Discussion:

Parrish with NC811 was unable to attend so Andrew presented the NC811 report, May is National Military Appreciation Month and National Electric Safety Month. Overall locate tickets were up 9% from last year. Harnett County had a 23.2% increase in locates and Johnston County had a 6.3% increase. There were 11 damages reported in Harnett County and 24 in Johnston County in April. Will Prescott with Greenville Utilities Commission was recognized as a Damage Prevention Most Valuable Professional. The Joint NC/SC Utilities Coordinating Committee Conference took place May 3-5, 2023, next year it will be held in Charleston SC; it was a great conference and they shared a lot of valuable information that we can all utilize.

Louis Caniac with NCDOT mentioned that MetroNet is moving into Cumberland County now. He also mentioned that some of the local utilities are not members of NC811 and if that is the case you need to contact them directly when you need lines located. He said that if you are having issues getting utilities located in NCDOT Division 6 area please call their office.

Andrew reminded everyone to white line and to invite contractors to our meetings, he then adjourned the meeting.
