About WIC Week

March 3-9, 2024

WIC Week™, or Women in Construction Week™, celebrates and promotes the role of women in the construction industry. NAWIC held the first WIC Week in 1998 and it has grown and expanded each year since. Many of our local chapters hold WIC Week events, which can include making presentations to high school classes, job site tours, luncheons and virtual events.

This year's theme, 'Many Paths, One Mission', celebrates the different journeys women have taken toward the same goal: strengthening and amplifying the success of women in the construction industry.

Construction firms of all sizes and types are encouraged to participate in WIC Week and show their support for their women employees. They can also find events to participate near them on our event calendar.

March 2024

Meeting opened by Chair, Leo Brooks

Level One Safety given by Leo Brooks

Self introductions

Safety moment – Lauren Scufka – Daylight Savings Time – Heart problems tend to be more prevalent during this time. Pay attention to your body. Deer strikes are up as well. Winston Salem – highest traffic deaths 7-9 am and 5-7 pm in the state. Be aware.

NC811 presentation given by Tami Groves

Call in what you need. Updates are down across the three counties.

Heath Consultants – having a little lull in work right now.

Dominion Energy – Still working main line. Running services to new homes. Staying steady. Brody is attending his first meeting. He's not new, but introducing him around. M71 project Enochville to Concord. Possible kickoff in August. 25 miles northeastern feed. Will allow more feeds and secondary feed. When project starts it will be aggressive. Pipeline co steel – large pipe. They are seeing a lot of emergency tickets come in – mostly from plumbing companies.

City of Concord – slowed down a little. Google is coming back to Concord. 15 more communities. Price/Hyper and other subs.

Piedmont Natural Gas – Busy. Two projects this morning they checked out. Seven thousand feet.

Siteworks – first meeting. Been in TN/NY but now in NC as well. Doing work for Crown Castle. Dry vac services. Available if anyone needs assistance. People are really liking dry vac services. Doing pole sets and hand holes.

SEC – Working in Salisbury.

City of Kannapolis – almost finished with Hwy 3. Residential projects are out the roof.

Design/survey tickets – great on paper. Go to the bottom of the stack which in turn causes people to send them in as regular locate requests. Utilize RTE and access search side, see who has utilities in the area and have a pre-con meeting. Keeps from dumping a lot of tickets in the system that may not actually be needed.

April meeting to be held in Salisbury, April 11th
