution - 5P)

Well, thank you for attending.

00:36:48.430 --> 00:36:51.220

Leo Brooks (Gas Distribution - 5P)

We'll go next to Daniel.

00:36:57.060 --> 00:37:16.890

Dania Pool (Gas Distribution - 5P)

Hey I really don't have anything. Just wanted to say I appreciate the opportunity to get involved with the 811. I was gonna ask Tammy and and to please if you will add me to your invitee list for everything.

Looking forward to to working with you. Thank you.

00:37:17.210 --> 00:37:18.820

Tami Groves

Got you covered. We're happy to have you.

00:37:19.690 --> 00:37:38.260

Ann Rushing

Hey I will mention for those of you over in the Gastonia area next week, we will be out at the Gastonia honey hunters. What next Tuesday night? So if you're looking for something fun to do and we're gonna, you know, educate little bit about 811. Come on out.

00:37:19.690 --> 00:37:20.080

Dania Pool (Gas Distribution - 5P)

Thank you.

00:37:39.400 --> 00:37:49.200

Ann Rushing

You'll see sponsorship out there with Dominion and 811, and so we're we're super excited about having all the Dominion folks out there.

00:37:52.030 --> 00:37:52.380

Leo Brooks (Gas Distribution - 5P)

Awesome.

00:37:54.880 --> 00:37:56.630

Leo Brooks (Gas Distribution - 5P)

Uh, next on my list is Diana.

00:37:58.300 --> 00:37:58.660

Leo Brooks (Gas Distribution - 5P)

Anything.

00:38:01.160 --> 00:38:01.900

diana (Guest)

I am good.

00:38:03.810 --> 00:38:04.830

diana (Guest)

Nothing to say.

00:38:05.070 --> 00:38:05.810

Leo Brooks (Gas Distribution - 5P)

OK.

00:38:05.670 --> 00:38:07.480

Tami Groves

What we already knew that.

00:38:07.420 --> 00:38:10.220

Leo Brooks (Gas Distribution - 5P)

I didn't think so, but we we thought we'd give you an opportunity.

00:38:07.460 --> 00:38:07.780

diana (Guest)

Yeah.

00:38:11.240 --> 00:38:12.670

diana (Guest)

I'm just taking notes.

00:38:13.460 --> 00:38:15.720

Leo Brooks (Gas Distribution - 5P)

He's happy about the virtual meetings. I can tell you that.

00:38:19.570 --> 00:38:20.400

Leo Brooks (Gas Distribution - 5P)

And.

00:38:21.370 --> 00:38:22.370

Leo Brooks (Gas Distribution - 5P)

Ohh Jonathan Elzy.

00:38:24.620 --> 00:38:25.380

Leo Brooks (Gas Distribution - 5P)

Words of wisdom.

00:38:28.050 --> 00:38:29.200

Elzy, Jonathan

I don't know about that.

00:38:31.540 --> 00:38:33.880

Elzy, Jonathan

I've had a few people ask me in the last couple of months.

00:38:35.510 --> 00:38:37.290

Elzy, Jonathan

Wow. Must be time for meeting.

00:38:39.860 --> 00:38:41.920

Elzy, Jonathan

I've had a few people ask me the last couple of months.

00:38:42.460 --> 00:38:57.100

Elzy, Jonathan

Umm, what exactly areas are USIC offers covers out of Charlotte, so I kind of want to go over that because I actually changed since our last meeting. We've had here going to the east, we cover all of Stanley County.

00:38:57.840 --> 00:39:10.980

Elzy, Jonathan

You go beyond Stanley County and you get into the route district. Go into the north. We do all of Salisbury up into around Lexington and Cleveland. You get beyond that going to the north, you're into the Winston Salem district.

00:39:12.600 --> 00:39:13.790

Elzy, Jonathan

Going to the West.

00:39:14.480 --> 00:39:19.730

Elzy, Jonathan

We do up to about half of Mooresville and down to about Denver.

00:39:15.460 --> 00:39:15.750

Leo Brooks (Gas Distribution - 5P)

Right.

00:39:20.940 --> 00:39:25.560

Elzy, Jonathan

You start going beyond there and you're into the mountain District and Asheville that way.

00:39:26.280 --> 00:39:54.250

Elzy, Jonathan

And then go and South up until two weeks ago, we stopped at the North Carolina, South Carolina border. But as of May 1st, we have taken on York, SC into our Charlotte district. They were a little bit far away from the South Carolina office to get their supplies. So they're actually closer to the Charlotte office with it being down off Monroe Road. So we now officially do part, I guess USIC didn't have enough work. So we've taken on some more.

00:39:55.330 --> 00:40:02.540

Elzy, Jonathan

But uh. But anyway, Long story short, that's kind of the area we cover and hope that answers some people's questions have been asking me that.

00:40:08.220 --> 00:40:09.860

Leo Brooks (Gas Distribution - 5P)

It's stuff that sounds good.

00:40:12.570 --> 00:40:16.180

Leo Brooks (Gas Distribution - 5P)

Uh, we will move on down the list here to Zach Harris.

00:40:20.310 --> 00:40:26.300

Harris, Zac

Good morning, everybody. I'm Zach Harris with Piedmont Natural Gas. I'm new to the group as of today.

00:40:28.290 --> 00:40:36.230

Harris, Zac

We've had a shift in our Salisbury district. It used to be ran out of Charlotte. Now it's ran out of Greensboro, so I'm kind of gonna be the.

00:40:37.220 --> 00:40:46.830

Harris, Zac

I'm kind of a problem. I'm a project specialist, so I'm gonna be doing the the new projects and stuff for our Salisbury Resource Center down that area, so I'll be attending the meetings going forward.

00:40:49.210 --> 00:40:51.720

Tami Groves

For those of you that don't know Zach, he's a.

00:40:49.560 --> 00:40:49.930

Leo Brooks (Gas Distribution - 5P)

If.

00:40:50.340 --> 00:40:52.200

Harris, Zac

These that don't know stacking the.

00:40:52.540 --> 00:40:54.160

Tami Groves

He's a a great resource.

00:40:53.210 --> 00:40:54.500

Harris, Zac

Take a great resource.

00:40:56.870 --> 00:41:08.780

Leo Brooks (Gas Distribution - 5P)

OK, so Marshall Herring was next, and I was gonna ask Marshall, but since saxone, you know, we're trying to look forward. You know, you had been one of these meetings, so.

00:41:09.500 --> 00:41:09.960

Leo Brooks (Gas Distribution - 5P)

Ohh.

00:41:10.570 --> 00:41:21.420

Leo Brooks (Gas Distribution - 5P)

What we used to do pre COVID we would alternate meetings between the our Concord office here and then the next month we would go to the the Salisbury Piedmont Natural Gas Office.

00:41:22.750 --> 00:41:29.120

Leo Brooks (Gas Distribution - 5P)

I haven't talked to Marshall in a while, so if one of you two, could it just let us know where y'all are at with?

00:41:30.150 --> 00:41:34.000

Leo Brooks (Gas Distribution - 5P)

Opening yours, building back up to where we might be able to come and meet.

00:41:35.330 --> 00:41:48.140

Harris, Zac

No, I'll. I'll talk with Daniel Cook. He's the kind of the site manager now for the Salisbury office. But I do know that, like in Greensboro, are off. We've been open back up 100%. I don't think it'd be an issue to.

00:41:49.320 --> 00:41:50.560

Harris, Zac

I have a meeting on site.

00:41:52.370 --> 00:42:00.130

Tami Groves

And Zach did give me Daniel's information yesterday. We we just met in Davidson yesterday and he gave me that.

00:41:52.450 --> 00:41:52.860

Leo Brooks (Gas Distribution - 5P)

OK.

00:42:01.680 --> 00:42:04.690

Leo Brooks (Gas Distribution - 5P)

Cool. So if you could talk, I'm sorry if you could forward that to me.

00:42:02.060 --> 00:42:02.460

Harris, Zac

And I.

00:42:05.060 --> 00:42:05.410

Tami Groves

Mm-hmm.

00:42:05.530 --> 00:42:13.460

Leo Brooks (Gas Distribution - 5P)

I can call him or if you can reach out to him because I I have yet to in the beginning of the year, I really didn't foresee that we'd be opening back up.

00:42:14.100 --> 00:42:24.720

Leo Brooks (Gas Distribution - 5P)

Yeah, when we did so, I would like to get so that each month only have our agenda, it'll it'll already be mapped out. What? What dates? That we'd be meeting there. So you could forward that to me.

00:42:25.160 --> 00:42:25.510

Tami Groves

Yeah, well.

00:42:28.780 --> 00:42:30.530

Leo Brooks (Gas Distribution - 5P)

And then I cut you off that. I'm sorry.

00:42:30.970 --> 00:42:33.600

Harris, Zac

No, you're good. You're good. I just like I said.

00:42:34.370 --> 00:42:41.200

Harris, Zac

Yeah, I can say we can get in touch with me and we can see what we need to do to get it set up whenever we need to.

00:42:41.630 --> 00:42:41.900

Leo Brooks (Gas Distribution - 5P)

Cool.

00:42:43.130 --> 00:42:45.150

Leo Brooks (Gas Distribution - 5P)

Alright, Marshall.

00:42:45.940 --> 00:42:46.500

Leo Brooks (Gas Distribution - 5P)

Still waiting.

00:42:48.870 --> 00:42:55.420

Herring, Marshel B

Hey, yeah, we've got a couple projects going on in Stanley County replacing some main and services and stuff like that.

00:42:58.340 --> 00:43:10.250

Herring, Marshel B

You're probably still saying marks in Concordnc Bears County coming all the way down from Transco. They're still doing surveys and trying to get ready to for retirement project online, one there.

00:43:12.990 --> 00:43:19.240

Herring, Marshel B

And that'll be going on for some time there. So, but they're not supposed to be kicking off on that one until 1st of next year or sometime?

00:43:20.480 --> 00:43:22.910

Herring, Marshel B

But other than that, that's about all we've gotten there area.

00:43:25.130 --> 00:43:27.660

Leo Brooks (Gas Distribution - 5P)

Cool. That's good to have you on here. Ain't seen you in a while, so.

00:43:27.910 --> 00:43:28.860

Herring, Marshel B

I know it's been a while.

00:43:29.140 --> 00:43:29.700

Leo Brooks (Gas Distribution - 5P)

Yeah.

00:43:30.370 --> 00:43:32.100

Leo Brooks (Gas Distribution - 5P)

Well, I'm not. I'm not out as much.

00:43:33.320 --> 00:43:35.350

Leo Brooks (Gas Distribution - 5P)

In the places that I used to run into you so.

00:43:36.720 --> 00:43:37.040

Herring, Marshel B

Yeah.

00:43:38.050 --> 00:43:40.220

Leo Brooks (Gas Distribution - 5P)

Uh, so next we've got William Horn.

00:43:43.960 --> 00:44:01.620

Horne, William M

Hey, I'm with uh quanta services over here in Cabarrus. I don't really have much to say other than it's nice to be able to get on these calls and kind of hear from the recorded data and get a perspective of what everybody else is looking at on y'all's end so it's just good to know. It helps me and my team kind of understand what everybody else is handling on their side.

00:44:05.160 --> 00:44:05.560

Leo Brooks (Gas Distribution - 5P)

Awesome.

00:44:08.700 --> 00:44:16.910

Leo Brooks (Gas Distribution - 5P)

And and this is reminder too, cause I'm not seeing it on my end, but at the very beginning, you know? Tammy asks all I was to put into the chat box.

00:44:17.810 --> 00:44:29.000

Leo Brooks (Gas Distribution - 5P)

Just your name, contact information so that way you'll everybody will have everybody's information as soon as she said that. I tried to do it and for some reason got logged out of the chat, but then I was able to get back in it so.

00:44:29.640 --> 00:44:37.420

Leo Brooks (Gas Distribution - 5P)

Just reminded everybody if you can just put your name of who you're with your email address and phone number in the chat box would be cool.

00:44:38.410 --> 00:44:41.070

Leo Brooks (Gas Distribution - 5P)

Uh, next we'll move down to Jason Stover.

00:44:38.990 --> 00:44:39.370

Horne, William M

I'll drop.

00:44:45.010 --> 00:44:46.140

Jason Stover (Gas Distribution - 5P)

Hi Leo, thanks for.

00:44:46.990 --> 00:44:54.660

Jason Stover (Gas Distribution - 5P)

Thanks for having us. Meeting. Gonna tell you. First off. Hey, great snack selection today. We appreciate that. So.

00:44:55.190 --> 00:44:56.640

Leo Brooks (Gas Distribution - 5P)

It was easy. It was easy today.

00:44:57.320 --> 00:45:07.490

Jason Stover (Gas Distribution - 5P)

I'm not sure what you're going to have a I'm starving now because I I got the notice late, but a thanks for that. No, seriously, I it's it's good to be on and and have everybody.

00:45:09.170 --> 00:45:11.520

Jason Stover (Gas Distribution - 5P)

See all these faces that that I used to see in the.

00:45:12.340 --> 00:45:27.990

Jason Stover (Gas Distribution - 5P)

You see that that I used to call home, so I was hoping to see my Mike falls on today. Maybe we'll urge

him to get on the next one. He's a system planning project. Engineering was hoping he could talk about our M 71 project.

00:45:29.290 --> 00:45:33.720

Jason Stover (Gas Distribution - 5P)

Coming up, it's going to be some pretty substantial impacts to.

00:45:35.900 --> 00:45:38.790

Jason Stover (Gas Distribution - 5P)

Not only a Roy and Buck, Cabarrus County.

00:45:40.400 --> 00:45:50.550

Jason Stover (Gas Distribution - 5P)

So that'll affect this UCC lot. Umm kind of wanna hit on kind of reiterate a little bit on what Ann said on the joint conference side of things and.

00:45:51.350 --> 00:45:51.830

Jason Stover (Gas Distribution - 5P)

Here's.

00:45:52.550 --> 00:46:00.470

Jason Stover (Gas Distribution - 5P)

Oh, but probably a foregone conclusion that we are taking bids. It's it's hate to see your money. Go, Leo. You gotta learn to cash out, man.

00:46:00.550 --> 00:46:18.520

Jason Stover (Gas Distribution - 5P)

Uh, it it's it's tough to beat that and and we have a great opportunity to have a a pretty massive conference there. They've expanded that facility substantially and and to be honest, they're roommates are hard to beat because they like to get people in those rooms and down to those floors, don't they, Leo, so.

00:46:01.620 --> 00:46:02.110

Leo Brooks (Gas Distribution - 5P)

Yeah.

00:46:18.480 --> 00:46:19.410

Leo Brooks (Gas Distribution - 5P)

So they they do.

00:46:20.090 --> 00:46:20.470

Leo Brooks (Gas Distribution - 5P)

They do.

00:46:21.120 --> 00:46:21.480

Jason Stover (Gas Distribution - 5P)

Umm.

00:46:22.280 --> 00:46:30.090

Jason Stover (Gas Distribution - 5P)

Also, uh kind of excited to to join 811 out there this coming Tuesday at the honey hunters. I hope to see all y'all there too so.

00:46:31.310 --> 00:46:32.070

Jason Stover (Gas Distribution - 5P)

That's all I got.

00:46:33.550 --> 00:46:35.550

Leo Brooks (Gas Distribution - 5P)

Is that is that the baseball team over there?

00:46:36.130 --> 00:46:45.780

Jason Stover (Gas Distribution - 5P)

It is Gastonia, honey hunters. It's it's a. It's a beautiful facility. You need to come see it. I think they're gonna be playing the Southern Maryland Blue Crabs.

00:46:36.260 --> 00:46:36.630

Leo Brooks (Gas Distribution - 5P)

OK.

00:46:47.190 --> 00:46:48.870

Leo Brooks (Gas Distribution - 5P)

The Blue Crabs heard about.

00:46:48.200 --> 00:46:49.530

Jason Stover (Gas Distribution - 5P)

The boat ramps. That's right.

00:46:50.460 --> 00:46:51.110

Leo Brooks (Gas Distribution - 5P)

I've heard of.

00:46:53.430 --> 00:46:54.010

Leo Brooks (Gas Distribution - 5P)

Alright.

00:46:53.600 --> 00:47:11.540

Tami Groves

We we were able to meet out there one time before and and Jason's right. It is a just a fan tastic facility and just had a great time out there. So yeah, if you are available, please come. We had a blast the last time we were there.

00:47:12.990 --> 00:47:21.520

Leo Brooks (Gas Distribution - 5P)

We might need to do that up here too. Uh, you know, we've got the cannonballers now, so they've got that brand new stadium as soon as they built it, tried to kick off COVID happened.

00:47:16.560 --> 00:47:17.160

Tami Groves

Mm-hmm.

00:47:22.150 --> 00:47:26.640

Leo Brooks (Gas Distribution - 5P)

Umm. But I've been going to some of those games and so it's it's actually a lot of fun.

00:47:27.730 --> 00:47:41.690

Leo Brooks (Gas Distribution - 5P)

Formerly, they can have centimeters. We had a stadium further down the road, but they had to build it down here and if you guys it hadn't been to cannabis lately, they're really redoing it, trying to make it really nice and so far so good.

00:47:43.550 --> 00:47:44.330

Leo Brooks (Gas Distribution - 5P)

Uh.

00:47:45.630 --> 00:47:46.250

Leo Brooks (Gas Distribution - 5P)

Jimmy Gray.

00:47:48.310 --> 00:47:48.710

Leo Brooks (Gas Distribution - 5P)

Anything.

00:47:53.010 --> 00:47:56.260

Jimmy Gray (Gas Distribution - 5P)

Why did I know that you would make a who before you said my name?

00:47:58.790 --> 00:48:01.380

Leo Brooks (Gas Distribution - 5P)

If you have anything you'd like to share with us, now would be a great time.

00:47:59.330 --> 00:47:59.570

Jimmy Gray (Gas Distribution - 5P)

Uh.

00:48:02.610 --> 00:48:07.890

Jimmy Gray (Gas Distribution - 5P)

Well, I appreciate that and I appreciate everybody being here today. Just a lot of work.

00:48:14.750 --> 00:48:16.550

Tami Groves

It did. We lose Jimmy.

00:48:15.800 --> 00:48:17.480

Leo Brooks (Gas Distribution - 5P)

Bigly. Love. We lost, Jim.

00:48:18.300 --> 00:48:19.630

Leo Brooks (Gas Distribution - 5P)

Jimmy, you muted yourself.

00:48:20.660 --> 00:48:21.080

Leo Brooks (Gas Distribution - 5P)

There you go.

00:48:22.170 --> 00:48:51.980

Jimmy Gray (Gas Distribution - 5P)

Believe it or not, I didn't. I didn't touch it. I don't know what happened, but I did. Anyway, I'm back. Just just wanted to say there's a lot of work going on, especially with Google, and had some real good conversations with Mason and and Speedy underground. Also have done some work with, with Hypers group and just great to be able to have some good communication between them and and and the Google folks with Mike Moran working out, working out our issues and our.

00:48:52.150 --> 00:49:05.080

Jimmy Gray (Gas Distribution - 5P)

Are differences so everybody can be safe and everybody get to work done? So I appreciate everybody's communication status. That is a huge thing and look forward to continuing to work with those guys. That's about all we got.

00:49:07.610 --> 00:49:08.310

Leo Brooks (Gas Distribution - 5P)

Thank you, Jimmy.

00:49:09.630 --> 00:49:12.270

Leo Brooks (Gas Distribution - 5P)

Uh, so next down on the list is Ryan Griffin.

00:49:14.360 --> 00:49:19.190

Ron Griffin (Guest)

Good morning. I really don't have anything for the group, but I appreciate the presentation. So thank you.

00:49:22.980 --> 00:49:26.670

Leo Brooks (Gas Distribution - 5P)

We appreciate you being home, Tammy. You were the next one, but.

00:49:27.990 --> 00:49:30.240

Leo Brooks (Gas Distribution - 5P)

I think you've covered most everything and last.

00:49:31.130 --> 00:49:33.490

Leo Brooks (Gas Distribution - 5P)

But not least, Travis Raymer.

00:49:35.930 --> 00:49:39.620

Leo Brooks (Gas Distribution - 5P)

This man's out in the field trying to do some work. He may not even be listening.

00:49:42.290 --> 00:49:42.800

Leo Brooks (Gas Distribution - 5P)

Grams.

00:49:42.410 --> 00:49:50.360

Travis Raymer (Gas Distribution - 5P)

No, I'm, I'm listening. I don't have anything. Everything's good out here in the field with me. I have noticed that.

00:49:44.350 --> 00:49:44.580

Leo Brooks (Gas Distribution - 5P)

OK.

00:49:51.980 --> 00:49:54.960

Travis Raymer (Gas Distribution - 5P)

Compass seems to be slowing down on the.

00:49:56.270 --> 00:50:03.980

Travis Raymer (Gas Distribution - 5P)

The tickets, the emergency, locate tickets that they've been calling in. So kudos to y'all for taking care of that. Thank y'all.

00:50:08.140 --> 00:50:15.200

Leo Brooks (Gas Distribution - 5P)

Terms Raymer, who knows? One day he could be the baton, could be passed on to him and he could be chairman of Cabarrus running Stanley County.

00:50:15.890 --> 00:50:18.930

Leo Brooks (Gas Distribution - 5P)

Whether he wants it or not, you never know. But he he would be a good one.

00:50:21.260 --> 00:50:22.310

Leo Brooks (Gas Distribution - 5P)

Look at this face.

00:50:23.890 --> 00:50:24.940

Leo Brooks (Gas Distribution - 5P)

What a beautiful face.

00:50:25.150 --> 00:50:25.880

Tami Groves

Ohh.

00:50:26.610 --> 00:50:30.740

Harris, Zac

Hey, Leo. Tammy, I do have a weed. We are getting ready to kick off a.

00:50:31.440 --> 00:50:35.170

Harris, Zac

It's not a big project, but previous has project up close to West Rowan.

00:50:36.990 --> 00:50:40.600

Harris, Zac

We got some abandonment work we're doing, and we gotta do some connector lines.

00:50:41.330 --> 00:50:43.270

Harris, Zac

One of them is gonna be.

00:50:44.110 --> 00:50:48.000

Harris, Zac

Above 801, close to West, Rohan is supposed to start in the next few weeks.

00:50:51.410 --> 00:50:59.110

Leo Brooks (Gas Distribution - 5P)

Alrighty. That that's. That's good. John hills. That USIC. You'll need to be on top of that cause you guys will be getting that influx of tickets for that, I'm sure.

00:51:00.660 --> 00:51:01.190

Tami Groves

Thank Zac.

00:51:01.770 --> 00:51:02.660

Elzy, Jonathan

Job security.

00:51:02.040 --> 00:51:02.390

Leo Brooks (Gas Distribution - 5P)

Have I?

00:51:03.210 --> 00:51:05.940

Leo Brooks (Gas Distribution - 5P)

It is job security. That's what I've always been told.

00:51:06.800 --> 00:51:14.940

Leo Brooks (Gas Distribution - 5P)

Now have I missed anybody? I I think I've got everybody on the list and we might have one or two drop off. I'm not sure. Is there anything else anybody that I may have missed?

00:51:18.000 --> 00:51:19.270

Leo Brooks (Gas Distribution - 5P)

I'll take that as enough.

00:51:20.950 --> 00:51:22.370

Leo Brooks (Gas Distribution - 5P)

I I I do wanna say.

00:51:24.460 --> 00:51:24.980

Leo Brooks (Gas Distribution - 5P)

You know.

00:51:24.750 --> 00:51:26.100

Tami Groves

Like Leo.

00:51:27.420 --> 00:51:30.950

Tami Groves

I'm I'm not sure if Michelle.

00:51:32.310 --> 00:51:33.320

Tami Groves

Flowers.

00:51:35.410 --> 00:51:45.250

Tami Groves

It doesn't look like she. OK. OK. Thanks. I'll. I'll look. I had four other set. I I couldn't tell. Thank you. Sorry it's. It's yours. Sorry about that.

00:51:36.530 --> 00:51:37.530

Ann Rushing

No, she's not on.

00:51:45.490 --> 00:51:55.960

Leo Brooks (Gas Distribution - 5P)

That's fine. I feel like I got everybody. At least from what I can see, but I just want to make sure that I had missed anybody. I don't want anyone to feel left out. Ohh, I I have been considering.

00:51:57.400 --> 00:52:03.400

Leo Brooks (Gas Distribution - 5P)

The the possibility of us trying to put something together for a contractor's awareness lunch.

00:52:04.110 --> 00:52:06.240

Leo Brooks (Gas Distribution - 5P)

Uh, traditionally, we would do that in May.

00:52:07.160 --> 00:52:22.550

Leo Brooks (Gas Distribution - 5P)

I did not even at at the beginning of this year, didn't even look into it or start planning on it whatsoever because I I didn't think that would be able to do it. So I know we had mentioned it and maybe it was last month that we had mentioned it that I believe.

00:52:24.570 --> 00:52:27.280

Leo Brooks (Gas Distribution - 5P)

Maybe August that I can't remember what you said about August.

00:52:27.550 --> 00:52:33.360

Tami Groves

August the 11th Hour, actual meeting day in August is on 811 day.

00:52:33.690 --> 00:52:35.450

Leo Brooks (Gas Distribution - 5P)

OK, that's 811 day so.

00:52:36.260 --> 00:52:40.850

Leo Brooks (Gas Distribution - 5P)

Umm, I'm gonna look in the next week or two and and just kind of put my.

00:52:41.580 --> 00:52:43.110

Leo Brooks (Gas Distribution - 5P)

My toe in the water of.

00:52:44.230 --> 00:52:59.370

Leo Brooks (Gas Distribution - 5P)

I would really like to do it up here in cannabis like we did the last time. I'll have to reach out to them and kind of see what what's what, if they they have some things available and then try to put something together. So I I really would like to get something put together before the years over.

00:53:00.130 --> 00:53:00.920

Leo Brooks (Gas Distribution - 5P)

Uh, it's.

00:53:01.940 --> 00:53:07.190

Leo Brooks (Gas Distribution - 5P)

It's kind of a massive undertaking to plan that sometimes and make sure that everybody can.

00:53:07.920 --> 00:53:19.110

Leo Brooks (Gas Distribution - 5P)

Is aware of it and can attend, so it's it's still in my mind, but you know, like I said, the beginning of the year, I kind of thought that we're probably not gonna get that done this year, so.

00:53:19.850 --> 00:53:31.050

Leo Brooks (Gas Distribution - 5P)

That's if if anybody's got any suggestions or ideas or thoughts on it. If you just wanna hit me up with an email or something, we might can can see what anybody's entertaining to to do that.

00:53:31.280 --> 00:53:31.690

Leo Brooks (Gas Distribution - 5P)

Ohh.

00:53:33.670 --> 00:53:42.100

Leo Brooks (Gas Distribution - 5P)

Like I said that a lot of people realize, hey, it's it's me, it's you, see, see usually doing something and and we didn't this year, so I would.

00:53:42.980 --> 00:53:47.580

Leo Brooks (Gas Distribution - 5P)

I don't think it's out of the realm of possibility of trying to hook something up for August, but.

00:53:48.670 --> 00:53:51.830

Leo Brooks (Gas Distribution - 5P)

Would this have to see y'all try to focus on that in the next week or two?

00:53:53.260 --> 00:53:53.990

Leo Brooks (Gas Distribution - 5P)

You have something, man.

00:53:56.600 --> 00:54:00.740

Leo Brooks (Gas Distribution - 5P)

That's all you pop up, you pop up in and out. So I assume when you pop up, did you want to say something?

00:54:02.100 --> 00:54:02.570

Leo Brooks (Gas Distribution - 5P)

Umm.

00:54:03.510 --> 00:54:14.410

Leo Brooks (Gas Distribution - 5P)

So our next meeting is scheduled for June the 9th at 10:00 AM Thursday, June the 9th. And for those of you who aren't on here regularly, we generally meet the 2nd Thursday of every month.

00:54:16.510 --> 00:54:21.150

Leo Brooks (Gas Distribution - 5P)

Right at this moment I I would just recommend that everybody kind of keep.

00:54:21.830 --> 00:54:23.100

Leo Brooks (Gas Distribution - 5P)

Keep an eye on their email.

00:54:24.560 --> 00:54:27.770

Leo Brooks (Gas Distribution - 5P)

Probably candy. What email you out and tell you what our next meeting is.

00:54:29.210 --> 00:54:43.080

Leo Brooks (Gas Distribution - 5P)

My plan, if we can meet in person, will be at our office next month. We'll just have to wait and see if crackly where we're at with that. We had some unforeseen circumstances come up that we couldn't meet this month and.

00:54:43.800 --> 00:55:06.660

Leo Brooks (Gas Distribution - 5P)

So we're just gonna play it by ear, so that will be our next meeting. If for some reason we can't meet in person, then we will probably for next month if we can't meet in person in Concord, we'll go ahead and do another virtual meeting. That'll give me a little bit of time to to get with Piedmont and see if we can get a schedule up for the remainder of the year to alternate back and forth.

00:55:07.590 --> 00:55:10.490

Leo Brooks (Gas Distribution - 5P)

Would that being said, I can't think of anything else. When you talk about.

00:55:11.470 --> 00:55:13.060

Leo Brooks (Gas Distribution - 5P)

Anybody else has any other thoughts?

00:55:13.730 --> 00:55:14.530

Leo Brooks (Gas Distribution - 5P)

Speak now.

00:55:15.950 --> 00:55:17.160

Leo Brooks (Gas Distribution - 5P)

For hold your peace until next.

00:55:20.690 --> 00:55:31.120

Leo Brooks (Gas Distribution - 5P)

So that would take that silence as a resounding no. No one has anything else to say. So with that being said, we will conclude our meeting at 11:06 AM.
