5. **Round-table Discussions:**

John Leger – Town of Rutherford College: Experiencing more water taps and sewer taps requests over the last month. It is noted that the locators for 811 have been do a better job, and have been more prompt in getting the locates done in a timely manner.

Kevin Clark – Brentwood Water Corporation: We too have seen more taps for installation over the past few weeks.

We have two employees, who are currently going to school working on the water certification certificates. This is employee requirement policy.

We will have our required Coop Annual Meeting the first week of August 2023.

Doug Suttles – Suttles Surveying Co.: Extremely busy. Currently working all over the state with 10 Employees. We currently have a backlog of over 200 projects waiting to death with. There is simply not enough companies and employees out there to do the jobs in a timely manner. Nor is there new folks interested in going into this career path.

Our group attendees is still small today, we want to encourage you to try and come to the next NC 811 UCC meeting which will be held Tuesday, August 8, 2023, at 12:00 Noon at the Timberwood Restaurant in Morganton, NC. Hope to see you then!!!!
