Update By 06/08/2026 11:59 PM

The **Work Date** is the date you *plan* to begin your excavation or demolition work.

This is the timeline you set based on your project schedule, crew availability, and job requirements.

However, just because you've listed a Work Date... **does not automatically mean you're cleared to start digging.**

The **Legal Work Date** is the earliest date you are legally allowed to begin excavation.

By law, your locate request must be submitted at least **three full working days** before excavation begins.

The three full working days are not optional.

Iredell County UCC

June 4, 2026

Meeting opened at 9:00 by Chair Brian Weatherman

Sam Whittington is retiring! Please join for a drop in retirement gathering on June 23rd at the Enbridge Gas offices at 121 Houston Road, Troutman, NC to celebrate Sam and his many years of dedicated service to the gas industry and to safety.

NC811 presentation given by Tami Groves

Town of Mooresville has many projects right now. Energy United is building a new corporate office off Shears Road. New town homes and business park Cornelius Road. Another business park Mazeppa and Statesville Hwy. Current project on Center Ave is in final phase. Enbridge has a new main to go on Cetner.

Town of Troutman – Very busy. Trying to keep up on the locates.

NCDOT – no new projects to report.

GFiber – they are separate from Google Fiber. Please call Brian if you have any issues – he would be glad to be of assistance. Their crews are allowed to do NO blind boring at all. They will remove them from the job site.

Enbridge – high pressure on S Main. Contractor didn't want to go under and didn't want to spot. Enbridge must be on site for any work near high pressure lines.

Next meeting in August at Town of Troutman
