

JULY 2025

Haywood UCC

HOT WEATHER TIPS

- Alert workers to the heat index anticipated for the day and identify each precaution in place at the work site to reduce the risk of heat-related illness
- Provide plenty of cool drinking water and disposable cups
- Actively encourage workers to drink small amounts of water often
- Establish and enforce work/rest schedules
- Set up a buddy system
- Maintain effective communication with your crew at all times
- Encourage workers to wear sunscreen and use other protections from direct sunlight

CHANGES TO HOUSE BILL 247

SESSION 2025

AN ACT TO UPDATE THE UNDERGROUND UTILITY SAFETY AND DAMAGE PREVENTION ACT.

- Changes to the law will go into effect October 1st, 2025
- The NC811 Education department will be relaying what the changes are and how it will impact our industry.
- Methods of instruction: PowerPoint presentations for both onsite and online meetings throughout the state. Instructional video outlining the changes will be uploaded to our YouTube account, all social media platforms, the nc811.org website and app as well as our Pipes Plus training.
- A printed quick reference chart will be handed out at all training events.

[illegible]

Rory Phipps NC811: Haywood UCC Secretary

Haywood UCC Meeting Notes:

Date: July 7, 2025

Location: Shoney's, Waynesville, NC

Attendees: Representatives from Enbridge Gas, USIC, NC811, and various stakeholders in underground utility coordination.

1. Call to Order and Welcome

The meeting was opened with a warm welcome to attendees, followed by introductions and a brief overview of the importance of continued collaboration within the utility coordination community.

2. Project and Utility Updates

- **Enbridge Gas**

Representatives from Enbridge Gas announced plans to **retire the gas line in Canton** that formerly serviced the old paper mill site. This marks a significant infrastructure change, and stakeholders were encouraged to coordinate as necessary to support the transition and avoid potential conflicts.

- **USIC (~~Utility Services Inc.~~)**

USIC provided an update on staffing and operations. They currently have **four new locators in training**, and **a seasoned locator familiar with the Haywood County area is scheduled to return** to the team in the near future. This is expected to improve response time and location accuracy in the region.

3. Improving Engagement and Attendance

A collaborative discussion focused on **reinvigorating attendance** and engagement at future UCC meetings. All attendees acknowledged the importance of inviting and encouraging participation from key local entities who have historically been involved but have not attended recent meetings. These include:

- Town of Clyde

- Town of Canton
- Town of Waynesville
- Junaluska Sanitary District
- AT&T

It was agreed that **personal outreach and emphasizing the meetings' role in fostering inter-agency communication and safety** could help reestablish consistent participation.

4. Meeting Purpose and Value Discussion

The group shared reflections on the **positive impact UCC meetings have on communication, planning, and preventing utility damage**. By bringing stakeholders together regularly, these meetings serve as a proactive forum for sharing upcoming projects, discussing coordination challenges, and fostering mutual accountability.

The message was clear: **Stronger attendance leads to stronger communication**, which ultimately supports safer digging practices and more efficient utility management across Haywood County.

5. Closing Remarks

The meeting concluded with a reminder of the next scheduled UCC meeting and an open invitation for all utilities and municipalities to re-engage. Attendees were thanked for their time, and the value of continued collaboration was reiterated.
